MOTOR FUEL TAX 2030

Purpose

Illinois Motor Fuel Tax (MFT) is levied at fueling stations. Each time someone purchases fuel in Illinois, a portion of the sales tax goes to the State of Illinois for distribution into the Motor Fuel Tax program. Illinois has imposed a motor fuel use tax since October 1, 1977. The tax is disbursed by the Illinois Department of Transportation.

MFT funds tend to be allocated to large projects, such as bridges and intersections, for two main reasons:

1. The money carries over from year to year, so that money can be banked and saved to fund major construction.
2. The State of Illinois has rigorous standards, including documentation requirements that far surpass requirements for locally funded work. From an efficiency standpoint, it makes no sense to use MFT for many small projects, due to the intense amount of documentation.

The MFT Fund also includes funding from the Rebuild Illinois Bond Grant, which is a five-year investment from the state to fund local projects.

Local Motor Fuel Tax (LMFT): The City imposes a LMFT of 8 cents per gallon under home rule authority. The LMFT does not have the administrative requirements and is typically contained within the Street Maintenance narrative. The LMFT is authorized by City Municipal Code, Chapter 39, Article XVIII.

Authorization

Statutory regulations for the Motor Fuel Tax Fund may be reviewed in the Illinois Compiled Statutes 35 ILCS 505/13a.

What are the Illinois Motor Fuel Tax Rates?

From July 1, 2024, through June 30, 2025, the Motor Fuel Use Tax rates for the fuels listed below are as follows:

	Part A		Part B		Motor Fuel Use Tax Rate
Diesel	54.5¢	+	21.2¢	=	75.7¢ per gallon
Gasoline	47.0¢	+	19.6¢	=	66.6¢ per gallon
LPG	54.5¢	+	18.0¢	=	72.5¢ per Diesel Gallon Equivalent
LNG	54.5¢	+	17.1¢	=	71.6¢ per Diesel Gallon Equivalent
CNG	47.0¢	+	12.6	=	59.6¢ per Gasoline Gallon Equivalent

How Can MFT Funds Be Used?

In general, Motor Fuel Tax (MFT) Funds can be used for the following items, assuming that IDOT requirements are met:

- Construction and maintenance of any municipal street designated as a part of the federal aid primary, or the federal aid urban system of streets within the municipality
- The construction and maintenance of municipal streets and alleys as is designated by the corporate authorities and approved by IDOT
- The construction, maintenance or repair of sidewalks in the municipality
- The payment of engineering costs in connection with all work described in this Division of this code. The municipality may contract for such services with a professional engineer.

FY 2026 Budget & Program Highlights

- Improve and widen of Fox Creek Road, from Danbury Drive to Beich Road, and the bridge over the Union Pacific Railroad by combining approximately \$18 million in MFT funds with approximately \$4.7 million in Grade Crossing Protection Funds.
- Partner with the McLean County Regional Planning Commission and the State of Illinois for the funding of the extension of Phase 2 of Hamilton Road, from Bunn Street to Morrissey Drive, using Surface Transportation - Urban funding and MFT. City portion budgeted at \$14.3 million
- Pay for a portion of electricity for street lighting.
- Commit MFT Funds for City portion of continued Route 9 Improvements.

What We Accomplished in FY 2025

- Split the Hamilton: Bunn to Morrissey Drive project into 2 phases – State awarded Phase 1
- Continued to make progress on the project to improve and widen Fox Creek Road, from Danbury Drive to Beich Road.
- Continued to make progress on the project to extend Hamilton Road, from Bunn Street to Morrissey Drive.
- Council committed MFT Funds for City portion of Illinois Route 9 Corridor Improvements.

BOARD OF ELECTION COMMISSIONERS 2070

Purpose

In accordance with Illinois law, a Board of Election Commissioners was created to oversee local elections, to ensure propriety.

Authorization

Article II.--Election Commissioners and their Duties

- Section I. In every city, village and incorporated town so adopting this act there shall be created a board of election commissioners, which shall be composed of three members, each of whom shall be designated as an election commissioner and shall be appointed by the county court in the county in which such city, village or incorporated town shall be located. And such appointment shall be entered of record in such court, and, when qualified, such commissioner shall be an officer of such court. The first appointment of such commissioners shall be within sixty days after the adoption of this act, and those first appointed shall hold their office for the period of one, two and three years respectively, and the judge appointing them shall designate the term for which each one shall hold his office, whether for one, two or three years. If the office of either commissioner shall become vacant, it shall thereupon be the duty of such county court to appoint a successor for such unexpired term; after the expiration of the term for which each commissioner is appointed, such court shall, in the same way, nominate and appoint a successor, who shall hold his office for the period of three years, and until his successor is appointed.
- Information gathered indicates that this portion of the election law was enacted due to rapid growth of cities at the time and use of political influence.
- Per a past intergovernmental agreement, the City maintains the financial system (receivables and payables) for the Board of Election Commissioners.
- Cost per election vary depending on the type of election and can financially and operationally impacted by changes to the Election Code of Illinois by the General Assembly.

Timeframe for Elections

- General Elections are held to elect County, State and Federal officials. These elections typically see a higher voter turnout and a higher cost.
- General Primary elections are held the third Tuesday of March in even numbered years.
- General Elections are held on the first Tuesday after the first Monday in November in even numbered years.
- Consolidated Elections are held to elect School, City, and Township officials. Consolidated elections generally have a lower voter turnout than general election and often it is not necessary to have a Primary Election for the Consolidated Election
- Consolidated Primary elections are held on the last Tuesday in February in odd numbered years.

- Consolidated Elections are held on the first Tuesday in April of odd numbered years, unless that date falls during Passover, in which case the elections are held on the first Tuesday following the last day of Passover.

DRUG ENFORCEMENT 2090

Purpose

The Drug Enforcement Fund is a Special Revenue Fund of the City. This fund accounts for the revenue and expenditures related to the Police Department's drug enforcement seizures. This account is composed of 3 sub-accounts which track activities in each function.

What Accounts Make Up the Drug Enforcement Fund?

- DUI Enforcement - This function accounts for associated court fines obtained by the City through DUI Enforcement. The funds are used to offset direct expenditures related to DUI Enforcement by the Police Department.
- Marijuana Leaf Testing - This function accounts for associated court fines obtained by the City through prosecution of Marijuana possession. These funds must be used directly by the Police Department for law enforcement purposes related to drug possession.
- Federal/State Drug Enforcement Program - This function accounts for funds obtained through the Federal Asset Forfeiture Program, which distributes a percentage of monies/assets legally seized for drug offenses. These funds must be used directly by the Police Department for designated law enforcement purposes.

Budgetary Fund Balance

Drug Enforcement Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$1,651,519	\$1,800,799	\$1,408,349

COMMUNITY DEVELOPMENT BLOCK GRANT 2240

Purpose

The Community Impact & Enhancement Department's Grants Management Division manages funds awarded to the City through the United States Department of Housing and Urban Development (HUD), Illinois Housing Development Authority (IHDA), and the United States Department of the Treasury (Treasury). Programs include the HUD Community Development Block Grant (CDBG), HUD Lead-Based Paint Hazard Reduction Program (LBPHRP), IHDA Home Repair and Accessibility Program, IHDA Strong Communities Program (SCP), and the City's American Rescue Plan Act (ARPA) Housing Rehabilitation Grant Program and Non-Profit Grant Program. Additionally, the Grants Management Division oversees the Overhead Sewer Program. While the Community Impact & Enhancement Department manages millions of dollars in annual funding from the above sources to tackle a variety of community development needs within the City, the bedrock of these activities is the CDBG program. Community development needs addressed through Community Impact & Enhancement Department grant funds are generally arranged into three issue areas that are interconnected—housing, health care, and public infrastructure and facility needs for low-to-moderate income community members. Meeting these needs provides an impactful and diverse community development strategy for the City.

The use of CDBG funds is limited to specifically enumerated eligible activities found within Federal regulations that govern the CDBG program. Goals and general activities to be completed with CDBG funds are determined by a five-year Consolidated Plan. For FY2026, the City will be using the 2025-2029 CDBG Consolidated Plan. This plan is built upon substantial community feedback and engagement in coordination with the Town of Normal and the McLean County Regional Planning Commission. Each year the City submits to HUD an Annual Action Plan based on the goals listed in the Consolidated Plan that outlines specific activities to be completed in the program year. Regulations that govern the CDBG program can be found at 24 CFR Part 570.

Housing needs are addressed through a variety of grant funded programs. The City operates several housing rehabilitation programs to help address health, life, and safety issues within homes. This includes the CDBG housing rehabilitation program. Housing rehabilitation projects meet a critical need within our community by keeping current affordable housing stock available and safe. These services are particularly important right now given the housing challenges within McLean County. While CDBG funding is limited, the CDBG housing rehabilitation program provides a high positive impact on community members that otherwise would be unlikely to have the financial resources needed to complete critical health, life, and safety rehabilitation work on their home. Other housing needs addressed by CDBG grant funding include the demolition of abandoned residential properties. Demolition of these properties helps maintain property values, enhance the aesthetic quality of neighborhoods, and eliminate structures that can be used for criminal activity. When residential housing is demolished, the City provides buildable parcels to Habitat for Humanity of McLean County for the creation of new affordable housing units in the community. Homeless services provided by various non-profit organizations in the community as well as fair housing and community planning activities are also supported through CDBG funds.

The City's CDBG program provides public service funding to organizations for specific health care needs or services addressing the social determinants of health. Housing rehabilitation programs can also eliminate

various environmental hazards—including lead-based paint, which is particularly harmful to children. HUD funded programs, which includes the Lead-Based Paint Hazard Reduction Program, can mitigate, or abate, these hazards in homes. Meeting health care needs in the community through the John M. Scott Health Care Trust is a unique and valued aspect of the City's community development efforts as well. Each year the Trust provides critical funding to non-profit organizations providing life changing and lifesaving services to community members making under 185% of the Federal Poverty Level. These funds are discussed in the John M. Scott account budget narrative.

Public infrastructure and facility improvement needs are an important aspect of the City's community development efforts. CDBG funding has been used for park improvements, sidewalk replacement and improvements, and critical capital needs for non-profit organizations serving Bloomington community members. Sidewalk projects in particular are an important aspect of community development. These improvements allow for community members to have safe and suitable walking infrastructure for various activities. Public facility improvement projects have provided critical capital funding to non-profit organizations conducting a variety of services for low-to-moderate income community members. Capital funding is often the most difficult type of funding to secure for these organizations and the CDBG program helps meet this need.

This work is supported by the Grants Manager, two Grant Specialists, Rehabilitation Specialist/Inspector III, and the Lead-Based Paint Hazard Reduction Program Manager. The Grants Management Division team members associated with grants provide support for all grant programs and diverse needs the grants address for the community. Additionally, these staff members work with other community organizations to build trust and keep open communication with residents of the City.

FY 2026 Funding Level

The US Department of Housing and Urban Development (HUD) generally announces CDBG annual allocation amounts near the end of a fiscal year. Therefore, CDBG entitlement revenues are based on the projected grant allocation and anticipated program income for the upcoming year. Annual grant allocations are calculated using the average of the last four program year annual allocations. The CDBG revenue projection for FY2026 is \$560,967. Program income for the CDBG program is estimated to be \$51,033 for FY2026. This amount is based on the four-year average of program income. The City will again utilize carry-over funds from previous program years to fund activities in FY2026. The proposed budget includes the use of \$55,000 in carry-over funds. In total, the proposed budget for CDBG is \$667,000.

The Lead-Based Paint Hazard Reduction and Healthy Homes grant originally covered a period of 42 months, spanning four fiscal years. The City requested and was granted an extension until July 2025. Staff anticipates an annual budget for FY2026 of \$347,900. This reflects a lower budget amount due to the grant only being active for a portion of FY2026.

Funds are provided on a reimbursement basis for grant activities.

FY 2026 Budget & Program Highlights

Community Development Block Grant projects planned for FY 2026 include:

- Single-family, owner-occupied housing rehabilitation
- Demolition of blighted and abandoned structures
- Public service activities to support several non-profit providers
- Job and life skills training for Bloomington's public housing residents and Housing Choice Voucher Program recipients
- Public infrastructure projects
- Fair housing activities

- Community planning activities

Funding Source

One hundred percent of the programs listed are supported by grant funding from HUD. Funding per source is broken down below. All funding amounts for the CDBG program are estimated.

- CDBG (\$667,000)
 - \$560,967 (HUD's annual entitlement community allocation)
 - \$51,033 (Program income)
 - \$55,000 (Unspent funds from previous annual entitlement allocations)
- Lead Hazard Control Program (\$347,900)

What we Accomplished in FY 2025

- Rehabilitation work on 12 single-family, owner-occupied housing units with CDBG funding to correct health, life, safety, and code compliance issues with homes to help ensure affordable and safe housing units remain available.
- Demolition of 1-2 properties that are too distressed for rehabilitation with CDBG funding. Buildable parcels will be donated to Habitat for Humanity of McLean County for the creation of new affordable housing units.
- Sidewalk improvements on the City's West Side.
- Manage over \$80,000 in CDBG funding for five non-profit organizations providing public services to Bloomington community members.
- Improvements to the Holton Homes in partnership with the Housing Authority of the City of Bloomington.
- Accessibility improvements to supportive housing units owned by Lifelong Access.
- Insulation replacement and improvements for Home Sweet Home Ministries homeless shelter.
- Job training and life skill education for public housing residents and community members with Housing Choice Vouchers.
- Continue to fund and support regional community planning and fair housing programs.
- Continue work lead-based paint hazard reduction work within the 61701 ZIP code.
- Complete the 2025-2029 CDBG Consolidated Plan and submit to HUD for approval.

Budgetary Fund Balance

Community Development	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	-\$54,462	-\$54,462	-\$54,462

Challenges

- Housing rehabilitation programs across Central Illinois continue to struggle with the recruitment and retention of contractors. Additionally, finding contractors for lead-based paint hazard abatement work and mitigation has proven to be a significant challenge for entitlement communities. The City has faced similar challenges but does have several qualified general contractors for housing rehabilitation work. HUD is aware of these issues and is working with entitlement grantees to investigate potential solutions. City staff is supporting HUD in these efforts.
- HUD has added additional requirements and complexity to the Environmental Review process for HUD assisted projects. During FY2025, HUD added radon testing and mitigation requirements to the environmental review process. Unfortunately, the requirements were not supported with additional funding. The Department has addressed the new requirements, but it has placed additional work and costs to HUD funded projects—particularly housing rehabilitation activities. Unfortunately, these new requirements in addition to the already rigorous requirements in the environmental review process previously places additional burdens on the operation of projects with HUD funding and delayed activities.
- The Lead-Based Paint Hazard Reduction Program has faced a variety of difficulties since the grant period began in January 2021. Challenges were related to the COVID-19 Pandemic, staff transitions, subrecipient and program structure changes, and difficulties hiring a program manager. These factors placed the program behind schedule. During FY2024, City staff worked to rebuild the program and ensure the program could operate through the remainder of the grant period. The program is operational but has struggled to gather applicants. Staff has executed a variety of marketing activities in FY2025 including (but not limited to): mailers to residents in the 61701 zip code, paid social media advertisements, rental owner information sessions, email communications, social media postings, flyer distributions, program partner meetings, sharing marketing materials with program partners, door-to-door operations with door hangers promoting the program, Pantagraph advertisements, promotion by community enhancement inspectors, inclusion of program information in housing groups and meetings, program information emails to all registered rental owners in the 61701 zip code, outreach during community events, and information made available during CDBG 2025-2029 Consolidated Plan outreach events.

Community Development Marketing/Advertising Policy

HUD requires that the City of Bloomington follow an adopted Citizen Participation plan to ensure public involvement in the planning process and use of Community Development Block Grant (CDBG) funds. The participation plan includes proper public notice and hearings to ensure engagement of those affected by its programs, as well as identifying the activities triggering this activity. A copy of the Citizen Participation Plan can be found on the City's website at [Citizen Participation Plan | City of Bloomington, Illinois \(bloomingtonil.gov\)](https://www.bloomingtonil.gov/citizen-participation-plan).

Every five years the City is required to adopt a Consolidated Plan for the CDBG program. This plan covers the goals and spending priorities for CDBG activities during the five-year period. The plan also includes detailed information on current market conditions, social service infrastructure, and community needs. Community needs are determined through a rigorous outreach and data analysis process that includes a resident survey, stakeholder focus groups, key informant interviews, HUD and Census data, public outreach events, and information provided during public forums. Outreach and data analysis activities are completed in partnership with the Town of Normal and McLean County Regional Planning Commission. The outreach portion of the 2025-2029 CDBG Consolidated Plan was completed from April through August 2024. Data analysis and plan creation occurred from August 2024 to January 2025. The outreach process for the 2020-2024 CDBG Consolidated Plan earned an award from the Illinois chapter of the American Planning Association. The outreach for the 2025-2029 plan significantly exceeded the response rate from the 2020-2024 outreach process with over 1,400 resident survey responses from Bloomington residents alone (compared to 774 in the previous plan).

ILLINOIS HOUSING DEVELOPMENT AUTHORITY 2250

Purpose

The Community Impact & Enhancement Department's Grants Management Division provides oversight of funds available to the City through the Illinois Housing Development Authority (IHDA). The City currently manages two IHDA revitalization and repair grants that support community development initiatives related to housing. Both programs support the preservation of affordable housing stock and property values throughout the community.

The Home Repair and Accessibility Program (HRAP) assists low-to-moderate income households in owner-occupied single-family housing. This program completes housing rehabilitation activities that address health, life, and safety issues within the home. Projects are funded by a five-year forgivable loan from IHDA up to \$45,000 for both hard and soft costs. Qualifying households must be at or below eighty percent (80%) of the Area Median Income. The City was awarded \$350,000 for HRAP Round One. The City was awarded \$150,000 in supplemental funding in early 2024 for good performance on the grant to date. IHDA's Strong Communities Program (SCP) is the second program that the City has from IHDA. The SCP program provides funding for the acquisition, demolition, or rehabilitation of vacant and abandoned residential properties. Funding for SCP Round 2 was announced in September 2023 and the City was awarded \$103,000 from this program.

