REGULAR AGENDA

- A. **Z-07-21** Public hearing, review, and action on a petition submitted by Ron Block, Manager of Dewitt Farms, LLC to request approval of a zoning map amendment of R-1A, Single-Family Residential District to R-1B, Single-Family Residential District for a portion of the property located at 200 N Bellemont Rd (PIN: 21-02-151-002) 3.75 acres more or less. (Ward 8)

- B. **PS-03-21** Public hearing, review, and action on a petition submitted by Ron Block, Manager of Dewitt Farms, LLC to request approval of a preliminary plan for the Davis Block Subdivision and waiver from the Subdivision Code of the requirement to construct public sidewalk along the east side of Mercer Avenue

for the property located at 200 N Bellemont Rd (PIN: 21-02-151-002) 4.99 acres. (Ward 8)

Ms. Simpson introduced the item and presented staff's recommendation of approval of the zoning map amendment. She explained that the property owner is seeking a zoning map amendment in order to develop nine single-family lots. Regarding the standards for a zoning map amendment, Ms. Simpson stated that the requested rezoning is consistent with the single-family residential character of the surrounding area and promotes infill development.

Ms. Simpson then introduced the preliminary plan and presented staff's recommendation of approval. She mentioned that the primary difference between R-1A and R-1B is the permitted lot size and density. She went on to review the site's existing infrastructure and the proposed cul-de-sac extension of Bellemont Avenue and sewer extension. The developer requested a waiver from providing new sidewalk on Mercer Avenue; Ms. Simpson stated that staff is supportive of the waiver due to the fact that Mercer Avenue does not have sidewalks and because repairing existing sidewalks is prioritized over installing new ones in the Sidewalks Master Plan.

Mr. Boyd asked for clarification regarding the differences in density between R-1A and R-1B. Ms. Simpson explained that R-1A allows for two units per acre and has a minimum lot size of 22,500 square feet. R-1B allows for six units per acre and a minimum lot size of 7,000 sq ft, and has somewhat smaller setbacks. Mr. Boyd confirmed that sidewalk does not currently exist on Mercer Avenue. Ms. Simpson affirmed this.

Jeremy Schreck, the engineer, was sworn in for testimony. He clarified that storm sewer would be separated out from the sanitary sewer.

Julia Davis, attorney for the petitioner, was sworn in for testimony. She provided an overview of the property's history and stated it would be an asset to those employed in surrounding areas.

Robert Werkman was sworn in for testimony. He stated his concern related to the reduced lot size of the proposed development and its potential impact on property values. He asked what the size and value of the proposed homes would be.

Greg Shepard was sworn in for testimony. He stated that the letter he sent would stand for his testimony.

Ms. Davis stated that the size and workmanship of the proposed homes will meet the standards of the R-1B District. She stated that further specifics would be determined after the case had been decided.

Mr. Schreck stated that the smallest lot would be 0.32 acres and that they are comparable to that of neighboring R-1A properties.

Mr. Werkman asked whether the lot sizes would be made smaller. Ms. Davis clarified that they would not.

Ms. Simpson entered the emailed comments received prior to the hearing into the record.

Mr. Stanczak motioned to find the standards met for the rezoning request, Case Z-07-21. Mr. Boyd seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

Mr. Stanczak motioned to approve of the requested rezoning. Mr. Boyd seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

The Commission then considered Case PS-03-21.

Mr. Boyd motioned to accept the findings of fact as presented by staff and as they relate to the requested waiver. Ms. Montney seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

Mr. Krieger motioned to approve of the requested waiver. Mr. Stanczak seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

Mr. Boyd motioned to accept the findings of fact as presented by staff and as they relate to the preliminary plan. Mr. Krieger seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

Mr. Boyd motioned to recommend approval of the proposed preliminary plan, Case PS-03-21. Mr. Krieger seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

C. PR-02-21 Public hearing, review, and action on a petition submitted by Sheheryar Muftee for a legislative site plan review and special use permit in the B-1 General Commercial District, for an addition to the Islamic Center Prayer Hall, for the property located at 421 Olympia Drive (PINs: 22-07-200-062 and 22-07-200-061). (Ward 8)

Mr. Boyd motioned to table the item to the April 14, 2021 meeting due to time constraints. Mr. Krieger seconded. Roll call vote: Mr. Sant-Amour - Abstain, Mr. Stanczak - Yes, Mr. Boyd - Yes, Mr. Krieger - Yes, Ms. Monteny - Yes, Chairperson Headean - Yes.