Both IHDA grant programs operate on a two-year grant cycle. These programs are supported by a Grant Specialist and the Rehabilitation Specialist. Additional information about these programs can be found at IHDA's website (<https://www.ihda.org/my-community/revitalization-programs/#toggle-id-2>).

FY 2026 Funding Level

IHDA grants are funded on a two-year cycle. For HRAP Round One, the City received \$350,000 in funding. The City was awarded \$150,000 in supplemental funding in early 2024 for good performance on the grant to date. With HRAP Round One ending in March 2025, the City plans to apply for the second round of HRAP funding. The requested amount of funding from HRAP Round Two will be higher than the request submitted for Round One. For SCP, the City received \$103,000 in funding for Round Two. This round of SCP funding will continue into part of FY2026. Funds for both programs are based on reimbursement for completed projects. Therefore, funding in a fiscal year is typically dependent on the number of projects completed during a year. HRAP funding in FY2026 is an estimate based on the level of funding the City hopes to be awarded. The estimated funding for the HRAP program in FY2026 is \$350,000. Estimated funding for SCP is \$65,000.00 in FY2026. Budget amendments will be completed if additional funding is required during the fiscal year.

FY 2026 Budget & Program Highlights

HRAP funding will likely cover three to four housing rehabilitation projects during the fiscal year based on estimated funding levels. These projects will help address health, life, and safety issues within single-family owner-occupied homes, which helps preserve affordable housing stock in our community and raise property values within a neighborhood. SCP funding will likely cover one to two projects during FY2026. Specific activities for SCP funding will depend on eligible properties. If demolition activities occur on a

buildable parcel, the parcel will be donated to Habitat for Humanity of McLean County for the creation of new affordable housing in the community. The demolition or rehabilitation of eligible SCP properties will also have a positive impact on property values within the affected neighborhood.

Funding Source

All funding comes from IHDA grant awards. Funding to cover administrative and project delivery functions of the program are also acceptable costs with the grant.

What we Accomplished in FY 2025

- Approximately four to five HRAP housing rehabilitation projects will be completed in the fiscal year.
- Approximately one to two SCP demolitions will occur in the fiscal year.

Budgetary Fund Balance

IHDA Grant Funds	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$867	\$867	\$867

Challenges

- Housing rehabilitation programs across Central Illinois continue to struggle with the recruitment and retention of contractors. Finding and retaining lead-based paint abatement contractors is a particularly difficult challenge. The City has faced similar challenges but does have several qualified general contractors for housing rehabilitation work.
- Funding from IHDA for their community revitalization programs is not sufficient to meet community needs.

Community Development Marketing/Advertising Policy

IHDA requires the City to submit a Participant Selection Plan (PSP) for approval with each program grant application. Each PSP is tailored to the specific grant requirements and outlines how the program will be marketed to target populations. Marketing efforts for IHDA housing rehabilitation funds is conducted with marketing activities for all housing rehabilitation activities to help interested community members evaluate programs.

Purpose

The mission of the Bloomington Public Library is to provide our diverse community with a helpful and welcoming place that offers equitable access to the world of ideas and information and supports lifelong learning. The Bloomington Public Library serves the residents of Bloomington and, by contract, the Golden Prairie Public Library District. It is governed by a nine-member Board of Trustees appointed by the Mayor. The Library Board appoints the Library Director, sets the policies for the Library, and approves the budget and all expenditures for the Library.

Authorization

The Illinois Local Library Act (75 ILCS 5/4) summarizes the powers and responsibilities of Library boards of trustees.

Vision Statement

To enrich and inspire our diverse and evolving community.

FY 2026 Budget & Program Highlights

- The Library revenue amount from the City property tax levy requested is \$6,827,275, including \$1,085,000 for the bond repayment. This levy is a 3.76% increase from last year's requested amount and a decrease from last year's tax rate.
- The Library continues to offer a variety of services, which include traditional physical item checkout, digital item checkouts, access to technology, and free programs. These services continue to not only be popular but to impact lives!
- 86% of the Library's funding is from the property tax levy. The remaining 14% is from the Golden Prairie Public Library District contract, replacement taxes, donations, state grants, fees, and other revenue sources including a successful Book Shop.
- Year after year, the Library staff and the Library Board have continued to run an efficient budget by looking for ways to reduce expenses and to do more with less. In FY25, this included saving approximately \$200,000 by having staff move the library collection during the expansion/renovation rather than hiring specialized library movers.

Funding Source

Proposed for FY 2026, Property Taxes 86.26%, Golden Prairie Library District 6.32%, Replacement Tax 4.11%, and Grants, Fees, Fines and Other 3.31%.

What we Accomplished in FY 2025

On August 1, 2024, following 26 months of construction – a time in which much planning and care was taken to continuously offer full library services in half the accustomed space – a ribbon-cutting ceremony was held to help officially introduce the public to its newly expanded and renovated state-of-the-art library. This awe-inspiring facility offers some great new spaces, including an Innovation Lab, two Recording

Studios, nine Study Rooms (including a 12-person Conference Room), three Community Rooms, a Discovery Zone play area for kids, a permanent Drive-Up Window, and more. The construction project added more than 21,000 square feet to the library's current footprint and saw the renovation of more than 57,000 square feet of existing space. The new technologies and new spaces available to the library's 33,652 cardholders and more than 70 community partners is already presenting new a world of possibilities.

At 50% of the way through the year:

- 644,909 items have been checked out.
- 14,158 individuals have logged onto a public access computer and 17,321 have used the Library Wi-Fi.
- 35,665 people have participated in library programs and activities.
- 5,330 people participated in the library's summer reading program.
- 215 people have been trained on how to use equipment in the library's new innovation lab
- 110,788 people have visited the Library and the Bookmobile.
- 35,732 residents of Bloomington, or about 45.4%, have Library cards.
- The Library has continued to work with Unit 5 and District 87 to provide Library cards to every Bloomington student in the districts Bloomington student in the districts.
- The Library partnered with District 87 to serve as a Free Summer Lunch site, serving 2,222 lunches.
- The Library added 592 solar panels to the roof via the Illinois Solar for All program.

These accomplishments demonstrate that staff are delivering friendly, helpful service to our customers and offering the materials they want in an inviting environment.

Challenges

The Library's long-standing challenges have been solved with the completion of the expansion and renovation project! The new, but exciting challenge is to "grow" into the new spaces – developing programs and services that maximize the investment that the community has made in the library building.

Library Funds

In 2010, the Board of Trustees passed a resolution establishing two special revenue funds (Capital Reserve Fund and Fixed Asset Fund) and a policy regarding the Maintenance & Operating Fund. Following is a synopsis of the three funds:

- The Maintenance and Operating Fund is used to hold the monies needed for operation of the Library and a target of 25% of the annual operating budget is set aside as working cash and to cover unanticipated emergencies.
- The Fixed Asset Fund is restricted for fixed asset items such as replacement of computers, the Bookmobile, shelving, and furniture.
- The Capital Reserve Fund is the library's "savings account" for the future to pay for major repairs to the existing library building.

PARK DEDICATION 2410

Purpose

The Park Dedication Fund is used to account for developer payments made to the City (per City Code) to provide park facilities when a subdivision is developed. The funds ensure as areas are developed, we have green space within those areas for community use. Within the Park Dedication Fund, the City is divided into 8 Neighborhood Planning Areas. This ensures the funds are expensed in the area of development. The cash contribution in lieu of park and recreation land dedication are held in trust by the City or another public body designated by the City, solely for the acquisition and development of park and recreation land. Funds are available to serve the immediate or future needs of the residents of a subdivision or for the improvement of other existing local park and recreational land which already serves such areas.

History of the Fund?

- GASB 54 – In FY 2012, the City implemented Governmental Accounting Standards Board Statement 54. This Statement reinforced the City's assumption that this fund should be classified as a special revenue fund.

FY 2026 Budget & Program Highlights

- Nothing anticipated at this time.

What we accomplished in FY 2025

- The Miller Park Master Plan RFQ was released in September 2024. Proposals were due in October 2024. Review is underway and we anticipate interviews will take place in November 2024. The timeline for the completion of the master plan design is July of 2025.
- We were able to install a generator in the Katthoefer animal building and rainforest to ensure the building has emergency power in the event of a power loss. Having this emergency powers is critical for the life safety of the animal species housed in this building.

Funding Source

Developer payments, grant funds, land payments, and donations.

Budgetary Fund Balance

Park Dedication Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$885,317	\$617,312	\$626,845

Challenges

While the Park Dedication land and money is important it does not cover the costs of developing the park and the services that are needed for a park such as streets, sewers, etc.

Fun Facts

There are additional dollars available in some ancillary accounts that are not tied into the NPA areas. It is money that has been designated to Recreation, Parks, Miller Park Zoo, and the Bloomington Ice Center.

EMPIRE STREET CORRIDOR TIF 2510

Purpose

The Empire Street Corridor TIF Fund is used to track the expenses and revenues related to the Empire Street Corridor Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

Authorization

The Ordinances which created the Empire Street Corridor Tax Increment Financing (TIF) District were adopted on February 22, 2016 (2016-8, 9, 10). This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present-day value. All the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed (the base year).

FY 2026 Budget & Program Highlights

This fund will receive incremental property tax revenue in FY 2026.

Funding Source

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also support Redevelopment Agreements entered between the City and private developers to support a public-private partnership.

What we Accomplished in FY 2025

- Continued marketing of developable properties and vacant buildings available for new tenants.
- For more information about this TIF District, please visit <https://www.bloomingtonil.gov/business/economic-development/programs-and-incentives/tax-increment-financing-tif>

DOWNTOWN SOUTHWEST REDEVELOPMENT TIF 2520

Purpose

The Downtown-Southwest TIF Fund is used to track the expenses and revenues related to the Downtown-Southwest Redevelopment Project Area.

The intent of the TIF district is to induce development interest within this area and make improvements to public infrastructure.

Authorization

The Ordinances which created the Downtown-Southwest Redevelopment Tax Increment Financing (TIF) District were adopted on October 24, 2016 (2016-114, 115, 116). This TIF District fund receives the incremental property tax revenue generated by the properties located within the TIF District's boundaries. The incremental property tax is the difference in property taxes between the value of the properties at the time of the formation of the TIF and the present-day value. All the incremental property taxes generated by the TIF (including incremental property tax that would have been paid to the City) are transferred into the TIF fund which is controlled by the City Council and can only be reinvested within the boundaries of the TIF District. The City and the other taxing districts continue to receive the portion of taxes calculated on the value of the property in the year the TIF was formed or (the base year).

FY 2026 Budget & Program Highlights

This fund will receive incremental property tax revenue in FY 2026.

Funding Source

Incremental property tax revenue generated by the properties within the boundaries of the TIF District finance this fund. Additionally, municipal sales tax revenues from specific properties / retailers operating within the TIF District may also support Redevelopment Agreements entered between the City and private developers to support a public-private partnership.

What we accomplished in FY 2025

- The Downtown Southwest TIF District was successfully dissolved by the Bloomington City Council on July 22, 2024, Ordinance 2024-054. The properties located in this TIF District were absorbed into the new Downtown TIF District.
- For more information about this TIF District, please visit <https://www.bloomingtonil.gov/business/economic-development/programs-and-incentives/tax-increment-financing-tif>

DEBT SERVICE FUNDS

DEBT SERVICE FUNDS

Debt Service Narrative

Bond Payment Schedule by Issue

Bond Payment Schedule by Fund

30100100 General Bond & Interest

30600600 Arena Bond Redemption

30620620 Multi-Project Bond Fund Redemption

DEBT SERVICE FUNDS

3010, 3060

Purpose

The funds noted above account for debt service payments of bond principal and interest. Via bond ordinances the City is required to levy ad valorem tax to pay for the annual debt service of bonds unless otherwise abated by the Council. If the Council abates annual bond payments or a portion thereof; then other funds must be set aside to guarantee these payments. This feature makes City bonds attractive to investors since interest payments are guaranteed each year.

Authorization & Legal Debt Limit

The Debt Service Fund is established by Ordinances to authorize the issuance of General Obligation Taxable and Tax-Exempt Bonds.

As a "Home Rule" unit of government established by the 1970 Illinois Constitution, the City of Bloomington has no statutory debt limit. The City has established and adopted its own policies regarding the utilization of debt instruments. Debt is used for a variety of purposes and in a variety of ways. The principal use of debt by the City has been for making capital improvements.

Debt Management

1. Limit the period during which debt is outstanding to a period not greater than the useful life of the asset financed by the debt.
2. In general, for debt issued after 2009, the City will strive to maintain a debt structure under which 50% of the outstanding principal will be repaid within ten years.
3. Sell bonds through competitive, rather than negotiated, sales whenever possible.
4. To aid in debt issuances, the City will select a financial advisor and/or investment banker and bond counsel on a competitive basis. These advisors will be retained for several years to provide continuity and allow these professionals to develop an understanding of the City's needs. The City will abide by the Municipal Security Rulemaking Board (MSRB) standards in selecting a financial advisor.
5. The City will follow a policy of full disclosure on every financial report and bond prospectus (Official Statement), voluntarily following disclosure guidelines provided by the Governmental Finance Officers Association unless the cost of compliance with the higher standard is unreasonable.
6. Consider the refunding of outstanding debt when a goal of at least a 4% net present value savings can be obtained.

The existing debt levels do not have a material effect on the current operations of the City of Bloomington.

Bond Ratings

Moody's – Aa1

Standard & Poor's – AA- Stable

Fitch – AA+ Stable

FY 2026 Budget & Program Highlights

- Total bond debt service for FY 2026 is \$5,936,384. This is comprised of principal payments of \$4,344,000 and interest of \$1,602,384.
- The City will continue to monitor the rates for all bond issuances to ascertain whether the City should take advantage of other refunding opportunities.

Funding Source

Property Tax, Replacement Tax, and General Fund Transfers

What we Accomplished in FY 2025

- The City continues to adhere to the City's debt policy adopted by City Council in March 2012.
- The City promptly paid the principal and interest payments in accordance with the bond covenants for each of the City's outstanding debt issuances.
- The City maintained disclosure requirement in accordance with each bond covenant through the Digital Assurance Corporation.

General Obligation Debt Issuances

Taxable General Obligation Refunding Bonds, Series 2014A– Fixed Rate

The City issued \$14,920,000 Taxable General Obligation Refunding Bonds, Series 2014A in 2014 to refund the outstanding Taxable General Obligation Bonds, Series 2004. The City pays debt service expenditures from dedicated revenues in the Arena Fund and through the property tax levy. Principal payments ranging from \$415,000 to \$965,000 are due each June 1st from 2015 to 2034. Interest ranges from 3.00% to 4.15% and is due semi-annually on June 1st and December 1st. The Fiscal Year 2026 principal and interest payment is \$983,123.75.

Tax Exempt General Obligation Refunding Bonds, Series 2014B– Fixed Rate

The City issued \$9,700,000 Tax Exempt General Obligation Refunding Bonds, Series 2014B in 2014 to refund the Taxable General Obligation Bonds, Series 2004. CAPITAL PROJECT FUNDS

CAPITAL PROJECT FUNDS

40100100 Capital Improvement Fund

40120200 Capital Improvement (Asphalt & Concrete) Fund

CAPITAL IMPROVEMENT 4010

Purpose

As required by accounting standards, capital expenditures for governmental activities that are not considered business activities must be accounted for in a separate fund. Governments often find it useful to report major capital acquisition and construction separately from their ongoing operational activities. Separate reporting enhances an understanding of the government's capital activities, and it helps avoid the distortions in financial resources trend information that can arise when capital and operating activities are mixed.

Authorization

Generally Accepted Accounting Principles (GAAP) provide for the use of capital project funds "to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed through proprietary (enterprise) and trust funds)."

FY 2026 Budget & Program Highlights

The FY 2026 Capital Improvement Budget will fund the following capital projects (see below). Home Rule Sales Tax and Local Motor Fuel Tax revenue will fund street resurfacing and sidewalk projects located in the Capital Improvement (Asphalt & Concrete) Fund. The Bloomington City Council created this fund on April 22, 2019.

Capital Improvement Fund/General Fund	
Administration Capital Improvement Projects	
Purchase of a Downtown Parking Complex	\$ 3,950,000
Fire Capital Improvement Projects	
Fire Station 4 Kitchen Remodel	\$ 100,000
Fire Station 3 HVAC Replacement	\$ 280,000
Fire Station 1 HVAC Replacement	\$ 825,000
Fire Station 1 Sprinkler Addition	\$ 50,000
Facilities Capital Improvement Projects	
Unforeseen Major Facility Repairs	\$ 100,000
Police Department Elevator Improvements	\$ 300,000
Police Department HVAC System	\$ 500,000
Parks Capital Improvement Projects	
Miller Park Zoo Katthoefer - Building Upgrade	\$ 500,000
Sunnyside Park Sustainability Initiative OSLAD Grant	\$ 3,270,400
Unforeseen Major Repairs Throughout Parks & Recreation Department	\$ 50,000
Westwood Playground - Install playground and develop park	\$ 50,000
Route 66 Trail - Funk's Grove to McLean - Construction	\$ 130,000
Route 66 Trail-Towanda to Lexington-(Phase 1)	\$ 13,700
Trail-Resurfacing Morris Avenue to Bellas Landscaping 4,303'	\$ 193,635
Zoo - Kitchen Roof Replacement	\$ 200,000
O'Neil Aquatics Center - Concessions Shade Sail	\$ 25,000

Engineering Capital Improvement Projects	
Hershey & Hamilton Road Trail and Ireland Grove Road Sidewalk Improvements	\$ 500,000
Constitution Trail Extension: Lafayette St to Hamilton Rd - Land	\$ 4,000
Inspection (Phase III Services)	\$ 90,000
Constitution Trail Extension: Lafayette St to Hamilton Rd - Construction (ITEP Grant City Share)	\$ 220,000
Airport Rd & Cornelius Dr Traffic Signal Improvements - Design	\$ 64,000
Airport Rd & Cornelius Dr Traffic Signal Improvements - Construction	\$ 547,000
Sub-Total:	\$ 11,962,735
Unfunded:	
Total Capital Improvement Fund Projects Funded:	\$ 11,962,735

Funding Source

Transfer from the General Fund, Grants, Private Foundations and Bond proceeds.