PLANNING COMMISSION
April 14, 2021

CASE NUMBER:	SUBJECT PROPERTY:	TYPE:	SUBMITTED BY:
PR-02-21	421 Olympia Drive	Site Plan Review w/ Special Use	Caitlin Kelly, Assistant City Planner
PETITIONER'S REQUEST:	Public hearing, review, and action on a petition submitted by Sheheryar Muftee for a legislative site plan review and special use permit in the B-1 General Commercial District, for an addition to the Islamic Center Prayer Hall, for the property located at 421 Olympia Drive (PINs: 22-07-200-062 and 22-07-200-061). (Ward 8)		

Staff finds that the application meets the Zoning Ordinance's guidelines for site plan review.

STAFF RECOMMENDATION

Staff recommends that the Planning Commission take the following actions:

1. Motion to establish findings of fact for the site plan review criteria.
2. Motion to recommend approval of the site plan for an addition to the Islamic Center Prayer Hall, for the property located at 421 Olympia Drive.
3. Motion to establish findings of fact for the special use criteria.
4. Motion to recommend approval of the requested special use with the condition that a revised site plan incorporating a pedestrian walkway and perimeter and interior landscaping for existing portions of the parking lot is submitted.

South: B-1 w/ S-1 Overlay, A (McLean County)

East: B-1 w/S-1 Overlay,

West: P-3 Airport District

Land Uses

North: Various retail/commercial, kennel and animal grooming, gyms, places of worship

South:, recreational center, vacant

East: Automotive dealership, Various retail/commercial

West: Central Illinois Regional Airport

PROJECT DESCRIPTION

Background: The subject property is located within the 19th addition of the Towanda Barnes Business Park. It measures 3.04 acres in size and is improved with a 10,891 sq ft multi-use structure. Originally zoned M-1, Restricted Manufacturing District, the property was rezoned to B-1, Highway Commercial District, in 2017 in order to facilitate its use as a place of worship. It is now the site of the Islamic Center of McLean County (ICMC). At the time, places of worship were permitted by right within the B-1 District; since the B-1 District’s 2019 reclassification as the General Commercial District, “places of worship” are instead permitted by special use.

Much of the subdivision is zoned B-1, with a few properties classified as M-1. Surrounding uses include a variety of retail and commercial stores, the Bloomington Tennis Center, automotive dealerships and services, gyms, a movie theater, and another place of worship. The land to the south of the subdivision is vacant, with the Central Illinois Regional Airport lying to the west of the subject property. The subject property and majority of the subdivision are also regulated by the S-1 Aircraft Noise Impact Overlay District. This district limits residential uses and requires additional insulation materials for certain uses located within the 65 ldn noise contour.

Project Description: The proposed project consists of a sizeable addition to the existing structure which will occur in two phases. The first phase is a 7,928.56 sq ft addition that includes men's and women's prayer spaces, offices, and meeting rooms, all of which are to be constructed on the south side of the existing structure. Phase two, along the existing structure's northeast side, is a smaller, one-story addition to be used as classrooms, offices, and storage. The existing parking lot, consisting of 41 spaces, will similarly be expanded upon, ultimately providing a total of 135 spaces for as many as 400 congregants.

The additions constitute an expansion of more than 20% of the existing structure's floor area, which triggers the need not only for additional parking and landscaping, but for the existing parking lot and landscaping to be brought into compliance with current standards (per Ch. 44, 12-2C and Ch. 44, 13-2A). For this reason, staff has included the submission of a revised site plan showing necessary updates to the existing site as a condition of approval for the special use.