What we Accomplished in FY 2025

- BCPA Roof Replacement
- BCPA Upgrade Old HVAC Unit
- Police Department Security Upgrades
- Overall Fire Station Study
- Fire Station 1 Roof Replacement
- Unforeseen Major Facility Repairs
- Evaluate & Design Police Department HVAC Improvements
- Architectural and Engineering Services for the Proposed Downtown Transfer Station and Parking Garage
- Parking Garage Security Cameras
- Butler Parking Lot Improvements
- Unforeseen Major Repairs Throughout Parks & Recreation Department
- North Pointe Playground
- White Oak North Playground - North
- McGraw Park Sister Cities Wall Cap Replacement
- Lincoln Leisure Center - Roof Replacement
- Design Plans for Locker Room Modifications at Bloomington Ice Center
- Construction Locker Room Modifications at Bloomington Ice Center
- Route 66 Trail Funk's Grove to McLean 4.8 miles, Section 6-Design

- Trail – Resurfacing Locust St. to Chestnut St.
- Trail – Resurfacing Bunn Street to State Farm Park
- Trail-Stone Roller Cir to Benjamin School Trail
- Miller Park Zoo Master Plan
- Zoo - Addition of Wolf Habitat/Perimeter Gates- Installation of two sets of double gates
- Miller Park Zoo Katthoefer HVAC Replacement
- Miller Park Zoo Katthoefer - Building Upgrade
- Dog Park - Ewing 3
- BHS Tennis Courts
- Purchase of Owens Nursery for the Relocation of the City's Public Works Campus
- The Grove on Kickapoo Creek Subdivision Pavement Oversizing
- Meadowbrook Subdivision Improvement Project
- Route 66 Trail & Pepper Ridge Sidewalk Improvements – Construction
- Wylie Dr & Maple Hill Rd Intersection Improvement - Construction

Budgetary Fund Balance

Capital Improvement Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$3,050,881	\$3,237,462	\$260,735

Fun Facts

Capital expenditures are building improvements, land improvements and infrastructure.

The purchase of vehicles and equipment is accounted for in either the Capital Lease Fund or within the departmental budgets depending on the funding source.

CAPITAL IMPROVEMENT (ASPHALT & CONCRETE) 4012

Purpose

In order to increase transparency and specifically track those related revenues and expenses, Staff recommended a separate Capital Improvement Fund, the Capital Improvement Asphalt and Concrete Fund, be established. These funds are solely for sidewalks and street maintenance projects within the City, which may include overlay projects, concrete or asphalt resurfacing and other related street maintenance projects specifically approved by the City Council, as well as sidewalk repair and maintenance.

Local Motor Fuel Tax (LMFT): The City imposes a LMFT of 8 cents per gallon under home rule authority. The LMFT does not have the same administrative requirements as MFT and is typically contained within the Street Maintenance narrative. The LMFT is authorized by City Municipal Code, Chapter 39, Article XVIII.

Authorization

The City raises revenue from two sources, which are dedicated to the maintenance of the City's streets and sidewalks: the City's tax on local motor fuel, pursuant to Ordinance No. 2014-34 and No. 2019-20; and a portion of the City's Home Rule Sales Tax, pursuant to Ordinance No. 2015-62.

FY 2026 Budget & Program Highlights

The FY 2026 Capital Improvement Budget will fund the following capital projects. Home Rule Sales Tax and Local Motor Fuel Tax revenue will fund street resurfacing and sidewalk projects. This work should begin in summer 2025.

Public Works Capital Improvement (Asphalt & Concrete) Fund Projects	
Multi-Year Street & Alley Resurface Program	\$2,750,000
High Pressure Slurry Seal	\$1,500,000
Reclamite	\$250,000
Multi-Year Sidewalk, Curb & Gutter Replacement	\$2,800,000
Multi-Year Street, Alley & Sidewalk Repairs	\$700,000
Totals:	\$10,000,000

What we accomplished in FY 2025

- \$10.6 million in street resurfacing, pavement preservation work, and sidewalk projects to bring them into compliance with the Americans with Disabilities Act and upgrade deficient curb and gutter.
- Repaired various streets, sidewalks, and associated infrastructure, including implementation of the first concrete residential street focused repair program.
- Continued utilizing High Pressure Slurry and Reclamite pavement preservation techniques to extend pavement life.
- Continued providing regular updates on the Bloomington Streets website, which includes roadwork information, photos, and videos.

Funding Source

Local Motor Fuel Tax and 10% of the City's Home Rule Sales Tax

CAPITAL EQUIPMENT

CAPITAL EQUIPMENT FY 2025

Capital Lease Fund

40110151 FY 2025 Capital Lease

Capital equipment includes capital assets items: furniture, machinery, equipment, and vehicles that have a useful life of one year or more and cost a minimum of \$5,000. These items are budgeted within the individual departments or the Capital Lease Fund, if applicable, and depreciation is calculated annually.

CAPITAL LEASE 4011

Purpose

In FY 2011, the City initiated a Capital Lease program to replace needed equipment. The City utilizes capital leases for some of its equipment, rolling stock needs and some capital projects and infrastructure. The City has not had to utilize a capital lease since FY 2020. Paying cash for equipment/projects has enabled the City to save residents money since no borrowing and thus no principal and interest payments has been necessary.

What is a Capital Lease?

A capital lease is a fixed-term (and usually non-cancelable) lease, similar to a loan agreement, used to purchase a capital asset in installments. The lessor's services are limited to financing the asset, and the lessee "City" pays all costs, which include insurance, maintenance, and taxes. Capital leases are regarded as equivalent to a sale by the lessor, and a purchase by the lessee (even though the lessor holds the title in the lessee's name until the end of the lease period). Therefore, leased assets must be capitalized and shown in the lessee's balance sheet as a fixed asset with a corresponding non-current liability (lease payable).

To be considered a capital lease, a lease must meet one or more of these four criteria:

- (1) The title of the asset passes automatically from the lessor to the lessee at the end of the lease term. (This criterion is met by the City.)
- (2) The lease contains a bargain purchase option under which the lessee may acquire the leased asset at less than its fair market value at the end of the lease term,
- (3) The lease term is for a period longer than 75 percent of the estimated economic life of the asset, or
- (4) The present value of the lease payments is greater than 90 percent of the fair market value of the asset at the beginning of the lease term.

A capital lease is a "full payment lease" because the lease payments pay back (amortize) the full cost (including finance costs, overhead and profit margin) of the leased asset to the lessor, with little or no dependence on the residual (or salvage) value of the asset.

The City Has the Following Capital Lease Programs

Capital Lease Purchases FY 2015

Total	5 Years	10 Years
\$3,581,000	\$2,767,142	\$813,858
Payment period	May 2015–November 2019 <i>Note: This 5-year Capital Lease was paid off November 2019</i>	May 2015–November 2024

- Capital Lease Purchased in FY 2015 and Financed in FY 2016
- Equipment included: Information Services Equipment, Information Services Network Switches, 2-Park Vehicles, 1-Dirt Grinder, BCPA Building Repairs, 7-Police Vehicles, STARCOM Console and Radios, 1-Ambulance, 1-Medic Vehicle, 1-Fire Pump Truck, Partial payment for 1-Rescue Pumper, 1-Fire Training Vehicle, 1-Facility Management Vehicle, 1-Parking Vehicle, 1-Skidsteer, 1-Asphalt Mill, 1-Engineering Vehicle, 1-Vehicle Diagnostic Tool, 5-Water Vehicles, 1-Automated Recycling Truck, U.S. Cellular Coliseum Safety and Building Repairs and Upgrades

Payment period	December 2020–November 2025	December 2020–November 2030

- Capital Lease Purchased in FY 2020 and Financed in FY 2021

Equipment included: IS Fixed Asset replacements, IS Network storage & Server Equipment, IS DocuSign software, IS GIS Enterprise Server Upgrade, Parks 2020 Ford Escape Hybrid, Parks 2020 Ford F150 Truck, Parks Toro Workman UTV & spreader, 2-Parks Trailer, Parks Toro Groundmaster 4000-D, 2-Street Maintenance 2020 International HV507, Street Maintenance Falcon Hot Box, Snow-Ice 2020 International HV507, Police Replace Portable & in Car Radios with Single Band 8000 Series, Fire 2020 Ford F250 with Snow Plow, Fire 2020 Ford F-550 Horton Ambulance, Fire Stryker Power-PRO XT Cot, Fire Cardiac Monitor/Defibrillators, Fire Station #1, 3 & 4 Generators, 1-Storm Water 2021 International HV607 with Vactor 2100i Sewer Cleaner, 3-Solid Waste Refuse Trucks 2020 Crane Carrier LDTT2-30 with Helping Hand, Solid Waste Hook Lift Truck, 2-Solid Waste JRB Buckets

Capital Lease Purchases FY 2021

- Capital Equipment Purchased in FY 2021 was paid with cash. Therefore, there was no new Capital Lease Financed in FY 2022.

Capital Lease Purchases FY 2022

- Capital Equipment Purchased in FY 2022 was paid with cash. Therefore, there was no new Capital Lease Financed in FY 2023.

Capital Lease Purchases FY 2023

- Capital Equipment Purchased in FY 2023 was paid with cash. Therefore, there was no new Capital Lease Financed in FY 2024.

Capital Lease Purchases FY 2024

- Capital Equipment Purchased in FY 2024 was paid with cash. Therefore, there was no new Capital Lease Financed in FY 2025.

Capital Lease Purchases FY 2025

- Capital Equipment Purchased in FY 2025 was paid with cash. Therefore, there was no new Capital Lease Financed in FY 2026.

WATER 5010

Purpose

The Water Division provides safe, plentiful, and affordable drinking water for Bloomington and approximately 50 percent of the population of McLean County outside of Bloomington. The Division also provides regional laboratory services to water providers and contractors through its Illinois Department of Public Health certified laboratory.

Water Administration (50100110) provides support and administrative services for all divisions within the Water Fund.

Water Transmission/Distribution (50100120) is responsible for scheduled preventative maintenance and emergency repairs to water mains, individual water services, broken fire hydrants, valves, meter vaults, and any other part of the distribution system. In addition, the fund pays for requests to locate water lines, storm sewers, sanitary sewers, power supplies for some streetlights, traffic signals, and fiber optic lines owned or maintained by the City.

Water Purification (50100130) maintains water quality at the City of Bloomington Water Treatment Plant. The water produced by the Water Division is consistently of higher quality than required by federal and state drinking water regulations. The Division is working to provide an adequate supply and treatment capacity, while expanding the supply and capacity in the future.

Lake Maintenance (50100140) provides limited municipal-like services to the 221 leased lots and two recreational camps that surrounds Lake Bloomington. These municipal-like services include snow plowing, application of road salt, minimal road repair and patching. Lake Maintenance also manages the Davis Lodge, a large log cabin rental facility located at Lake Bloomington. Recreational opportunities include boating, fishing, and hiking at Lake Bloomington and use of 5 separate parks. The City also provides recreational opportunities through its lease with McLean County for Comlara Park. Lake Maintenance operates all watershed and wetland management programs, which include shoreline stabilization, nitrate mitigation using wetlands and buffer strips, and cover crop application. It also creates a partnership between the City and local farm producers.

Water Meter Services (50100150) oversees and maintains the metering system. Water meters make it possible to charge customers for water, sewer, utility tax, and BNWRD charges based on an accurate assessment of water usage. The meters also help with leak and waterline break detection, water conservation, and total usage. The Division also addresses meter size, malfunctioning meters, water main valve controls, service disconnections due to lack of full payment by the due date, and investigation and approval of service lines for fire protection.

Mechanical Maintenance (50100160) maintains all Water Division facilities, including offices, pump stations, tanks, electrical systems, water quality monitoring systems, security/access control, and pressure monitoring systems at Lake Bloomington, Evergreen Lake, Mackinaw Pump station, and within the City of Bloomington. This Division also assists the Engineering Division with the day-to-day maintenance on the traffic control equipment and sewer lift stations.

Authorization

The City of Bloomington Water Fund and its related activities have been codified in Chapter 23 & 27 of the City Code.

FY 2026 Budget & Program Highlights

- Comply with the revised Lead and Copper Rule once it is finalized by the Environmental Protection Agency.
- Complete the City of Bloomington Nitrification Action Plan.
- Investigate water loss through the advanced leak detection project.
- Repair or replace water service lines, including full replacement of a water service line from the water main to the property line, abandoned service line retirements, and curb stop repairs.
- Move forward with projects to eliminate Combined Sewer Overflow (CSO), including the remaining phases of the Locust-Colton CSO elimination.
- Make improvements to water main, drainage, pavement, and sidewalk ramps in Meadowbrook Subdivision, which is a result of coordination between the Water Division and Engineering Division and based on the Department's five-year capital planning process.
- Perform design work for a lime grit removal system or for conversion to hydrated lime.
- Begin service line replacement from water main to inside the home with existing staff.
- Complete the installation of a chlorine scrubber and new ammonia feed system for enhanced safety.
- Perform design work for a powdered activated carbon feed system for additional taste and odor control.
- Maintain water quality and laboratory operation.
- Perform additional shoreline stabilization projects for Lake Bloomington.
- Construct the replacement Lake Parks Maintenance facility building.
- Continue and expand the cover crop program for nutrient and sediment loss reduction, which is anticipated to enroll 950 acres in FY 2025.
- Expand the fixed network meter reading system, ideally complete the AMI infrastructure.
- Embrace and build upon the features of the Neptune 360 software.
- Replace aged meters, exclusively install ultrasonic water meters.
- Design and layout for water system pump stations will continue.
- Implement new, systemwide condition monitoring equipment.
- Complete the installation of access control system and camera security system.
- Complete construction of New Water Tower at Prairie Vista.

Funding Source

An ordinance amending the City Code regarding the Water customers rate structure and modifying the annual increases to CPI-WST (Water, Sewer, and Trash).

Monthly Water Service Charge

Effective May 1, 2011, the rates charged for water shall in no case be less than the monthly service charge which shall be determined by the water meter size as follows:

May 1, 2011 – April 30, 2024		
Meter Size	Inside City	Outside City
5/8 x 1/2 inch	\$1.25	\$2.75
5/8 x 3/4 inch	\$5.00	\$6.50
3/4 inch	\$6.00	\$7.50
1 inch	\$8.00	\$10.00
1 1/2 inch	\$10.50	\$13.00
2 inch	\$16.00	\$20.00
3 inch	\$28.00	\$39.00
4 inch	\$46.00	\$66.00
6 inch	\$92.00	\$131.00
8 inch	\$146.00	\$196.00

Effective May 1, 2024, the rates charged for water shall in no case be less than the monthly service charge which shall be determined by the water meter size as follows:

May 1, 2024 – April 30, 2025		
Meter Size	Inside City	Outside City
5/8 x 1/2 inch	\$1.66	\$3.66
5/8 x 3/4 inch	\$6.65	\$8.65
3/4 inch	\$7.98	\$9.98
1 inch	\$10.64	\$13.30
1 1/2 inch	\$13.97	\$17.29
2 inch	\$21.28	\$26.60
3 inch	\$37.24	\$51.87
4 inch	\$61.18	\$87.78
6 inch	\$122.36	\$174.23
8 inch	\$194.18	\$260.68

Effective May 1, 2025, the rates charged for water shall in no case be less than the monthly service charge which shall be determined by the water meter size as follows:

May 1, 2025 – April 30, 2026		
Meter Size	Inside City	Outside City
5/8 x 1/2 inch	\$2.21	\$4.86
5/8 x 3/4 inch	\$8.84	\$11.50
3/4 inch	\$10.61	\$13.27
1 inch	\$14.15	\$17.69
1 1/2 inch	\$18.57	\$23.00
2 inch	\$28.30	\$35.38
3 inch	\$49.53	\$68.99
4 inch	\$81.37	\$116.75
6 inch	\$162.74	\$231.73
8 inch	\$258.26	\$346.70

Fees are also charged for fire protection for commercial and industrial customers with private fire suppression systems, and for bulk water for contractual customers. Additional charges are assessed when service is shut-off for delinquency, as well as late fees for delinquent accounts, lot lease fees for customers leasing land around Lake Bloomington, charges for licenses to have a dock on Lake Bloomington, meter sales, and a manual meter read fee for non-RF meters

What We Accomplished in FY 2025

- City Council adopted a new water rate structure effective May 1, 2024.
- Repaired or replaced water service lines, which includes full replacement of a water service line from the water main to the property line, abandoned service line retirements, and curb stop repairs.
- Identified leaks in the distribution system with the leak detection program.
- Maintained water quality in compliance with all state and federal guidelines.
- Continued monitoring lakes and tributaries for changes in water quality and throughout the treatment process.
- Maintained staffing for the treatment plant's continues operation
- Provided operational reports to all governing bodies
- Stabilized approximately 2,450 feet of the Lake Bloomington shoreline to diminish the problems of sedimentation and nutrients that have been determined to impair water quality in the reservoir.
- Started a cover crop program for nutrient and sediment loss reduction which has gained lots of interest.
- Installed new pollinator fields around Lake Bloomington.
- Streamlined the lease transfer process.
- Procured the design of the new Lake Parks Maintenance facility.
- Moved to ultrasonic meter for all home installations.

- Replaced large water meters with ultrasonic meters and residential water meters.
- Modified piping at the Water Treatment Plant to make settled water improvements, allowing access for cleaning equipment and removal of lime scale from discharge piping for all four ClariCones, which are used to soften water.
- Constructed Fort Jesse Generator and electrical improvements.
- Made Water Treatment Plant chemical system improvements.
- Rehabilitate both Fort Jesse water storage tanks.
- Put up 8 new collectors for the fixed network meter reading system. Completing the system to "X" AMI.

Budgetary Fund Balance

Water Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$4,045,564	\$8,501,900	\$5,976,603

Challenges

- The Water Department continues to deal with a backlog of current capital improvement projects as well as planning for future projects and advancements.
- Examples of recent water quality/regulatory issues that required rapid response are the regulatory and monitoring changes that resulted from the unfortunate situation in Flint, Michigan and the algal toxin problems in Toledo, Ohio. Although our water supply is not nearly as vulnerable to those types of water quality issues, we needed to develop protocols, methods and perform monitoring to assure the continued safety of our treated water.
- Many challenges face Lake Parks but none more important than the cost of services that are provided to the 221 leased properties at Lake Bloomington. Maintaining the appropriate services along with being cost-conscious is an activity that occurs every day.
- Watershed Management Plan update will have significant challenges – changes to farm input application rate/cover crops/new wetlands/field tile nitrate reduction will be large challenges in creating and sustaining a healthy watershed for future years.
- Approximately 100 residents are not receptive to providing access to upgrade water meters in their home as City Ordinance allows. The Department continues to contact these homeowners and explain the benefits and cost saving efficiencies that result from the replacements. Without complete compliance, employees must maintain manual walking reading routes that result in an increase in costs associated with providing service to all customers.
- Wireless technology is needed to increase efficiency and improve customer service. We have some tablets in the field, but the functionality is limited at this point.
- Integration of New SCADA system is a day-to-day challenge. Over the years, our SCADA system has been altered to meet our immediate needs. Lack of documentation of these maintenance-based changes has been an extraordinary challenge. We are working to resort the SCADA system to its original design integrity.

- Finish the implementation of a fully functional AMI meter read system to use Neptune 360 software as designed. Eliminate errors and identify data needs.
- Replacement of the 32,500 meters in the system, we will need to continually replace the meters in an expected fashion to gain the revenue from them.
- As a result of supply chain and production demand constraints, the department has had difficulty obtaining commodities and equipment necessary to maintain infrastructure.
- The lead line replacement program, we are currently in the process of having to identify our unknown services, before trying to complete the change out of the lead services in the system.
- Finish the implementation of a fully functional AMI meter read system to use Neptune 360 software as designed. Eliminate errors and identify data needs.
- Replacement of the 32,500 meters in the system, we will need to continually replace the meters in an expected fashion to gain the revenue from them.
- As a result of supply chain and production demand constraints, the department has had difficulty obtaining commodities and equipment necessary to maintain infrastructure.

SANITARY SEWER MAINTENANCE

5110

Purpose

Sanitary sewer maintenance is performed by the Streets and Sewers Division of the Public Works Department and by contractors managed by the Engineering Division of the Department of Operations and Engineering Services. Major projects are usually contracted to the private sector. Emergency cave-ins are handled by both City employees and outside companies, depending on the situation. City employees conduct a sewer cleaning program to ensure the steady flow of sewage from its point of origin to sewage treatment plants. Routine maintenance reduces the chances of a mainline sanitary or combined sewer from becoming obstructed with debris. This prevents sewage backup into basements or sewage overflow onto streets or into nearby bodies of water.

Authorization

The City of Bloomington Sanitary Sewer Maintenance Fund and its related activities have been codified in Chapter 37 of the City Code.

FY 2026 Budget & Program Highlights

- Perform sewer system assessment and rehabilitation as part of the Stormwater and Sanitary Sewer Master Plans.
- Plan and design future sanitary sewer infrastructure projects.
- Repair and rehabilitate aging sewers.
- Continue making progress on Phases 4, 5, 8, and 9 of the Locust-Colton Combined Sewer Overflow (CSO) elimination project.
- Continue hydraulic modeling and design for the East Street Basin.
- Conduct hydraulic modeling in select watershed areas.
- Implement a coordinated sewer meter program in cooperation with BNWRD.
- Implement a preventative maintenance program with the multiple sewer lift stations.
- Finalize a 5-year sewer rehabilitation plan.

What We Accomplished in FY 2025

- Spent over \$2 million on the Sewer Rehabilitation and CCTV Inspection Program.
- Finalizing construction on Phases 4 and 5 of the Locust-Colton CSO elimination project.
- Finalizing design of Phase 8 of the Locust-Colton CSO elimination project.
- Began design of Phase 9 of the Locust-Colton CSO elimination project.
- Moved forward with a sewer hydraulic model within the City.

- Continued the cleanup of unknown or abandoned sewers in the city.
- Installed sewer to serve currently unsewered properties within the core part of the city.

Funding Source

Effective and beginning May 1, 2024, the sewage fees shall be increased annually on May 1 of each year by CPI-WST (Water, Sewer, and Trash Collection), based on an average of the previous calendar year, or similar index if CPI-WST is not available.

CITY SANITARY SEWER FEES		
EFFECTIVE DATE	RATE PER 100 CU FT	MONTHLY FIXED FEE
May 1, 2023	\$2.78	\$2.61
May 1, 2024	\$2.90	\$2.72
May 1, 2025	\$3.01	\$2.82

Budgetary Fund Balance

Sanitary Sewer Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$2,482,154	\$3,646,310	\$2,282,073

Challenges

- Deteriorating road conditions and increasing number of sewer cave-ins cause increases in impromptu care and reactive adjustment.
- As a result of supply chain and production demand constraints, the department has had difficulty obtaining commodities and equipment necessary to maintain infrastructure.
- The ability to receive either grant funding or sufficient funds in the enterprise fund to move forward with the East Street Basin project and fully funding the needed rehabilitation work for a 5-year rehabilitation plan.
- New JULIE laws require water excavation, cannot complete 30/60/90 program without working overtime.
- Wildcat sewer lines.
- Aging infrastructure.

STORM WATER MANAGEMENT 5310

Purpose

Storm water management is performed by the Streets and Sewers Division of the Public Works Department and by contractors managed by the Engineering Division of the Department of Operations and Engineering Services. They work together to manage the urban runoff and maintain the City's infrastructure in compliance with the Clean Water Act. Effective storm water management includes: (1) keeping lakes and streams clean; (2) maintaining waterways to minimize erosion and damage to adjacent property; (3) maintaining detention basins to reduce flooding and filter out pollution; (4) street sweeping; and (5) inlet maintenance and repairs.

Authorization

The City of Bloomington Storm Water Management Fund and its related activities have been codified in Chapter 37 of the City Code.

FY 2026 Budget & Program Highlights

- Maintain detention basins, storm sewers, stream channels, and inspections as part of the Stormwater and Sanitary Sewer Master Plans.
- Plan and design future storm water infrastructure projects.
- Continue making progress on Phases 4, 5, 8, and 9 of the Locust-Colton Combined Sewer Overflow (CSO) elimination project. Phases 4 & 5 should be completed in the first quarter of FY26.
- Continue hydraulic modeling and design for the East Street Basin.
- Conduct hydraulic modeling in select watershed areas.
- Implement detention basin assessment module utilizing GIS.

What we accomplished in FY 2025

- Finalizing construction on Phases 4 and 5 of the Locust-Colton CSO elimination project.
- Finalizing design of Phase 8 of the Locust-Colton CSO elimination project.
- Began design of Phase 9 of the Locust-Colton CSO elimination project.
- Performed maintenance of detention basins, stream channels, inspections.

Funding Source

The stormwater fees shall be increased annually on May 1 of each year by CPI-WST (Water, Sewer, and Trash Collection), based on an average of the previous calendar year, or similar index if CPI-WST is not available.

Storm Water Monthly Rates

STORM WATER RATES	
EFFECTIVE DATE	RATE PER IAU
May 1, 2023	\$2.19
May 1, 2024	\$2.28
May 1, 2025	\$2.37

Single Family Residential (Effective May 1, 2025):

Gross area less than or equal to 7,000 square feet \$4.73/month

Gross area greater than 7,000 square feet and less than 12,000 square feet
\$7.10/month

Gross area over 12,000 square feet \$11.83/month

Parcels other than Single Family Residential (Effective May 1, 2025):

Parcels less than 4,000 square feet will be charged a flat rate equivalent to (4) IAUs \$9.46/month

Charge per Impervious Area Unit (IAU) is \$2.37/month.

Impervious Area Unit (IAU): 1,000 square feet of impervious area equals one IAU

Budgetary Fund Balance

Storm Water Management	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$1,674,867	\$2,660,940	\$1,279,869

Challenges

- The number of inlets requiring repair or replacement continues to increase over time as the City's storm water infrastructure continues to age and deteriorate. On an annual basis, Public Works repairs and replaces over 50 storm water inlets.
- There is not a complete assessment of the streams and detention basins, and the staffing levels are not sufficient to provide annual inspections.
- As a result of supply chain and production demand constraints, the department has had difficulty obtaining commodities and equipment necessary to maintain infrastructure.
- The ability to receive either grant funding or sufficient funds in the enterprise fund to move forward with the East Street Basin project and fully funding the needed rehabilitation work for streams, detention basins, and assessing the storm sewer infrastructure.

SOLID WASTE

5440

Purpose

The Solid Waste Division of the Public Works Department administers the Solid Waste Program, which provides a variety of services, including: (1) collecting garbage, recycle, bulk waste, and brush; (2) operating the Citizen Convenience Center so that residents can dispose of appliances, bulk waste, brush, 6 weeks leaf collection, leaves, and grass; (3) clearing brush, weeds, and tree limbs from alleys; (4) cleaning medians and alleys; (5) repairing gravel alleys; (6) street sweeping; and (7) overseeing the implementation of the Materials Recovery and Resource Management Plan.

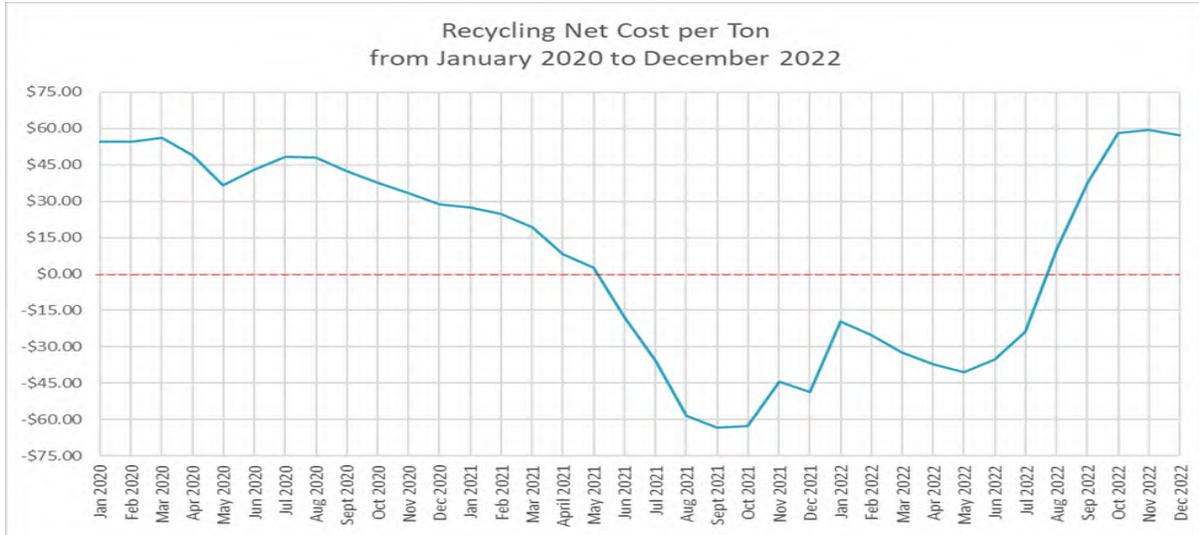

FY 2026 Budget & Program Highlights

- Provide a high level of service, with garbage collection every week; recycle collection, brush collection, and bulk waste collection (\$25 per bucket) every other week; bulk waste collection periods in the spring and fall at no additional charge; and fall leaf collection.
- Discontinue use of the air burner machine to handle the brush collected at the curbside and disposed of at the Citizen Convenient Center.
- Continue implementing the Twenty-Year Materials Recovery and Resource Management Plan for McLean County, Bloomington, and Normal, Illinois
- Continue to maximize efficiency and minimize costs while providing necessary services to the public.

What We Accomplished in FY 2025

Bloomington's recycling program has been successful overall. While the City consistently paid a recycling charge per ton from January 2015 to March 2018, the average recycling charge per ton for that timeframe was \$14.19 with a maximum of \$28.83. However, starting in April 2018, the City began paying over \$30 per ton for recycling, which was higher than any other recycling charge per ton paid by the City since January 2015. The recycling charge stayed above \$30 per ton until November 2020. The increases in the recycling charge per ton were a result of decreases in recycling material values attributed to regulatory changes in China and other countries in Asia.

The recycling charge per ton began to decrease in December 2020, and the City received a consistent revenue stream for recycling materials from June 2021 to July 2022. However, starting in August 2022, the City again began paying a recycling charge per ton. The recycling charge per ton nearly quadrupled in September 2022 and continued on an upward trend through December 2022. The most recent increases in the recycling charge per ton are also a result of decreases in recycling material values, but the decreases are attributed to the economic downturn caused by the COVID-19 pandemic combined with a decrease in demand for corrugated cardboard from companies that overstocked cardboard boxes for shipping. While it is difficult to determine how soon the values of recycling materials will increase enough that the City will pay less than \$30 per ton for recycling or receive a consistent revenue stream from recycling materials, staff will continue to monitor the situation and recommend additional action if necessary.

Funding Source

Effective and beginning May 1, 2024, the refuse fees shall be increased annually on May 1 of each year by CPI-WST (Water, Sewer, and Trash Collection), based on an average of the previous calendar year, or similar index if CPI-WST is not available.

Solid Waste Collection Fees

EFFECTIVE DATE	35 GAL. & LOW-INCOME FEE	65 GAL.	95 GAL.	BULK WASTE BUCKET	GARBAGE BAG STICKERS	SMALL TO LARGE CART FEE
May 1, 2023	\$18.54	\$28.98	\$33.62	\$25.00	\$3.00	\$30.00
May 1, 2024	\$19.34	\$30.23	\$35.07	\$25.00	\$3.00	\$30.00
May 1, 2025	\$20.07	\$31.36	\$36.39	\$25.00	\$3.00	\$30.00

Budgetary Fund Balance

Solid Waste	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$1,546,333	\$1,135,671	\$1,104,933

Challenges

- Public Works is continuing to backfill positions to become fully staffed. The Department will continue to find ways to increase staff efficiency using new technology, updating process and hiring seasonal staff.
- Though the situation has improved, Public Works continues to operate with limited resources. Public Works is operating at resource levels equivalent to the levels that followed the Great Recession in 2009.

Public Works is conscious of budgetary issues and has continued to work with other departments, the Council, and the public to accomplish Council directives, while keeping up with daily operations.

- As a result of supply chain and production demand constraints, the department has had difficulty obtaining commodities and equipment necessary to maintain infrastructure.
- Twice a year bulk pick up and leaf collection.

ABRAHAM LINCOLN PARKING FACILITY 5560

Purpose

The Abraham Lincoln Parking Facility (Lincoln Garage) is located on the southwest corner of the intersection of East Front Street and South East Street (Business 51). The City currently rents approximately 600 spaces on a monthly basis, 220 of which are rented to McLean County. The remaining parking spaces are available for hourly parking. The facility is leased by the City from the McLean County Public Building Commission, which owns the facility until 2035. At that time, the property will return to joint ownership by the City of Bloomington and McLean County.

As part of the ownership agreement, the City and the County split the bond payment on the facility. All management of the garage is the responsibility of the City of Bloomington. Revenues are collected by the City as part of management operations. If collected fees exceed operational costs, the funds are split between the City and the County. The Abraham Lincoln Garage budget tracks the City's portion of the bond payments, revenues, and operational costs.

Funding Source & Fee Structure

- Fee-based funding covers operating costs. Shortages or overages are divided or split between the City and County Governments. Capital outlays are included in the budget. Replacement or recovery costs are not part of the budget consideration.
- The Lincoln Garage is the only parking facility in downtown that has an hourly parking rate. The hourly rate Monday through Friday is currently \$1.00 per hour with a maximum of \$10.00 per day. The garage is opened for free general parking on Saturdays, Sundays and holidays, and after 6 p.m. Monday through Friday.

FY 2026 Budget & Program Highlights

- Perform routine, general maintenance of the parking garage to ensure safety of parking customers and efficient operations.
- Continue working on the Lincoln Garage Rehabilitation project, which includes drainage and sealant improvements.

What We Accomplished in FY 2025

- Began drainage and sealant improvements for the Abraham Lincoln Parking Garage.
- Staff continued to operate the parking garage to provide Downtown residents and facilities a clean and safe place to park their vehicles.

Budgetary Fund Balance

Abraham Lincoln Parking Garage	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$236,906	\$389,651	\$448,798

Challenges

- Aging Infrastructure – The Lincoln Garage is currently undergoing considerable repairs. As the structure continues to age, additional structural, sealing, and drainage improvements will be needed.
- Encouraging customers to purchase monthly passes for the parking facilities instead of parking on the street and risk citations continues to be a challenge. This is shown by the large quantity of outstanding citations. Since there doesn't appear to be a consequence for not paying parking citations, customers choose to park in the street and ignore the citations.

GOLF OPERATIONS 5640

Purpose

The City of Bloomington operates three 18-hole golf courses as part of the Parks and Recreation Department. The courses serve to meet the golfing demand of the citizens of our community, but also reach out to many golfers from outside of McLean County, with golfers coming from other parts of the state and even from other states to enjoy our courses.