Compliance with the Comprehensive Plan:

The subject property is classified as a Tier I infill priority by the Land Use Priorities map. Further, the City of Bloomington Comprehensive Plan emphasizes the development of social interaction. Places of worship are a crucial part of creating and maintaining social ties within a community.

FINDINGS OF FACT

Site Plan Review: The Site Plan review process is intended to protect the public interest in safety, economy, and from adverse site development that may be detrimental to neighboring property owners and the surrounding area. The following standards and objectives shall guide the review of City staff, the Planning Commission, and the City Council in making a determination on the proposed Site Plan (44. 17-9):

- A. *The extent to which potential incompatibilities between the proposed development and surrounding existing development and/or zoning is minimized by such design features as placement of buildings, parking areas, access driveways and existing or proposed topography.* There is little incompatibility between the proposed development and surrounding developments given that the Towanda Barnes Business Park contains a wide variety of coexisting uses. Lot 39, also owned by the North American Islamic Trust, is to remain vacant at the present time and provides an informal buffer between the proposed development and the Bloomington Tennis Center to the south. The property immediately north of 421 Olympia Drive is zoned for manufacturing and constitutes a higher intensity of use than that of the subject property. Regardless, the proposed parking lot perimeter landscaping shall effectively screen interior automotive and pedestrian traffic from exterior view. All points of ingress and egress are existing, and the applicant is adding pedestrian access to and across the site, which will improve pedestrian circulation and safety. **The standard is met.**
- B. *The extent to which the proposal minimizes any adverse impact of the development upon adjoining land, including the hours of use and operation and the type and intensity of activities which may be conducted.* Given the nature of activities associated with a place of worship, the anticipated intensity of the proposed development is less than that of activities associated with industrial or more conventionally commercial activities permitted by right within the subdivision. Per their website, the ICMC hosts daily prayer sessions between 4:30 AM and 7:30 PM, meaning that use of the property is staggered throughout the day. The subject property's use and any associated vehicular or pedestrian traffic is to be contained within the site. **The standard is met.**
- C. *The extent to which adequately improved streets connected to the improved arterial street system are available or can be reasonably supplied to serve the uses proposed in the development.* As part of an existing subdivision, the property is connected to Towanda Barnes Road through an internal network of local roads. **The standard is met.**
- D. *The extent to which the proposed development will favorably or adversely affect other persons or property and, if so, whether because of circumstances peculiar to the location the effect is likely to be greater than is ordinarily associated with the development of the type proposed.* The proposed development provides additional off-street parking for congregation members and provides additional landscaping that enhances the site. The physical circumstances of the site likely lessen the effect of the proposed development; as it is located in a large commercial center abutting vacant agricultural land, early morning prayer sessions and the lighting and vehicle trips associated with them would not cause a disruption as they might in denser residential neighborhoods. The staggered hours of operation and on-site containment of

vehicular traffic should mitigate any potential adverse impacts to neighboring properties. **The standard is met.**

Special use: For each special use application, the Planning Commission shall report to the Council its findings of fact and recommendations, including the stipulations of additional conditions and guarantees, when they are deemed necessary for the protection of the public interest or to meet the standards as specified herein. No special use application shall be recommended by the Planning Commission for approval unless all of the following factors are found:

1. *That the establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, comfort, or general welfare.* The property has been in use as a place of worship since 2017. Its use is not incongruous with the largely commercial/retail uses found throughout the subdivision, nor would the intensity of the use exceed that of nearby properties. **The standard is met.**
2. *That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood.* The Towanda Barnes Business Park contains a variety of commercial, recreational, and institutional uses, including a movie theater, a dog kennel and grooming facility, a realty office, and automotive sales and services. No harmful impacts to surrounding properties are anticipated by renewing the subject property's use as a legal special use rather than a lawful existing special use. Further, the proposed structural additions and landscaping will improve the aesthetic quality of the subdivision and, perhaps by extension, its property values. However, since the proposed addition is an increase greater than 20%, the landscaping requirements of Division 13 apply to the entire site. The existing parking lot is deficient in terms of perimeter and interior landscaping. Staff recommends adding a condition to the special use permit to provide the aforementioned items. **With the condition of perimeter and interior landscaping, the standard will be met.**
3. *That the establishment of the special use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the zoning district.* No adverse impacts on neighboring properties are anticipated given the subject property's continuous use as a place of worship over the last four years. The site plan provides additional off-street parking which will reduce on-street congestion. The proposed addition will contribute to the visual appeal of the area and possibly spark investment in nearby underutilized parcels within the subdivision. **The standard is met.**

4. *That adequate utilities, access roads, drainage and/or necessary facilities have been or will be provided.* The property has been in use for four years within an established commercial subdivision. Existing utilities serve the whole of the subdivision, cutting along the southern property line of the subject property. Off-site stormwater detention is established and in use. **The standard is met.**
5. *That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets.* Ingress and egress are existing. No changes are proposed. **The standard is met.**
6. *That the special use shall, in all other respects, conform to the applicable regulations of the district in which it is located, except as such regulations may be modified by the Council pursuant to the recommendations of the Board of Zoning Appeals.* The site plan review being considered concurrently with this special use request ensures that proposed additions to the existing structure as well as alterations to off-street parking, landscaping, and lighting will adhere to the site design standards of the B-1 District. Revisions are needed and staff is recommending that this is added as a condition of the special use permit. **The standard is met.**

STAFF RECOMMENDATION:

Staff recommends that the Planning Commission

1. Motion to establish findings of fact for the site plan review criteria.
2. Motion to recommend approval of the site plan for an addition to the Islamic Center Prayer Hall, for the property located at 421 Olympia Drive.
3. Motion to establish findings of fact for the special use criteria.
4. Motion to recommend approval of the requested special use with the condition that a revised site plan incorporating a pedestrian walkway and perimeter and interior landscaping for existing portions of the parking lot is submitted.

Respectfully submitted,

AN ORDINANCE APPROVING A LEGISLATIVE SITE PLAN REVIEW AND SPECIAL USE PERMIT FOR THE EXPANSION OF A PLACE OF WORSHIP IN THE B-1 GENERAL COMMERCIAL DISTRICT, FOR PROPERTY LOCATED AT 421 OLYMPIA DRIVE.

WHEREAS, there was heretofore filed with the Economic and Community Development Department of the City of Bloomington, McLean County, Illinois, a petition and site plan requesting approval of Legislative Site Plan review and a Special Use Permit for the expansion of a place of worship in the B-1 General Commercial District for certain premises hereinafter described in Exhibit A; and

WHEREAS, the Bloomington Planning Commission, after proper notice was given, conducted a public hearing on said petition; and

WHEREAS, the Bloomington Planning Commission, made findings of fact that such Legislative Site Plan and Special Use as illustrated in the Site and Landscape Plans hereinafter described in Exhibit(s) B, complied with the standards for granting approval of the legislative site plan found in Chapter 44 Division 17-9 of the Bloomington City Code, as amended, and such standards for granting a special use, specifically:

- 1). The establishment, maintenance, or operation of the special use will not be detrimental to or endanger the public health, safety, comfort or general welfare;
- 2). That the special use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted, nor substantially diminish and impair property values within the neighborhood;
- 3). That the establishment of the special use will not impede the normal and orderly development and improvement of the surrounding property for uses permitted in the zoning district;
- 4). That adequate utilities, access roads, drainage and/or necessary facilities have been or will be provided;
- 5). That adequate measures have been or will be taken to provide ingress and egress so designed as to minimize traffic congestion in the public streets;
- 6). That the special use shall, in all other respects, conform to the applicable regulations of the district in which it is located.