Highland Park Golf Course was the city's first golf course, built in the 1920's. The course features tree-lined fairways and a park-like setting. It is a favorite course for the junior and senior golfers of our community and is rated a three and a half star (out of five stars) golf course by Golf Digest.

Prairie Vista Golf Course opened in 1991 and is noted for its unique blend of playability and challenge. It is rated as a four-star golf course by Golf Digest putting it in the top 15% of all courses nationwide. Prairie Vista is the annual host of the Illinois High School Association Golf State Finals.

The Den at Fox Creek Golf Course was built in 1997 by renowned golfer and course architect, Arnold Palmer. This links-style course attracts golfers from across the Midwest with its fine layout and course conditions. It is rated as a prestigious four-and-a-half-star golf course by Golf Digest putting it in the top 5% of all courses nationwide. More than 50% of the golfers that play at The Den are from outside McLean County. The Den also serves as an annual host of the Illinois High School Association State Finals.

Authorization

The City of Bloomington Parks & Recreation Department and its related activities have been codified in Chapter 19 & Chapter 31 of the City Code.

FY 2026 Budget & Program Highlights

- Continue to provide quality golf experiences with available resources.
- Create new forms of revenue through the utilization of staff talents, resources and technology.

What We Accomplished in FY 2025

- Continued strong numbers in rounds of golf with play up 5% and revenues strong up 8% over a very strong FY2024.
- Launched a new golf app that had over 2,000 downloads. This new app allows golfers to make online tee times, gives course yardages and allows for tournament scoring for our events.
- Maintained excellent course conditions with a limited seasonal labor maintenance staff force.
- Added six new full field golf outings. These events benefit both the golf courses and the community as many are fundraisers to support charitable causes.
- Purchased two new fleets of golf carts which led to increased customer satisfaction and reduced manpower to maintain the fleet.

Budgetary Fund Balance

Golf Courses	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$1,130,701	\$1,408,579	\$516,859

Challenges

- While our overall staffing improved this year, finding six-to-seven-month seasonal laborers continues to be a challenge. This leaves us short staffed in the spring and fall.
- A continually aging mower fleet requires maintenance staff to spend many hours repairing as opposed to being out on the course overseeing work and taking on projects.

Fun Facts

The Golf Operations staff includes a Superintendent of Golf, two Clubhouse Managers, three Greenskeepers, one Assistant Greenskeeper and approximately 60 seasonal employees.

The courses are considered to be one of the finer collections of municipal courses in all of Illinois with three well maintained and unique layouts. The courses host a variety of prestigious events run by the Chicago District Golf Association and the United States Golf Association. Most notably, Prairie Vista Golf Course and The Den at Fox Creek Golf Course serve as home of the Illinois High School Association State Golf Finals.

What Else Do We Do?

The golf courses offer quality, affordable recreation and contribute to the community's effort to be a family friendly, beautiful city that provides choices for recreation. The golf courses also perform the following functions:

- The golf courses offer quality, affordable recreation and contribute to the community's effort to be a family friendly, beautiful city that provides choices for recreation. The golf courses also perform the following functions:
- Attract future generations by making golf affordable and accessible for junior golfers – juniors play free every day after 2:00 pm with a paying adult.
- Provide visually appealing open green space that benefits our environment.
- Serve as host courses for seven area high school golf teams.
- Provide meeting room space for city functions, school organizations, special gatherings, and election sites.
- Provide a sledding hill that allow families to enjoy time together in an area that is primarily void of sledding opportunities.
- Provide fundraising opportunities for local charities and organizations through quality golf outings.
- Promote local tourism by offering quality golf courses at reasonable prices.
- Offer indoor golf simulators which allows our community to continue to enjoy the game during the colder winter months while also providing the course with an alternative revenue stream.

BLOOMINGTON ARENA

5710

Purpose

The Bloomington Arena building is located at 101 South Madison Street and is owned and operated by the City. The Arena holds up to 8,000 guests for concerts and 6,600 guests for football and hockey. The facility has 24 private suites, 2 rental group suites, and a sports bar/ restaurant. The complex includes the adjoining Bloomington Ice Center (construction cost \$5.8 million) and a parking structure (construction cost \$3.3 million), with an overall construction cost for all three facilities of \$38.6 million.

It has hosted an array of events, including concerts, sporting events, family shows, ice shows, motorsports, and trade shows. In addition, the facility has hosted local high school graduation ceremonies, Back to School Alliance Backpack Day, the Chamber of Commerce Business Showcase, Illinois High School Association regional and state tournaments, City of Bloomington Wellness Fair, and a variety of private meetings.

The Arena budget tracks the operational costs incurred by the city, including operations previously managed by VenuWorks.

History

U.S. Cellular Coliseum opened in April 2006 and was built at a cost of \$29.5 million to expand the entertainment options available in the Bloomington/Normal area. In 2017, a new naming rights contract with Grossinger Motors was signed, and the building was renamed the Grossinger Motors Arena as of July 1, 2017. Since 2017, Grossinger Motors has changed ownership and is now known as Leader Auto. The naming agreements has been terminated per mutual agreement and the building is known as Bloomington Arena.

A 10-year contract between CIAM and the City of Bloomington expired on April 1, 2016. A new management company, VenuWorks, operated the Arena on an interim basis from April 1, 2016, through June 30, 2016, and a new management contract with VenuWorks went into effect on July 1, 2016. The City and VenuWorks mutually agreed to terminate the management contract effective June 30, 2020. The City has operated the venue since then.

2014A and 2014B General Obligation Refunding Bonds were issued to refund the Series 2004 Coliseum Taxable General Obligation Bond, which will save the city \$8,863,375 in interest savings over the life of the bonds.

FY 2026 Budget & Program Highlights

The Arena has seven goals that are used each year to determine budget priorities:

Goal 1: Financial Stability – Manage the Arena in a fiscally responsible manner while maintaining operational satisfaction and expectations to industry standards

Goal 2: Service Mix – Ensure that the Arena will provide a range of special events that will appeal to a diverse group of patrons

Goal 3: Partnership – Continue to maintain strong relationships with the Convention and Visitors Bureau as well as other various community entities to bring concerts, conventions, and special events to the Arena

Goal 4: Communication – Maintain clear lines of communication within the stakeholder City departments (Parks, Rec, and Cultural Resources, Economic Development) to ensure transition to a City run Arena is relatively seamless

Goal 5: Technology – To keep up with the latest technology trends within the facility management industry, and to utilize this technology when possible and practical to be more proficient in our work and services for our customers

Goal 6: Human Resources – Continuous monitoring of job duties and tasks and ensure all staff are properly classified and compensated

Goal 7: Tradition – Create and establish new traditions within the Arena

What We Accomplished in FY 2025

- The Bloomington Bison, an East Coast Hockey League (ECHL) Team began play in October 2024
- Hosted multiple concerts/shows/events
- Hosted high school graduation ceremonies
- Hosted IHSA championships in cheerleading, dance, and wrestling
- Construction underway replace the Roof Top HVAC Units for the building
- Regular Ice Plant maintenance.

Budgetary Fund Balance

Bloomington Arena	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	-\$427,491	-\$927,491	-\$927,491

*Showing a negative fund balance as the Roof Top HVAC Unit Project has over a \$1,000,000 in contingency funds included. After the project is completed, if needed, a transfer from the General Fund would be processed to zero out any negative fund balance.

Challenges

- Since the Arena was constructed in 2004, the City will continue to incur expenses for capital maintenance of the facility over the next few years.
- The economy plays an important role in the performance of the Arena and affects all aspects of the venue, from shows to expenses.

INTERNAL SERVICE FUNDS

INTERNAL SERVICE FUNDS

60150150 Casualty (W/C General Liability) Insurance Fund

60200210-60200290 Employee Health Insurance

60280210-60280290 Retiree Health Insurance

CASUALTY (W/C GENERAL LIABILITY) INSURANCE 6015

Purpose

The City is given certain immunities from liabilities, which are not available to non-governmental entities as provided under the "Local Governmental and Governmental Employees Tort Immunity Act" (745 ILCS 10). This statute was extensively revised in 1986 because many municipalities were unable to purchase liability insurance because of the high cost of paying claims. The underlying philosophy is that, even though it may be perceived to be unfair to have damages and injuries paid by an individual resident's insurance company, the alternative (having the local government pay) would result in greatly increased taxation to pay judgments. The Tort Immunity Act generally imposes liability for injuries on government-owned property only when the local government had actual or constructive notice of the defect in the property in sufficient time to reasonably take action to respond to the defect. In certain types of activities, the City is not liable at all (for example, injuries that resulted from weather conditions). The City staff regularly meets with its third-party insurance administrator to determine if the insurance that has been purchased provides adequate coverage to protect the City in the event of liability claims.

Contributions from the City departments pay for the projected costs of the Casualty Insurance Program. Projected premiums, administrative fees, and claims are prorated across departments using a weighted average of 85% of the 5-year claim losses and 15% of total salaries and benefits of each department. This methodology allocates costs to the departments based primarily on their claim history but also allocates some costs to all departments for participation in the program regardless of claims history.

What Does the Casualty Insurance Fund Include?

Casualty Insurance includes:

- General Liability – Covers "slip and fall" accidents
- Property – Reimburses for damage to and loss of property
- Auto Physical and Liability – Reimburses for liability and damage to vehicles
- Worker's Compensation – Covers the costs of related medical expenses when an employee is injured
- Public Official Liability – Covers any legal action taken against public officials
- Employee Practices Liability – Covers expenses related to legal action taken for wrongful termination lawsuits or discrimination
- Law Enforcement – Special policy relating to Police
- Employee Benefits (Errors and Omissions) – Covers the cost if an employee is inadvertently not signed up for benefits
- Sexual Abuse – Covers expenses resulting from Sexual Harassment or Sexual Abuse lawsuits
- Failure to Supply – Covers costs if the City does not follow through on contractual obligations to provide services or products
- Health and Social Services – Covers medical malpractice

FY 2026 Budget & Program Highlights

- As we continually strive to minimize loss exposure, The Safety and Risk Manager position serves to oversee city-wide claims management, the annual insurance renewal process and loss management programs.
- The procurement of Casualty Insurance at the best possible rates from an administrator that provides efficient and competent service maximizes savings and generates better results sooner. Effective insurance coverage helps the City to remain financially sound and to provide quality basic services.

Funding Source

Contributions from various City Funds.

What We Accomplished in FY 2025

- We continued to maintain our focus on Safety / Risk Management as a top priority in FY 2025 to better serve the members of the community with the highest level of quality that they deserve.

Budgetary Fund Balance

Casualty Insurance Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$4,296,816	\$4,635,034	\$4,653,992

Fun Facts

The City is self-insured but carries supplemental commercial insurance for certain types of claims or claims with an excess of certain dollar amounts.

EMPLOYEE HEALTH INSURANCE FUND 6020

Purpose

The City offers employee benefits to attract qualified workers, retain its staff, meet requirements set in collective bargaining agreements, and fulfill Affordable Care Act (ACA) requirements. Benefits include health, dental, and vision plans, \$50,000 group life insurance, medical and dependent care flexible spending accounts, and a voluntary (employee paid) life insurance plan.

2025 Premium Changes

Plan Year	City Blue Cross PPO Plans	City Blue Cross HMO	Police Union Plan
2025	4.2%	4.2%	5.6%
2024	4.0%	4.0%	6.3%
2023	2.9%	2.9%	3.5%

- In July 2022, the City left the Intergovernmental Personnel Benefit Cooperative (IPBC), which it had been affiliated with since 2017. By purchasing medical insurance and Rx coverage directly through Blue Cross Blue Shield and employee life insurance through The Standard, premiums as of 7/1/22 decreased 6.6%. Premiums for 2025 increased a modest 4.2%, significantly below national averages.
- The City experienced a 4.1% premium decrease in Dental plan premiums for 2025. An in-network PPO option remains in effect for certain groups, to further reduce plan costs.
- Vision rates with VSP remained the same for 2025, without needing to make plan design changes.

Budget & Program Highlights

- Health plan designs continue to be re-evaluated to meet the needs of the City's employees, while being fiscally responsible stewards of public funds. In 2019, the City began offering a high-deductible Preferred Provider Organization (PPO) with Health Savings Account (HSA) option to some union and all classified/non-union employees. All full-time benefits eligible employees now have access to this insurance plan option.
- To help preserve the sustainability of the City's health plan, a change to spousal eligibility was implemented in 2019 for non-union and all non-sworn union employees, in that in order to remain on the City's health plan the spouse must not have coverage available via his/her employer. The policy was reversed in 2024 for non-union employees due to continued challenging labor market conditions but remains in effect for all non-sworn union employees.
- Through collective bargaining agreement, the City continues to administer a Police Benevolent Protective Association (PBPA) health plan for its sworn officers.
- Affordable Care Act (ACA)
- The ACA provision to provide insurance for part-time employees working an average of 30 hours per week took effect January 1, 2015, and remains in effect. As a result, 5 seasonal employees are enrolled in health insurance as of December 2024.

- To meet ACA reporting requirements, the City continues to contract with an outside vendor to generate and distribute 1095 forms to employees and report to the IRS.

Plan Funding

- Employees contribute approximately 25% of health plan premiums and 50% for dental and vision coverage. Employee contributions are applied to departmental budgets.
- Bloomington Township and the Bloomington Public Library continue to reimburse the City for the cost of its employees' coverage for City health, dental and vision insurance.

Budgetary Fund Balance

Employee Health Insurance Fund	FY 2024 (audited)	FY 2025 (Projected)	FY 2026 (Projected)
Budgetary Fund Balance	\$2,324,855	\$2,444,855	\$2,564,855

RETIREE HEALTH INSURANCE FUND 6028

Purpose

The City is required under Illinois law to provide insurance to its retirees and their eligible dependents similar to insurance provided to its active employees. As a result, the City of Bloomington offers health, dental and vision insurance benefits to retired employees, their spouses and eligible dependents. Bloomington Township and Bloomington Public Library retirees are also eligible to participate in the health, dental and vision plans. With the exception of certain disabled sworn fire and police retirees, retirees pay 100% of plan premiums.

The City is currently administering benefits for 244 retirees and spouses of retirees of which 106 have health insurance, either via the City or through Benistar – the Medicare Supplement Insurance Plan implemented in 2015. Remaining retirees have dental and/or vision plan coverage. Specifically, employees retiring under the Illinois Municipal Retirement Fund (IMRF) must be eligible to begin drawing a pension immediately upon retirement to continue their health insurance, while retiring sworn fire and police personnel may continue their insurance while in a deferred retirement status. Premiums are typically deducted from pension checks, although other forms of payment are available.

Other Post-Employment Benefits (OPEB)

The Government Accounting Standards Board (GASB) requires public sector employers to calculate and report their OPEB liability, including retiree health care. Retirees pay 100% of their insurance rates; however, the way the rates are calculated creates an implicit subsidy as described below.

Implicit Subsidy: Under Illinois law, municipal retirees must have the same full premium rates as active employees. Thus, premiums for active employees and retirees are developed by blending the claims experience of the two groups. Premiums that result when costs are blended ends up being higher than would be expected if the active employees were rated by themselves. Since municipalities, like most other employers, contribute toward the cost of their active employee health insurance, the municipality ends up incurring additional expense for their active employees due to the overall increased costs resulting from retiree costs. This additional employer cost is known as an “implied subsidy” and must be reported by the City as a liability.

OPEB (retiree health, dental and vision plan) 2024 costs were \$1,239,000 per actuarial studies. This accounts for an annualized decrease of 61.5% primarily due to a change in stop loss insurance contract fee calculations.

Cost Control Measures

In July 2022, the City left the Intergovernmental Personnel Benefit Cooperative (IPBC), which it had been affiliated with since 2017. By purchasing medical insurance and Rx coverage directly through Blue Cross Blue Shield and employee life insurance through The Standard, premiums as of 7/1/22 decreased 6.6%. Premiums for 2025 increased a modest 4%, significantly below national averages.

Plan Funding

- Retirees contribute 100% of the premiums for health, dental and vision coverage.
- Certain amounts are charged back to departmental budgets. Additional funding is also provided through transfers from the General Fund and the Employee Health Insurance Fund to cover future OPEB liability costs.

FIDUCIARY FUNDS

FIDUCIARY FUNDS

72102100 John M. Scott Health Care Trust Grant Fund

JOHN M. SCOTT HEALTH CARE TRUST GRANTS FUND 7210

Purpose

Judge John M. Scott was a Justice of the Illinois Supreme Court in the 1880s and a resident of McLean County. He directed his estate to be partially used to assure health care for persons unable to afford it themselves. In 1981, the City of Bloomington became Trustee to \$5.4 million designated for a Health Resources Center.

On May 14, 2018, the Bloomington City Council voted to approve the recommendations of the John Scott Health Care Commission to discontinue the provision of direct services to individuals through the John M. Scott Health Resource Center. Under the new structure, larger grants are awarded to community organizations meeting the health care needs of vulnerable McLean County residents, specifically those who are either un-insured or under-insured. Grants of the John M. Scott Health Care Trust address priorities in the Community Health Improvement Plan (CHIP), other traditional health care services, and social determinants of health. Trust funds have proven to be a critical component of McLean County's health care infrastructure and serve thousands of community members annually. The eleven-member Commission rolled out the new grant program in FY2020. The Trust allocated \$737,364.68 for grants in FY2025.

The City of Bloomington's Community Impact & Enhancement Department provides administrative oversight and support to the Commission in addition to grant management for the grant program. As the Trustee of the Trust, the Bloomington City Council will continue to have final decision-making authority on Trust funding and administrative matters.

The John M. Scott Health Care Commission is comprised of individuals with experience and knowledge in health care, social services, finance, and grant management. All are committed to ensuring Judge Scott's legacy by serving those underserved.