WHEREAS, the Bloomington Planning Commission also recommended that the City Council adopt an a condition that the petitioner incorporate a pedestrian walkway and perimeter and interior landscaping for existing portions of the parking lot into the site plan shown in Exhibit B; and,

WHEREAS the City Council of the City of Bloomington has the power to pass this Ordinance and grant this special use permit with the recommended conditions.

NOW THEREFORE, BE IT ORDAINED by the City Council of the City of Bloomington, McLean County, Illinois:

1. The above recitals are hereby incorporated into this Ordinance.
2. That the City Council adopts the findings of fact for the Site Plan Review criteria recommended by the Planning Commission.

March 5, 2021

Dear Property Owner or Occupant:

The Planning Commission of the City of Bloomington, Illinois, will hold a virtual public hearing on Wednesday, March 24, 2021 at 4:00 PM at www.cityblm.org/live on an application submitted by Sheheryar Muftee (421 Olympia Dr Bloomington, IL 61704).

You are receiving this notice because you own or occupy property within a 500-foot radius of the subject property (refer to attached map). All interested persons may present evidence or testimony regarding said petition, or ask questions related to the petitioner's requests at the scheduled public hearing.

The applicant is requesting a public hearing and action on a legislative site plan review and special use permit in the B-1 General Commercial District, for an addition to the Islamic Center Prayer Hall for the property located at 421 Olympia Dr Bloomington, IL 61704 (owned by, The North American Islamic Trust Inc) (PINS: 22-07-200-062 & 22-07-200-061). Legally described as: Lot 38 in the Nineteenth Addition to Towanda Barnes Business Park, Bloomington, according to the Plat thereof recorded June 14, 2007, as Document No. 2007-00015254, situated in Mclean County, Illinois. Said property contains 3.043 acres, more or less.

The agenda and packet for the hearing will be available prior to the hearing on the City of Bloomington website at www.cityblm.org/planning. To provide testimony on this item please register at least 15 minutes in advance of the start of the meeting at <https://www.cityblm.org/register>. Public comments can also be emailed at least 15 minutes prior to the start of the meeting to publiccomment@cityblm.org. Members of the public may attend the meeting at City Hall. Attendance will be limited to 10 people including staff and Board/Commission Members and will require compliance with City Hall COVID-19 protocols and social distancing. Participants and attendees are encouraged to attend remotely.

The rules for participation by physical attendance may be subject to change due to changes in law or to executive orders relation to the COVID-19 pandemic occurring after the publication of this notice. Changes will be posted at www.cityblm.org/register.