How Does the Grant Program Operate?

The purpose of the John M. Scott Health Care Trust Grant Program is to provide grant funds to organizations that meet the health care needs of McLean County residents. Grant awards made under this program are intended to benefit income-qualified individuals (<185% Federal Poverty Level) underserved by mainstream health care resources. Programs funded through the Trust address health care needs that are typically underfunded or unfunded by other private and public resources. Collaboration among organizations is strongly encouraged. Although funded programs may address a variety of needs, programs that address health care needs specifically identified as priority areas by the Community Health Needs Assessment (CHNA) and Community Health Improvement Plan (CHIP) are encouraged. The John M. Scott Health Care Trust has become one of the largest funding sources to non-profit organizations in McLean County outside of federal and state government funding.

Grants are awarded under three categories:

- General Operating Grants
 - Three-year grant agreements
 - Typically, larger grants
- Community Health Priority Program Grants
 - Generally, one-year grant agreements
 - Split between capital and program grants
- Emergent and Emergency Needs Grants
 - Generally, one-year grant agreements
 - Smaller grants

Organizations awarded funding through the Grants Program must:

- Be a tax-exempt organization per Section 501(c)3 of the Internal Revenue Code (including faith-based organizations) or a local or county unit of government,
- Align with the funding goals of the John M. Scott Health Commission;
- Have sound financial management policies in place and demonstrate good stewardship of resources;
- Ensure all clients served through the funded program(s) meet the following qualifications:
 - McLean County residency;
 - Annual income at or below 185% of the annual Federal Poverty Guidelines found at: <https://aspe.hhs.gov/poverty-guidelines>
- Comply with the John M Scott Health Commission non-discrimination policy that includes age, race, color, creed, ethnicity, religion, national origin, citizenship, marital status, sex, sexual orientation, gender identity or expression, physical or mental disability, veteran or military status, unfavorable discharge from military service, criminal record, or any other basis prohibited by federal state or local law. The organization should also have a procedure for handling discrimination complaints.

Funding Source

Funding for all program grants come solely from investment revenue generated by the John M. Scott Health Care Trust. No City general fund money contributes to the grant program.

The John M. Scott Health Care Commission Finance Committee determines the maximum expenditure per budget year as stated in the Financial Policies and Procedures. The Finance Committee approves a maximum expenditure based on a 5-year rolling annual average of income generated from interest, dividends, and capital gains. The John M. Scott Health Care Commission Grants Committee then determines individual line-item expenses for the fiscal year. The complete budget is then approved by the full Commission.

FY 2026 Budget & Program Highlights

The FY 2026 John M. Scott Health Trust budget includes \$798,532 in funding to support grant awards to organizations meeting the health care needs of underserved McLean County community members. Administration expenses for FY 2026 are \$51,468. The Commission will begin reviewing applications in November 2024 to determine what organizations will be awarded funding for FY 2026.

What We Accomplished in FY 2025

- Over \$700,000.00 in grant funding for underserved McLean County community members.
- Twenty-Two (22) grants were provided for FY2025 to serve McLean County residents.

FY 2026 Performance Measurements

FY2026 John M. Scott Health Care Trust grant recipients will submit mid-year and final reports that will be evaluated by the Commission and City staff to ensure performance meets the standards of both the Trust and the City. These reports include information about services provided, financial transactions involving Trust funds, and narratives about successes and challenges faced in delivering funded services.

CAPITAL IMPROVEMENT PROGRAM

CAPITAL PROJECT SHEETS FROM THE FOLLOWING FUNDS

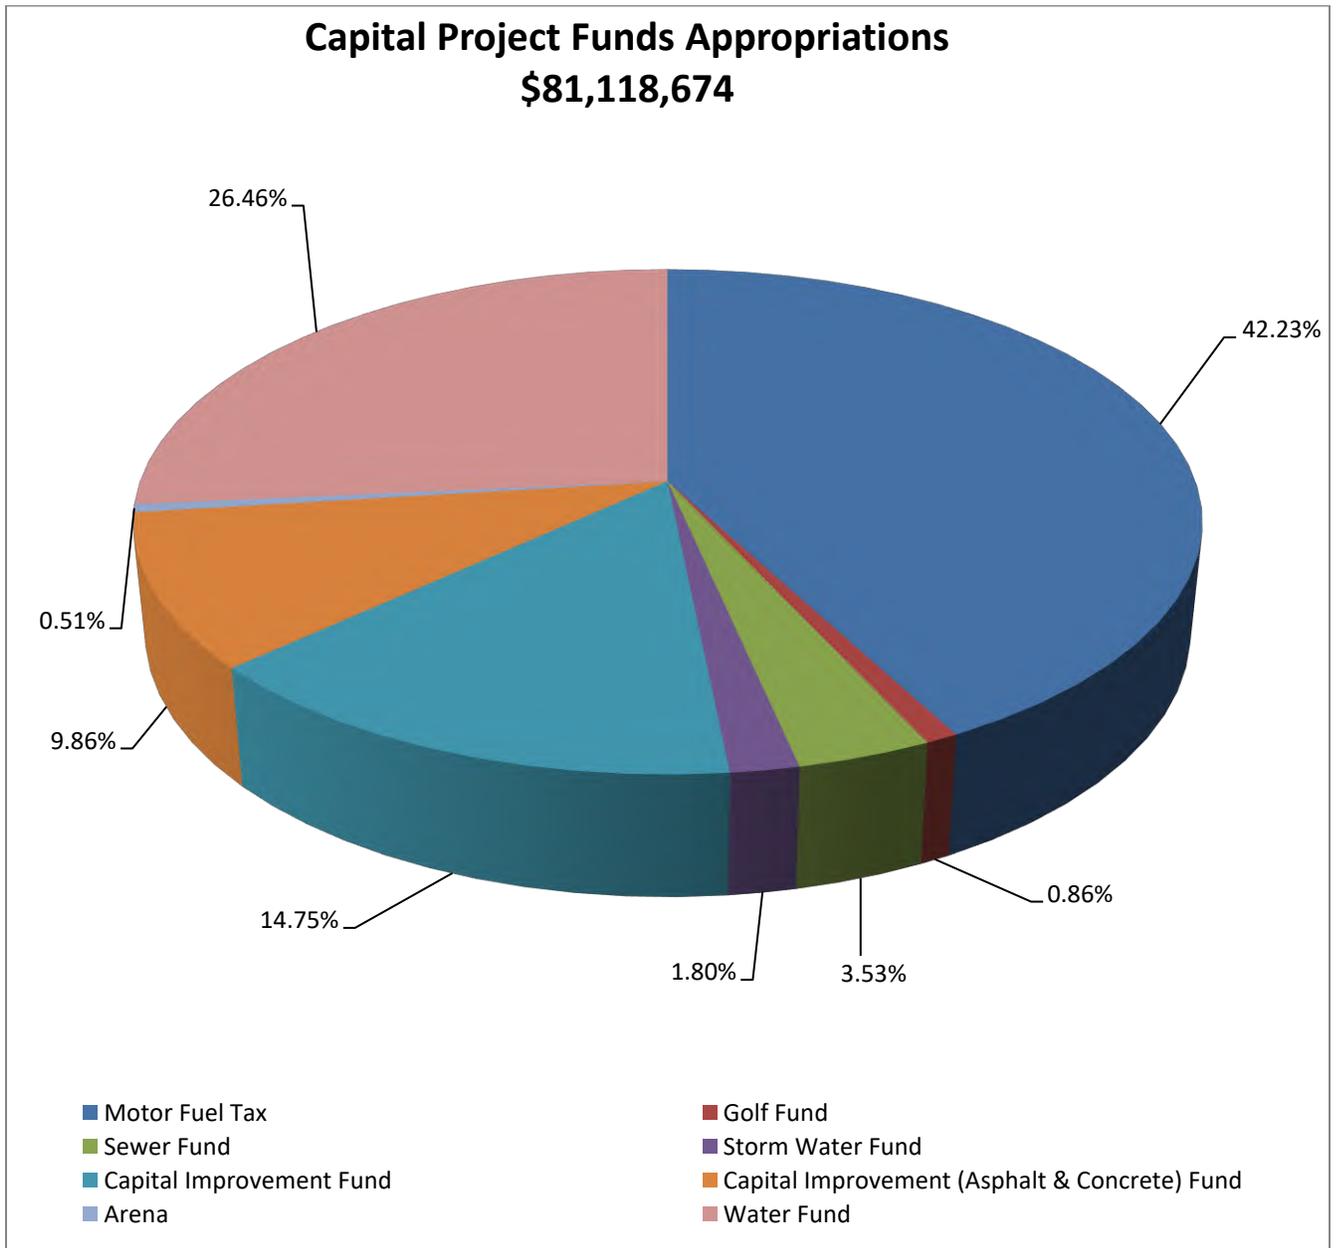

2030 Motor Fuel Tax
4010 Capital Improvement
4012 Capital Improvement (Asphalt & Concrete)
5010 Water Fund
5110 Sanitary Sewer
5310 Storm Water
5440 Solid Waste
5640 Golf
5710 Arena

CAPITAL PROJECT EXPENDITURES

The City has a dollar threshold that the service or good must meet to qualify as a capital project. Capital infrastructure thresholds for capital assets vary from \$100,000 for street resurfacing, bridges, detention basins, pump stations, reservoirs, water plants, dams to \$25,000 for sanitary sewers, water mains, easements, sidewalks, bike trails and building improvements. The process to identify funded projects begins with input from residents, City staff and the City Council. After projects are identified, they are included in the proposed budget and the Finance Department budget team determines if sufficient funding exists for the project or if possible, borrowing may be necessary, also keeping in mind future operating or maintenance costs that may be recurring. These projects are then presented to the City Council and residents for feedback before final approval when the City Council adopts the annual budget.

FY 2026-- Capital Improvement Summary

Included in the FY 2026 Proposed Budget are fifty-three capital improvement projects which total \$81,118,674. The listing of projects follows this page.

MOTOR FUEL TAX FUND CAPITAL
PROJECTS

**FY 2026 -- Capital Improvement Summary
Motor Fuel Tax Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Motor Fuel Tax (MFT) Fund

❖ **Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road-
Construction & Construction Inspection**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	\$16,478,720
Construction Inspection	<u>\$1,507,872</u>
Total MFT Project	\$17,986,592

❖ **Street Lighting Charges - Electricity**

➤ <u>Motor Fuel Tax Fund</u>	
Electricity	\$500,000
Total MFT Project	\$500,000

❖ **Hamilton Road (Bunn Street to Morrissey Drive) – RR, Engineering,
Construction & Construction Engineering**

➤ <u>Motor Fuel Tax Fund</u>	
RR	\$5,467,207
Engineering	\$118,563
Construction	\$7,080,441
Construction Engineering	<u>\$1,605,050</u>
Total MFT Project	\$14,271,261

❖ **IL Route 9 Corridor Improvements (Locust) - Hinshaw to Center (City Share) -
Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$500,000</u>
Total MFT Project	\$500,000

❖ **IL Route 9 Corridor Improvements (Empire) - Lee to Towanda (City Share) - Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$1,000,000</u>
Total MFT Project	\$1,000,000

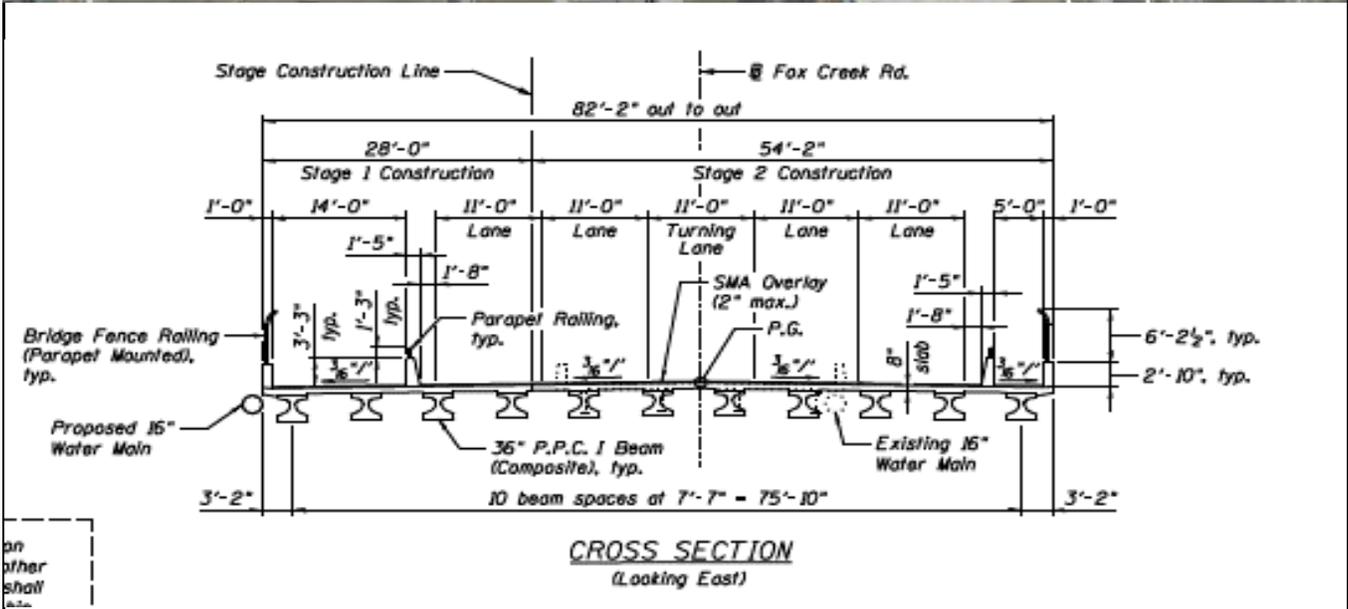

Total FY 2026 Cost: \$34,257,853

CITY OF BLOOMINGTON

Grants / Other							
<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road				20300300-70051, 72530, Grants-57490			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as five lane urban sections with curb and gutter. A multi-use trail will be constructed on the north side and a sidewalk on the south side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accommodations will also be constructed on the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$4,674,378 from the Grade Crossing Protection Fund.</p> <p>Operating Impact: The cost to maintain the improved road and trail crossing will be minimal in the first few years due to the improvement being new. Electrical fees for the new signal will be minimal and added to the cost of all City maintained signals. Future cost will include patching, resurfacing and eventual replacement of signals.</p>

Street Lighting			20300300-71320			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This item includes payment to the electric utilities for providing street lights on public streets in Bloomington. In the Ameren service area this includes the cost of electric power along with maintenance and replacement of bulbs, ballasts, photo cells, poles, fixtures and wiring. In the Corn Belt Energy service area this is mainly the cost of electric power and bulbs. These services are provided as outlined in the respective franchise agreements. This item is not bid, but is a reimbursement to the City from the MFT fund.</p> <p>Operating Impact: The City is using \$500,000 of Motor Fuel Tax Funds to reimburse the General Fund for the estimated \$1.0M to \$1.3M annual total cost.</p>

Hamilton Road Phase 2: Bunn Street to Commerce Parkway				20300300-70051, 20300300-72510,			
				20300300-72530, 50100120-72540, Grants-53310			
PROJECT DESCRIPTION/JUSTIFICATION							
<p>This is the last section of Hamilton Road needed to complete this four lane arterial from Fox Creek Elementary to Hershey Road. Phase 2 is from Bunn Street to Commerce Parkway and includes crossing the Norfolk Southern Railroad at grade. Rhodes Lane will be reconstructed to "tee" into the new Hamilton Road and will have new cul-de-sac that will cut off access to Morrissey Drive.</p> <p>Operating Impact: When completed this project will alleviate traffic on Veterans Parkway (Business 55) and the new four lane arterial will provide future economic development opportunities. In addition, while a new railroad crossing will be added, two current crossings will be closed. Maintenance in future years will include patching and paving and will be incorporated into the City's annual resurfacing budget</p>

CAPITAL IMPROVEMENT FUND
CAPITAL PROJECTS

**FY 2026 -- Capital Improvement Summary
Capital Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Capital Improvement Fund

Administration Capital Improvement Projects

❖ **Purchase of a Downtown Parking Complex- Land**

➤ <u>Capital Improvement Fund</u>	
Land	<u>\$3,950,000</u>

Construction	<u>\$825,000</u>
Total Capital Project	\$825,000

❖ **Fire Station 1 Sprinkler Addition - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$50,000</u>
Total Capital Project	\$50,000

Facilities Capital Improvement Projects

❖ Unforeseen Major Facility Repairs - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$100,000</u>
Total Capital Project	\$100,000

❖ Police Department Elevator Improvements - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$300,000</u>
Total Capital Project	\$300,000

❖ Police Department HVAC System - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$500,000</u>
Total Capital Project	\$500,000

Parks Capital Improvement Projects

❖ Miller Park Zoo Katthoefer - Building Upgrade - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$500,000</u>
Total Capital Project	\$500,000

❖ Sunnyside Park Sustainability Initiative OSLAD Grant - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$3,270,400</u>
Total Capital Project	\$3,270,400

❖ Unforeseen Major Repairs Throughout Parks & Recreation Department - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ Westwood Playground - Install playground and develop park - Construction

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Route 66 Trail - Funk's Grove to McLean - Construction**

➤ <u>Capital Improvement Fund</u>	
Design	<u>\$130,000</u>
Total Capital Project	\$130,000

❖ **Route 66 Trail-Towanda to Lexington- (Phase 1) - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$13,700</u>
Total Capital Project	\$13,700

❖ **Trail-Resurfacing Morris Avenue to Bellas Landscaping 4,303' - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$193,635</u>
Total Capital Project	\$193,635

❖ **Zoo - Kitchen Roof Replacement - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **O'Neil Aquatics Center - Concessions Shade Sail - Equipment**

➤ <u>Capital Improvement Fund</u>	
Equipment	<u>\$25,000</u>
Total Capital Project	\$25,000