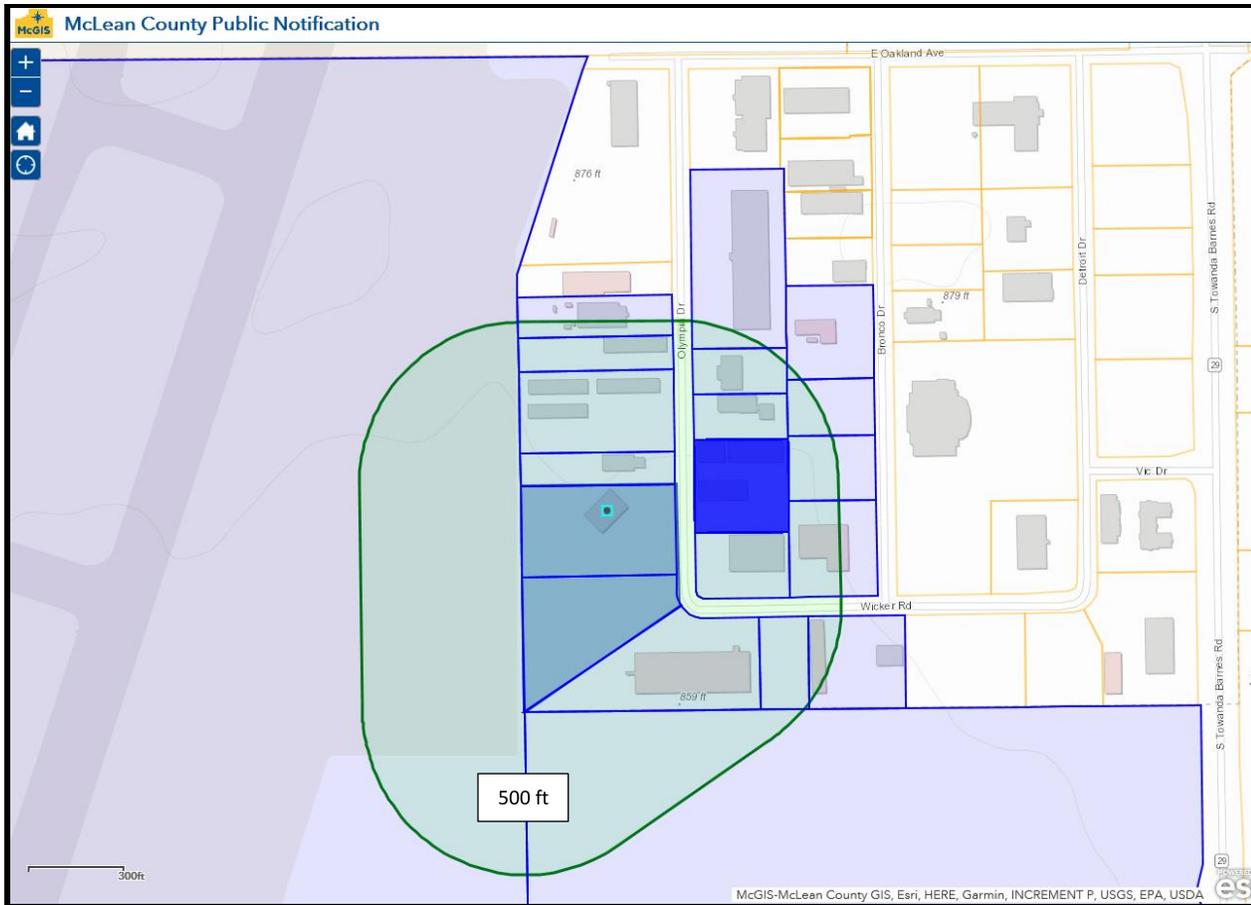

This hearing will be accessible to individuals with disabilities in compliance with the ADA and other applicable laws. For special needs please contact the City Clerk at 109 E. Olive St., Bloomington, (309) 434-2240, cityclerk@cityblm.org or TTY at (309) 829-5115.

If you desire more information regarding the proposed petition or have any questions, you may email planning@cityblm.org or call (309) 434-2226. Please note this meeting could be subject to change based on a lack of quorum or other reasons. Notice of a change will also be posted online at www.cityblm.org.

Sincerely,

Planning Division staff

REPORT FOR THE
PLANNING COMMISSION
April 14, 2021

CASE NUMBER:	SUBJECT PROPERTY:	TYPE:	SUBMITTED BY:
Z-08-21	2813 Breezewood Boulevard (PIN: 21-21-252-001)	Rezone	Katie Simpson, City Planner
PETITIONER'S REQUEST:	Public hearing, review, and action on a petition submitted by Mark Tomac to request approval of a zoning map amendment from P-2, Public Lands and Institutions District to R-1C, Single-Family Residence District, for the property located at 2813 Breezewood Boulevard (PIN: 21-21-252-001), 0.507 acres more or less.		
<i>Staff finds that the petition meets Zoning Ordinance's map amendment guidelines for the R-1C, Single-Family Residence District.</i>			

STAFF RECOMMENDATION:

Staff recommends the Planning Commission take the following actions:

- 1) Motion to establish findings of fact that the proposed map amendment is in the public interest and not solely for the interest of the applicant, using the standards and objectives of the Division 44 17-6E2.
- 2) Motion to recommend Council approve of the rezoning of 0.507 acres, more or less, located at 2813 Breezewood Boulevard, PIN: 21-21-252-001, from P-2 Public Lands and Institutions, to R-1C Single-Family Residence District.

ANALYSIS

This report is based on the following documents, which are on file with the Economic & Community Development Department:

1. Petition for Zoning Map Amendment
2. Aerial photographs
3. Zoning Map
4. Site visit

PROJECT DESCRIPTION

Background: The subject property, 2813 Breezewood Boulevard, is located within the Cedar Ridge subdivision on Bloomington’s southernmost boundary. The subject property is currently zoned P-2 Public Lands and Institution and platted as an outlot due to its irregular shape. The property is an elongated triangular lot that widens to approximately 115 feet at its southern border. The property fronts Breezewood Boulevard and has access to a 12” watermain, 10” sanitary sewer and 24” storm sewer. The subject property abuts single-family homes and is adjacent to the R-1C Single-Family Residence district on the south.

Project Description: The applicant is requesting a zoning map amendment for the property to allow for the construction of a new single-family home. In addition to the map amendment, the applicant is seeking approval by City Council of a final plat. The Planning Commission is tasked with considering the zoning map amendment.

The current zoning designation, P-2 Public Lands and Institutions District, is intended for public uses or uses related to the public interest. The district allows schools, post offices, police stations, churches, and other similar uses by right. The district also allows for single-family attached dwelling units and multifamily units by right. Single-family detached residential uses, consistent with the Cedar Ridge Subdivision development, are not permitted in the district. The proposed R-1C Single-Family Residence District, allows for single-family detached homes and two-family dwelling units with a special use permit.

PURPOSE AND INTENT

P-2 - Public Lands and Institutions District. The intent of this P-2 Public Lands and Institutions District is to allow for the establishment and maintenance of public uses, publicly-regulated uses and private uses that display an inherent relationship to the public interest. The creation of such a district shall be provided for parcels of substantial size where such community serving uses are necessary in order that adequate community services may be rendered and where, through proper site selection and planning, such uses are compatible with the surrounding area.

A list of permitted uses for the P-2 District is online at <https://ecode360.com/34414820>.

R-1C Single-Family Residence District. The R-1C Residence District is intended to provide primarily for the establishment of areas of higher density single-family detached dwelling units while recognizing the potential compatibility of two-family dwelling units as special uses. Densities of approximately eight dwelling units per acre are allowed. This district may be applied to newly developing areas as well as the older residential areas of the City where larger houses have been or can be converted from single-family to two-family residences to extend the economic life of these structures and allow the owners to justify the expenditures for repairs and modernization.

A list of permitted uses for both districts is online at <https://ecode360.com/34414681>.

Link to Comprehensive Plan:

H-1. Ensure the availability of safe, attractive and high-quality housing stock to meet the needs of all current and future residents of Bloomington.

H-1.1 Ensure that the housing to accommodate the new growth is a broad range (of types, sizes, ages, densities, tenancies and costs) equitably distributed throughout the City recognizing changing trends in age-group composition, income, and family living habits.

UEW-1.2b Prioritize new development where City services are available or can be extended efficiently and economically. This can be done through annexation policies and development review process.

Tier 1 Infill Development Priority in Bloomington's Stable Area.

FINDINGS OF FACT

The Zoning Ordinance has “*Zoning Map Amendment Guidelines*” and states, “*In making its legislative determination to zone or rezone property, the Planning Commission and City Council may apply the following guidelines to the proposal under consideration:*”