Engineering Capital Improvement Projects

❖ **Hershey & Hamilton Road Trail and Ireland Grove Road Sidewalk Improvements - Construction**

➤ <u>Capital Improvement Fund</u>	
Construction	<u>\$500,000</u>
Total Capital Project	\$500,000

❖ **Constitution Trail Extension: Lafayette St to Hamilton Rd – Land, Construction, Construction Inspection**

➤ <u>Capital Improvement Fund</u>	
Land	\$4,000
Construction	\$220,000
Construction Inspection	<u>\$90,000</u>
Total Capital Project	\$314,000

❖ **Airport Rd & Cornelius Dr Traffic Signal Improvements - Design & Construction**

➤ Capital Improvement Fund

Design	\$64,000
Construction	<u>\$547,000</u>
Total Capital Project	\$611,000

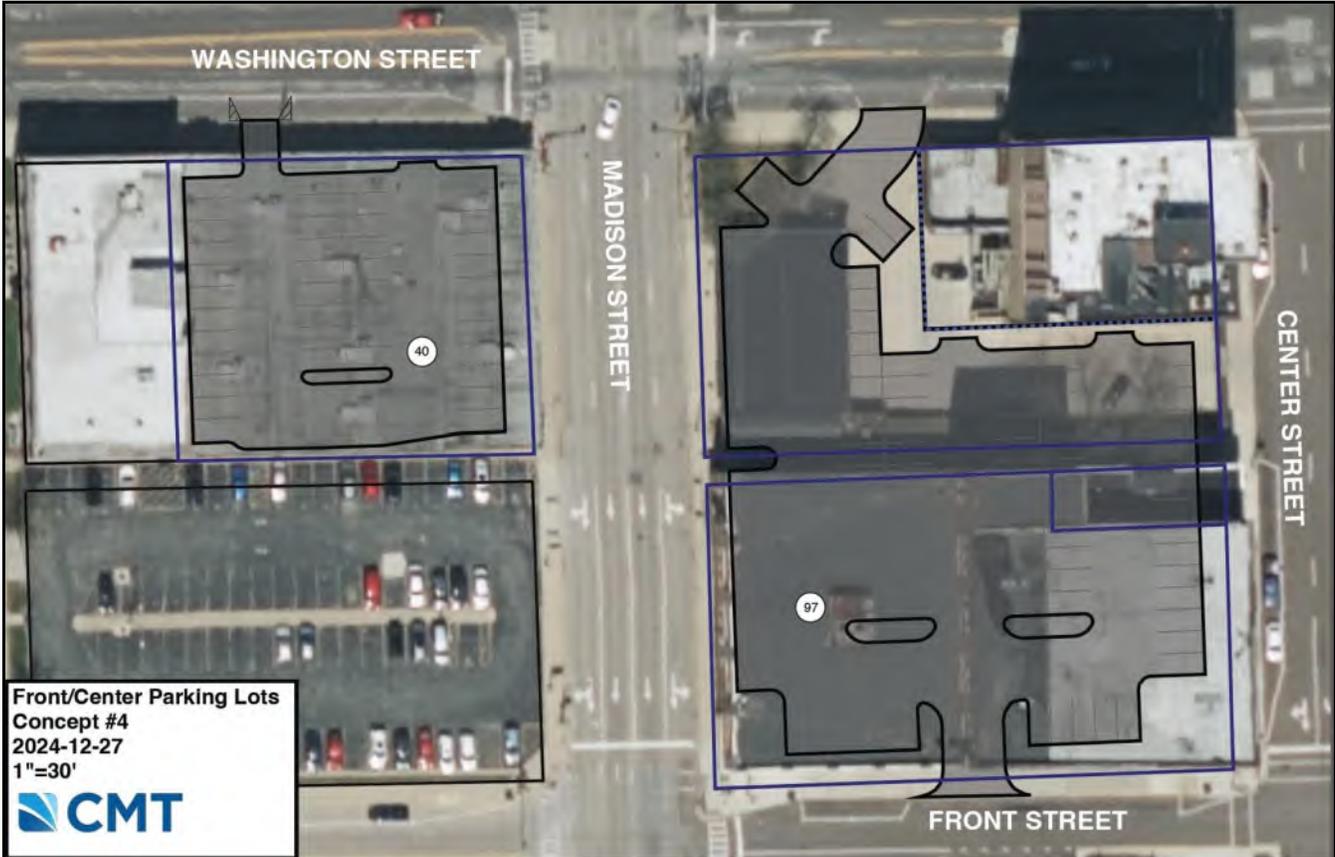

Total FY 2026 Cost: \$11,962,735

Capital Improvement Fund	Administration		Administration	6		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Purchase of a Downtown Parking Complex			40100100-72510			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Demolition of the adjacent Front N Center and DUI Countermeasures buildings, along with the former Elks building to the west of Madison Street, to clear room for about 140 surface parking spaces. Bloomington will pay Catalyst Construction \$3.93 million to facilitate the demolition of the three properties, with ownership transferring to the city once that's completed. A portion of the Elks property will be preserved for its historical significance. Operating Impact: This project is to gain control of property in key areas of downtown for short-term parking and for future development. These properties may or may not be in City owned control for a short time depending on developer interest and agreements that may be reached to develop on these properties.

Capital Improvement	Fire	Michael Hartwig	Citywide
<i>PROJECT TITLE</i>		<i>ACCOUNT NUMBER</i>	
Station 3 HVAC Replacment		40100100-72520	
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>			
<p>This project will be the complete replacement of the HVAC system at #3 Fire Station located at 2301 E. Empire. This project will also include the asbestos abate should there be any found within the HVAC when tested. The HVAC system is original to the building that was constructed in the early 70's. The system is outdated and reached the end of its service life. We continue to make repairs as issues arrive. This is becoming a challenge as the coolant within the AC system is no longer used. The new system will provide enhanced efficiencies and allow for better temperature control throughout the building. Fire Department staff is currently working with Dewberry on the architectural and engineering of the replacement system.</p> <p>Operating Impact: This would address a 50 year old HVAC System in need of replacement. This is in use 365 days a year, 24 hours a day, 7 days a week. Efficiency with a new system will be recognized. Additional maintenance cost would be minimal for upkeep.</p>

<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>																																																																									
Station 1 HVAC Replacement				40100100-72520																																																																									
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>																																																																													
<p>This project would be the replacement of the air handling unit and air conditioning units for fire station #1. These air handling units are around 50 years old and are beginning to fail. The air conditioning units are 29 years old and like the air handling unit, we are starting to experience maintenance issues. This project would also include the asbestos abate related to the replacement project. These units would be replaced with a more energy efficient system with the hopes of lowering the utility costs of the station. The boiler system would not need to be replaced as this was completed in FY2025.</p> <p>Operating Impact: This would address a 29 year old HVAC System & 50 year old air handling units in need of replacement. This is in use 365 days a year, 24 hours a day, 7 days a week. Efficiency with a new system will be recognized. Additional maintenance cost would be minimal for upkeep.</p>

Station 1 Sprinkler Addition			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>Fire station #1 is at its limit for available sleeping spaces. In order to add an additional sleeping space, the Battalion Chiefs would be moved into a previously used office space adjacent to their current office and the training room. Since this space was not previously a dormitory, city code requires us to bring the space up to current code. These requirements would involve adding a sprinkler system to this space. We would also add sprinklers to the training room that the new bedroom space exits into.</p> <p>Operating Impact: This would address a city code issue. This is in use 365 days a year, 24 hours a day, 7 days a week. Additional maintenance cost would be minimal for upkeep.</p>

Unforeseen Major Facility Repairs				40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>Staff utilize all available information, including the Faithful & Gould Reports, prior maintenance history and general condition evaluations, to prepare budgets. However, some unforeseen major repairs are inevitable and often require expedited resolution. This budget item provides funding for these unforeseen major repairs. Past unforeseen projects include; Police Department Fire Sprinkler Replacement, City Hall Emergency Power Transfer Switch Replacement, Lincoln Garage Gas Piping Replacement, Safety & Security Improvements, Emergency Power Backup Generator Rental and Market Garage Temporary Shoring Installation. The cost of these unforeseen projects varied from \$50,000 to \$250,000. An average amount is proposed for the FY 2026 budget.</p> <p>Operating Impact: This is funded via the Capital Improvement Fund on an as needed basis. These are more for unbudgeted item that arise during the year that need immediate attention. If items are not addressed in a timely manner, buildings may have to be closed until issues are rectified. There usually is no operating impact for future maintenance with these type of projects.</p>

Police Department Elevator Improvements				40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>Both elevators in the Police Department are original to the building and a few years ago the elevator maintenance company began communicating that due to the anticipated obsolescence of several electronic parts, they would soon be unable to service several critical components of the elevators. The maintenance company delayed this obsolescence by buying mass quantities of the high-risk parts, and limiting their sale to only service customers. They also began earnest development of a tailored modernization solution for affected elevators. Unfortunately, the high demand for these parts has accelerated component obsolescence and most parts are no longer available. Modernization of both elevators in the Police Department is now necessary in order to keep them operational and in compliance with applicable codes.</p> <p>Operating Impact: The improvements will solve issues that continue to arise with the elevators and sourcing parts for needed maintenance/repair. The future cost would involve annual maintenance of the system to guarantee it is operating at peak efficiency. Ultimately as with all mechanicals, the unit would need to be replaced.</p>

Police Department HVAC Improvements			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>Most heating, ventilation and air conditioning system components in the Police Department are original to the building's construction. The system is still functional, but some components are severely deteriorated and could fail. In addition, the system doesn't adequately handle high humidity conditions. Ductwork, louvers and other components regularly sweat during high humidity weather and create condensation drips throughout the building. This condensation is damaging HVAC components, ceilings, lighting, and other building systems. A mechanical engineering firm was hired to evaluate the system and will provide recommended HVAC system improvements. This funding will be used to complete final design and construction of these improvements.</p> <p>Operating Impact: The improvements will solve the high humidity issues highlighted above. This will allow the system to operate effectively and solve other issues caused by condensation issues that have arisen. The future cost would involve annual maintenance of the system to guarantee it is operating at peak efficiency. Ultimately as with all mechanicals, the unit would need to be replaced.</p>

Kattoefer Animal Building Upgrade - IDNR Grant			40100100-72520			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Public Museum Capital Grant Funding was awarded to the City of Bloomington/Miller Park Zoo in the amount of \$750,000.00 for upgrades and renovation of the Kattoefer Animal Building. The Kattoefer Animal Building was built in 1914 and is in need of significant upgrades in order to meet current zoological practices. The grant is a reimbursement grant up to \$750,000.00. Some aspects of the grant were completed in FY25 and the remaining will be completed in FY26. The City will need to fund the upgrades and submit for reimbursement upon project completion.</p> <p>Operating Impact: These repairs are funded by an IDNR Grant and are continuing from FY 2025. The Capital Improvement Funds are sourced from the General Fund for non-street/sidewalk and non-Enterprise Fund Projects. This project has a minimal operating impact on future budgets.</p>

Sunnyside Park Sustainability Initiative			40100100-72570 & 40100100-53120			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>The City of Bloomington, together with the Parks and Recreation Department and The Bloomington-Normal Water Reclamation District (BNWRD), is developing Sunnyside Park Sustainability Initiative. The plan is to create a new, combined 12-acre park that can serve as a regional destination and a place for active and passive recreation while educating the public on the water cycle and promoting nature-based solutions. The park will include interpretive features, boardwalks, outdoor classroom, amphitheater, outdoor gym, a recirculating interactive water feature, paved ADA-accessible trails, benches, a drinking fountain and water bottle filling station, bike racks, naturalized dry detention basins, bioswales, restored savanna-prairie native plant communities, and parking area that utilizes permeable pavers, and a bus drop off. The City in conjunction with BNWRD applied for a \$600,000.00 IDNR OSLAD matching grant for the project. The total development cost will be \$3,270,400.00. The City will contribute the funds needed for the grant, however BNWRD is funding this project.</p> <p>Operating Impact: This is basically a free park for the City to maintain after completion. Additional maintenance cost would be minimal for upkeep.</p>

Unforeseen major repairs throughout Parks Department			40100100-72520			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Staff utilizes all available information, including Faithful & Gould Reports, maintenance history and general condition evaluations to prepare the budget. However, some unforeseen major repairs are inevitable and often require expedited resolution. This budget item provides funding for the unforeseen major repairs. Some examples may include roofing and safety items, HVAC repairs, pump repair or failure that may arise throughout the year. The cost of the unforeseen repairs vary from \$5,000.00 to \$100,000.00.</p> <p>Operating Impact: This is funded via the Capital Improvement Fund on an as needed basis. These are more for unbudgeted item that arise during the year that need immediate attention. If items are not addressed in a timely manner, buildings may have to be closed until issues are rectified. There usually is no operating impact for future maintenance with these type of projects.</p>

Route 66 Bike Trail - Funk's Grove to McLean			40100100-72580			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>The City of Bloomington has an intergovernmental agreement (IGA) from November 1999, with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Construction of this section is anticipated to occur in FY2026 and FY2027. The City's portion will be billed through McLean County, under the intergovernmental agreement.</p> <p>Operating Impact: This is an IGA with Normal, McLean County and smaller municipalities located in the county to provide funding for a Historic Route 66 Bike Trail. These will add to the existing trails located with Bloomington and Normal and provide an additional healthy alternative for the community and to connect to other smaller communities within the county. Based on the IGA and guidance annually from McLean County, the City budgets for their dollar portion of the trail annually. Future maintenance cost will be shared with maintenance work completed by McLean County.</p>

Trail resurfacing-Morris Avenue to Bellas Landscaping			40100100-72580			
PROJECT DESCRIPTION/JUSTIFICATION						
Trail Resurfacing- Morris Avenue to Bellas Landscaping. Milling down trail and resurfacing with new top layer of asphalt (2") for a total length of 4,303 ft.						
Operating Impact: These repairs will improve the users experience on that portion of the trail whether walking, running or biking. This also could be a safety concern if not addressed. The Capital Improvement Funds are sourced from the General Fund for non-street/sidewalk and non-Enterprise Fund Projects. This project has a minimal operating impact on future budgets.

Zoo - KAB/Kitchen roof replacement			40100100-72520			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Flat kitchen roof (part of the KAB complex) is leaking and has deteriorated. Professional contractors have advised replacement. Water leaks have adversely impacted our fire alarm system over the past two years, leading to several false alarms and responses from BFD.</p> <p>Operating Impact: The cost to have minor repairs continues to add up. In addition, if the roof continues to have additional leaks, animal care could be in jeopardy due to safety concerns. If replaced, the roof would have an estimated life of 20-25 years.</p>

Hershey & Hamilton Road Trail and Ireland Grove Road Sidewalk				40100100-72560, Grants-53120			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Install a multi-use path at the northwest corner of Hamilton Road and Hershey Road. Proposed path will connect to existing path at bridge on Hamilton Road west of Hershey Road and to the new pedestrian crossing on Hershey Road north of Hamilton Road. Design work would be performed by in-house staff via use of On-Call Professional Engineering Services contract.							
Operating Impact: The project is being paid in full by a grant. Additional maintenance cost would be minimal for upkeep and sourced from the Asphalt/Concrete Fund. The revenue from this fund comes from 10% of the Home Rule Sales Tax and all of the Local Motor Fuel Tax which is a tax that currently is \$.08 per gallon for fuel purchased in Bloomington.

Constitution Trail Extension - Lafayette St to Hamilton Rd			40100100-70051, 72510, 72580			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The proposed new segment of multi-use path on the Constitution Trail is located in the southeast portion of the city and will start at Lafayette Street and end at Hamilton Road. The project is adjacent to a mobile home neighborhood and connects users to nearby businesses, downtown Bloomington, and another business district on the southeast side of Bloomington. The path will also connect to Hamilton Road, the major east-west corridor south of I-55 Business. Phase I preliminary engineering was funded by the City in FY2022 with Illinois Department of Transportation Phase I approval received in FY2024. Phase II design, plans, specifications and estimates began in FY2024 and are expected to finish in FY2025. The City has applied for the next round of an Illinois Transportation Enhancement Program grant to fund 80% of the estimated construction costs. Construction of the path is expected to begin in FY26 provided the ITEP grant is awarded to the city.</p> <p>Operating Impact: The project will be paid partially by a grant with future trail maintenance performed by Parks Department utilizing the Capital Improvement Fund dollars currently sourced via the General Fund and/or other grant related opportunities.</p>

Airport Road & Cornelius Drive Traffic Signal Improvement			40100100-70051, 72620, Grants-53120			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Project to include installation of new traffic signals at the intersection of Airport Road and Cornelius Drive. New sidewalk ramps will be installed at the intersection corners. The City received a \$600,000 DCEO grant for this project. Design and construction engineering is expected to be performed by engineering consultants.						
Operating Impact: This project would be paid for from the Capital Improvement Fund which is funded via an annual transfer from the City's General Fund for these type of projects. This signal would provide driver's a safer route and the signal would be maintained by the Engineering Division as part of there annual street lighting maintenance/upkeep.