1. *The suitability of the subject property for uses authorized by the existing zoning.* The P-2 District permits uses which are more feasible on larger pieces of land, such as a school or government facilities. The subject property is irregularly shaped limiting the amount of usable area. Further, when accounting for transitional yards, landscaping, and detention requirements, the amount of buildable area is further reduced, rendering the property unsuitable for the uses permitted in the P-2 District. **The standard is met.**
2. *The length of time the property has remained vacant as zoned considered in the context of land development in the area.* The subject property has been vacant for over 10 years and ever since the initial development of the Cedar Ridge subdivision. It has never been improved. **The standard is met.**
3. *The suitability of the subject property for uses authorized by the proposed zoning.* The irregular lot shape, access to public infrastructure, and proximity to other single-family homes makes the subject property suitable for development under the R-1C Single-Family Residence District classification. The subject property meets the minimum lot widths and area of the R-1C District. **The standard is met.**
4. *The existing land uses and zoning of nearby property.* The subject property is adjacent to other single-family homes zoned R-1C. It is across the street from the Cedar Ridge Elementary School and has access to Bloomington services. **The standard is met.**
5. *Relative gain or hardship to the public as contrasted and compared to the hardship or gain of the individual property owner resulting from the approval or denial of the zoning amendment application.* The lot has remained vacant for many years. The proposed zoning map amendment will facilitate investment in the neighborhood, and will encourage the development of a use compatible and consistent with the surrounding uses. **The standard is met.**
6. *The extent to which adequate streets are connected to the arterial street system and are available or can be reasonably supplied to serve the uses permitted in the proposed zoning classification.* The subject property is served by Breezewood Boulevard. Ingress/egress will be reviewed and approved by the Public Works Department. **The standard is met.**
7. *The extent to which the proposed amendment is consistent with the need to*

minimize flood damage and the development of the subject property for the uses permitted in the proposed zoning classification will not have a substantial detrimental effect on the drainage patterns in the area. The subdivision is served by a basin located south of Breezewood Boulevard and Red Oak Road. Storm water management has been provided to serve the subject property. Further, the proposed zoning map amendment encourages development of a single-family home, a use that will have a much smaller impervious surface area than other uses permitted under the current zoning classification. The proposed map amendment helps minimize flood damage. **The standard is met.**

8. *The extent to which adequate services (including but not limited to fire and police protection, schools, water supply, and sewage disposal facilities) are available or can be reasonable supplied to serve the uses permitted in the proposed zoning classification.* The subject property is currently served by police, fire, city services, and the Unit 5 School District. **The standard is met.**

9. *The extent to which the proposed amendment is consistent with the public interest, giving due consideration for the purpose and intent of this Code as set forth in 17-1 herein.* The proposed zoning map amendment will allow for high-density single-family infill redevelopment (up to eight units per acre). **The standard is met.**

10. *The extent to which property values are diminished by the particular zoning restriction.* The proposed map amendment facilitates construction of a new single-family home and investment in the area. No negative impacts on property values are expected as a result of the map amendment. **The standard is met.**

11. *The extent to which the destruction of property values promotes the health, safety, morals, or general welfare of the public.* The proposed map amendment encourages use of the subject property that is consistent with the adjacent subdivision. **The standard is met.**

12. *Whether a comprehensive plan for land use and development exists, and whether the ordinance is in harmony with it.* The Comprehensive Plan identifies the subject property and the surrounding area as low-density residential uses. The property is adjacent to city services and infrastructure and is a Tier 1 Infill Redevelopment priority. **The standard is met.**

13. *And whether the City needs the proposed use.* Bloomington's Comprehensive Plan identifies the need to expand housing options and improve the existing available housing stock. The proposed map amendment facilitates residential redevelopment. **The standard is met.**

STAFF RECOMMENDATION: Staff finds the application meets the standards for a map

amendment and recommends that the Planning Commission find in favor of the zoning map amendment.

Staff recommends the Planning Commission take the following actions/pass the following motions:

- 1) Motion to establish findings of fact that the proposed map amendment is in the public interest and not solely for the interest of the applicant, using the standards and objectives of the Division 44 17-6E2.
- 2) Motion to recommend Council approve of the rezoning of 0.507 acres, more or less, located at 2813 Breezewood Boulevard, PIN: 21-21-252-001, from P-2, Public Lands and Institutions to R-1C Single-Family Residence District.

Respectfully submitted,
Katie Simpson,
City Planner