CAPITAL IMPROVEMENT (ASPHALT &
CONCRETE) FUND CAPITAL
PROJECTS

**FY 2026 -- Capital Improvement Summary
Capital Improvement (Asphalt & Concrete) Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Public Works Capital Improvement (Asphalt & Concrete) Projects

- ❖ **Multi-Year Street & Alley Resurface Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
 - Capital Improvement Fund

Construction	<u>\$2,750,000</u>
Total Capital Project	\$2,750,000

- ❖ **High Pressure Slurry Seal - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
 - Capital Improvement Fund

Construction	<u>\$1,500,000</u>
Total Capital Project	\$1,500,000

- ❖ **Reclamite - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
 - Capital Improvement Fund

Construction	<u>\$250,000</u>
Total Capital Project	\$250,000

- ❖ **Multi-Year Sidewalk, Curb & Gutter Replacement - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
 - Capital Improvement Fund

Construction	<u>\$2,800,000</u>
Total Capital Project	\$2,800,000

- ❖ **Multi-Year Street, Alley & Sidewalk Repairs - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
 - Capital Improvement Fund

Construction	<u>\$700,000</u>
Total Capital Project	\$700,000

Total FY 2026 Cost: \$8,000,000

CAPITAL IMPROVEMENTS PROGRAM FY 2026- FY 2030

<i>FUNDING SOURCE(S)</i>	<i>DEPARTMENT</i>		<i>CITY CONTACT PERSON</i>		<i>WARD</i>	
Asphalt & Concrete	Engineering Division		Robert Yehl		Citywide	
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Street Resurfacing Program			40120200-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual program that provides for resurfacing and repair of public streets and and associated infrastructure. The roadways repaired are patched and incidental problems are addressed prior to the resurfacing. The resurfacing is typically approximately 2 inches of milling and new surface material. This budget also includes pavement preservation. This is primarily reclaimite, chip seal, slurry seal, pavement patching, and thin lift hot mix asphalt overlays.						
Operating Impact: This fund has money earmarked by City Council from the \$.08 per gallon Local Motor Fuel Tax and 10% of the annual receipts of the City's Home Rule Sales Tax. Approximately \$7-7.5M funds are generated for the annual resurfacing, sidewalk and ADA ramp construction/improvements.

CDBG Fund							
<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Sidewalk and Ramp Replacement Program				40120200-72560, Grants-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Annual program that provides for repair and/or replacement of public sidewalk and ramps in order to comply with Federal ADA - American with Disabilities Act requirements. Most sidewalk and ramp repair locations are within the City's annual resurfacing contract. Other sidewalk and ramp locations are determined by citizen request and then by public benefit. A portion of the program is set aside for 50/50 projects. The 50/50 program is an annual program that provides for replacement of public sidewalk with the participation of the property owner. The 50/50 program is voluntary based on first come first served until available money runs out. Low income households may qualify for assistance through CDBG - Community Development Block Grant programs.							
Operating Impact: This fund has money earmarked by City Council from the \$.08 per gallon Local Motor Fuel Tax and 10% of the annual receipts of the City's Home Rule Sales Tax. Approximately \$7-7.5M funds are generated for the annual resurfacing, sidewalk and ADA ramp construction/improvements.

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>																																																																																																																																																										
Annual program that provides for repair of public streets, alleys and sidewalks that City crews are not able to perform. The average cost for each repair location previously completed is \$30,000. Based on this cost about 10 repair locations can be performed with a \$300,000 budget. In addition, funding will also cover pavement patching needs associated with roadways that are scheduled to receive a high pressure slurry seal application. Operating Impact: This fund has money earmarked by City Council from the \$.08 per gallon Local Motor Fuel Tax and 10% of the annual receipts of the City's Home Rule Sales Tax. WATER CAPITAL PROJECTS

**FY 2026 -- Capital Improvement Summary
Water Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Water Improvement Fund

- ❖ **Hamilton Road (Bunn Street to Morrissey Drive) City Share- Construction**
 - Water Improvement Fund

Construction	<u>\$1,066,836</u>
Total Capital Project	\$1,066,836

- ❖ **Multi-Year GIS Consultant Services - Design**
 - Water Improvement Fund

Design	<u>\$38,750</u>
Total Capital Project	\$38,750

- ❖ **Multi-Year Consultant Leak Detection for Water Loss Prevention - Engineering**
 - Water Improvement Fund

Engineering	<u>\$50,000</u>
Total Capital Project	\$50,000

- ❖ **Census Tract 59 Water Main & Lead Service Line Replacement Project Phase 1 - Design & Construction**
 - Water Improvement Fund

Design	\$200,000
Construction	<u>\$4,500,000</u>
Total Capital Project	\$4,700,000

- ❖ **US 51 Water Main Replacement - Design & Construction**
 - Water Improvement Fund

Design	\$980,500
Construction	<u>\$9,805,000</u>
Total Capital Project	\$10,785,500

❖ **Downtown Streetscape Lead Service Line & Water Main Replacement - Construction**

➤ Water Improvement Fund

Construction	<u>\$750,000</u>
Total Capital Project	\$750,000

❖ **Water Main Replacement and Upgrades - Design**

➤ Water Improvement Fund

Design	<u>\$1,000,000</u>
Total Capital Project	\$1,000,000

❖ **Water Treatment Plant Powdered Activated Carbon (PAC) Storage & Feed Facility - Design & Construction**

➤ Water Improvement Fund

Design	\$75,000
Construction	<u>\$750,000</u>
Total Capital Project	\$825,000

❖ **Water Treatment Plant Hydrated Lime - Design**

➤ Water Improvement Fund

Design	<u>\$500,000</u>
Total Capital Project	\$500,000

❖ **Lake Parks Maintenance Building – Construction**

➤ Water Improvement Fund

Construction	<u>\$750,000</u>
Total Capital Project	\$750,000

❖ **Water Treatment Plant / Lake Evergreen Electrical Rehabilitation - Design**

➤ Water Improvement Fund

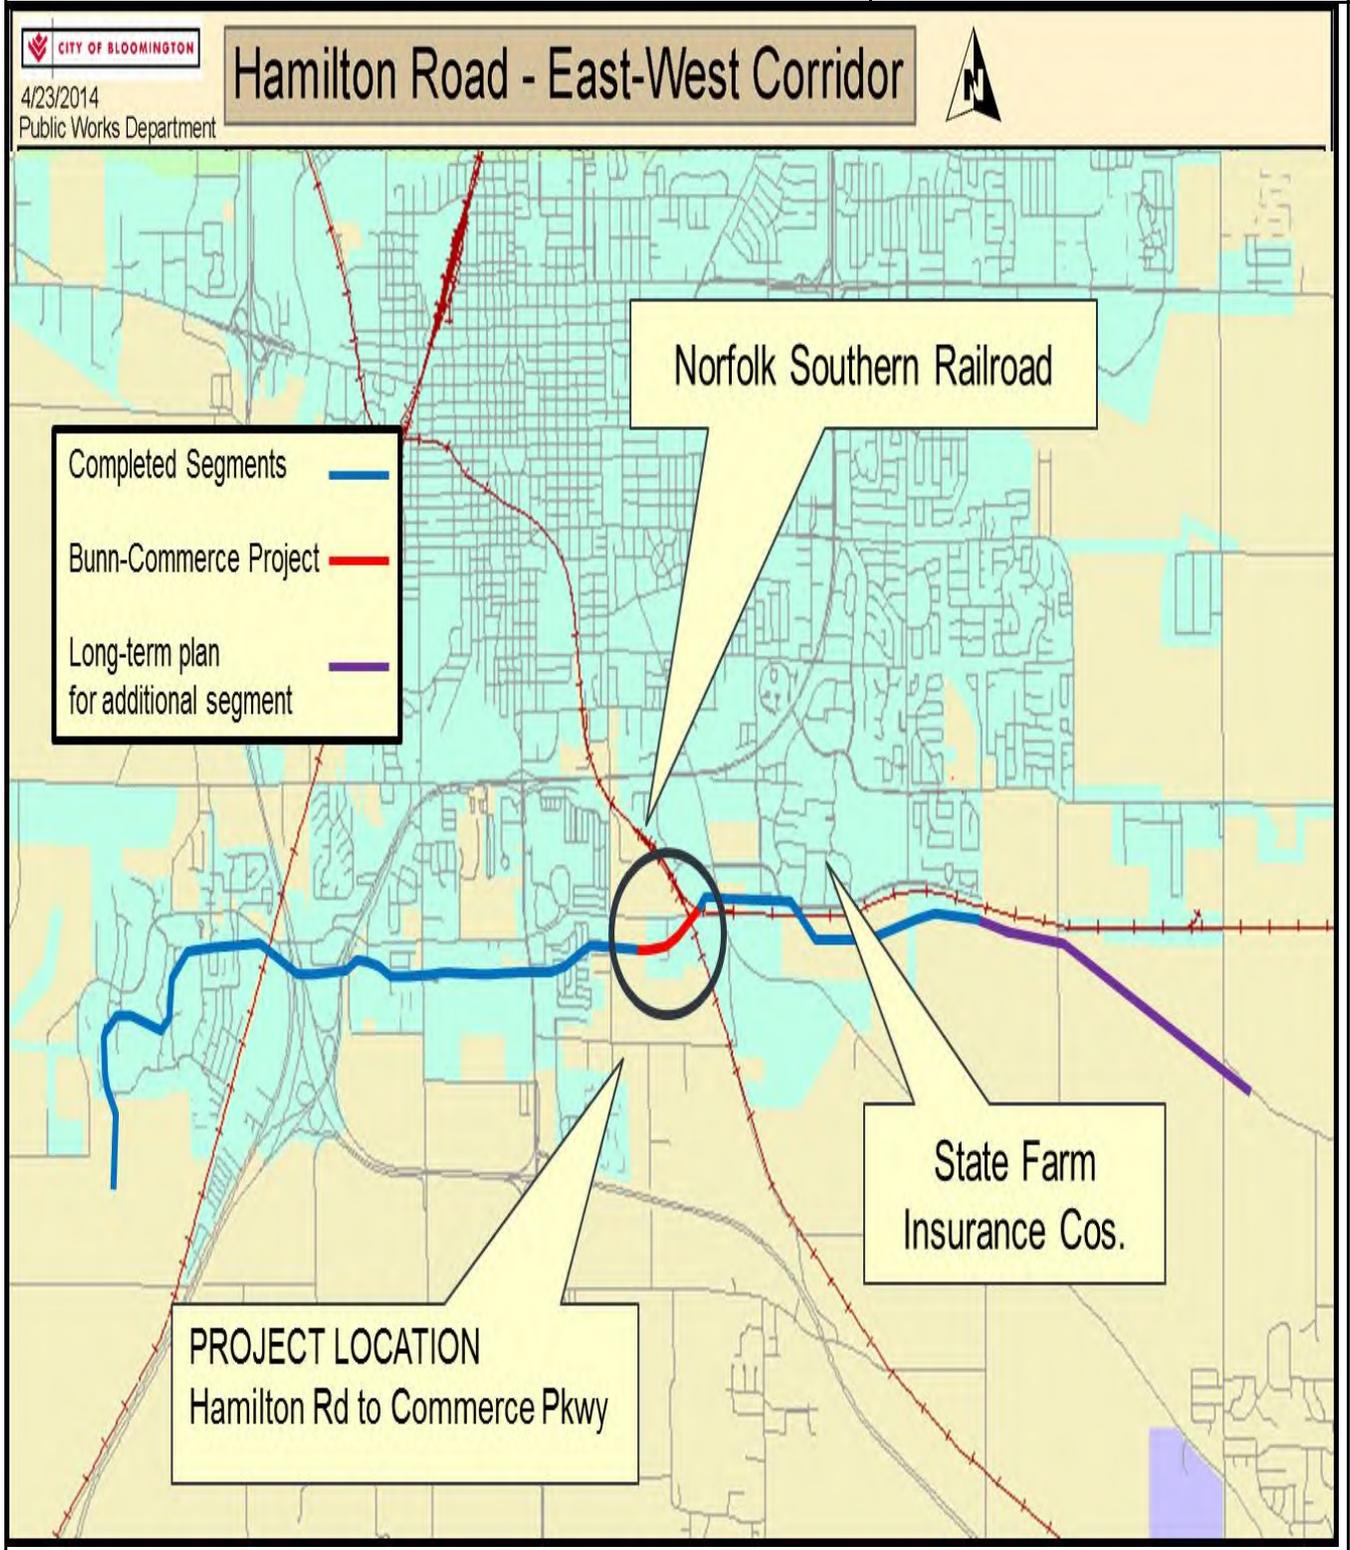

Design	<u>\$1,000,000</u>
Total Capital Project	\$1,000,000

Total FY 2026 Cost: \$21,466,086

<i>PROJECT TITLE</i>		<i>ACCOUNT NUMBER</i>	
Hamilton Road Phase 2: Bunn Street to Commerce Parkway		20300300-70051, 20300300-72510, 20300300-72530, 50100120-72540, Grants-53310	
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>			
<p>This is the last section of Hamilton Road needed to complete this four lane arterial from Fox Creek Elementary to Hershey Road. Phase 2 is from Bunn Street to Commerce Parkway and includes crossing the Norfolk Southern Railroad at grade. Rhodes Lane will be reconstructed to "tee" into the new Hamilton Road and will have new cul-de-sac that will cut off access to Morrissey Drive.</p> <p>Operating Impact: When completed this project will alleviate traffic on Veterans Parkway (Business 55) and the new four lane arterial will provide future economic development opportunities. In addition, while a new railroad crossing will be added, two current crossings will be closed. Maintenance in future years will include patching and paving and will be incorporated into the City's annual resurfacing budget</p>

GIS Services			50100110-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Continue to develop a comprehensive water distribution, service connection, hydrant and valve GIS - Geographic Information System records. Improved records will help maintain the City's water infrastructure, responding to emergencies such as main breaks and water service disconnects. ArcGIS solutions will help with the operational functions of the entire water system.						
Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill.

Advanced Leak Detection			50100120-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Advanced leak detection identifies leaks throughout the water distribution system. Locating and repairing the leaks helps minimize water loss. Mitigating water loss allows the distribution system to operate effectively and efficiently.						
Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill.

Water Fund	Water Transmission & Distribution		Nick O'Donoghue	City Wide		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Design Services and Construction for Water Main Replacement and Upgrades			50100120-70051			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The City's water distribution system consists of over 400 miles of water main, some portions dating back to the late 1800's. System wide maintenance and replacement of aging water mains should be a part of the City's ongoing O&M. Annual water main design and construction for 6 miles of watermain replacement at unidentified locations throughout the water distribution system.</p> <p>Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill. In addition, borrowing will take place as the City looks to invest \$300-\$400 million in infrastructure to address needed upgrades throughout the system and water treatment plant. The borrowing will be paid back by a 33% annual increase in water rates from FY 2025-FY 2027 and a CPI-WST factor beginning in FY 2028 and annually each year after.</p>

PAC Silo Storage and Feed System				50100160-70051			
				50100160-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Design and construct a new silo system for dry-chemical storage and feed of powdered activated carbon (PAC) at the Evergreen Lake intake and pump station. PAC is a water treatment chemical that is commonly used for removal of organic contaminants that are found in source water. This PAC system was recommended in the 2019 Water Infrastructure Master Plan for reduction of taste and odor. The system has also been recommended by the Illinois Environmental Protection Agency (IEPA) as a treatment process to have available in the event of a harmful algal bloom (HAB) or occurrence of cyanotoxins in the lake water.							
Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill. In addition, borrowing will take place as the City looks to invest \$300-\$400 million in infrastructure to address needed upgrades throughout the system and water treatment plant. The borrowing will be paid back by a 33% annual increase in water rates from FY 2025-FY 2027 and a CPI-WST factor beginning in FY 2028 and annually each year after.

<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Hydrated Lime				50100160-70051			
				50100160-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Upgrade the current lime softening system at the Water Treatment Plant from slacking lime to a hydrated lime system. This system remove the need to slack lime, remove grit from the system, produce a much more stable water reducing the potential for buildup in the piping. This improvement will help with treatment reliability, minimize the extensive pipe cleaning, while reduceing maintenance cost and mechanical failures.							
Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill. In addition, borrowing will take place as the City looks to invest \$300-\$400 million in infrastructure to address needed upgrades throughout the system and water treatment plant. The borrowing will be paid back by a 33% annual increase in water rates from FY 2025-FY 2027 and a CPI-WST factor beginning in FY 2028 and annually each year after.

Water Treatment Plant/Lake Evergreen Electrical Rehabilitation			50100160-70051			
			50100160-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The WTP was built in 1987. The electrical system for this plant consists of both 480-volt and 2400-volt equipment. With this equipment being about 40 years old, the equipment becomes less reliable, and replacement parts have become obsolete and unavailable which puts the WTP at risk of failure. This project will develop a plan for replacing the 40-year-old electrical system, including the 2400-volt equipment, and two of the four high service pump motors. Due to the voltage, these pumps run at a constant speed. These motors would be replaced with 480-volt equipment allowing a VFD (Variable Frequency Drive) to be installed, which would let staff adjust the speed, match customer demand more consistently, and reduce energy consumption. This reduction in voltage would also create a safer work area for staff. Some of the current equipment has no safety equipment available to protect staff in the event of an arc flash. Currently, to work on this equipment safely, the entire WTP must be de-energized. This project will also look to reutilize available WTP space for the new electrical gear versus an addition to the building. Doing so will allow for the new equipment installation while the old electrical equipment is still in service and reduce required shutdowns for replacements. This project would also upgrade current electrical for Lake Evergreen to allow for the PAC system.</p> <p>Operating Impact: Funds are available from the water portion (enterprise fund) of the resident's utility bill. In addition, borrowing will take place as the City looks to invest \$300-\$400 million in infrastructure to address needed upgrades throughout the system and water treatment plant. The borrowing will be paid back by a 33% annual increase in water rates from FY 2025-FY 2027 and a CPI-WST factor beginning in FY 2028 and annually each year after.</p>

SANITARY SEWER PROJECTS

**FY 2026 -- Capital Improvement Summary
Sanitary Sewer Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Sewer Improvement Fund

❖ **Multi-Year Sanitary Sewer Rehabilitation - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$2,000,000</u>
Total Capital Project	<u>\$2,000,000</u>

❖ **Downtown Streetscape Phase 1 Sewer Separation - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$212,500</u>
Total Capital Project	<u>\$212,500</u>

❖ **East Street Basin Phase 5- Design, Land Acquisition, Construction**

➤ <u>Sewer Improvement Fund</u>	
Design	\$91,000
Land	\$22,500
Construction	<u>\$535,000</u>
Total Capital Project	<u>\$648,500</u>

Total FY 2026 Cost: \$2,861,000

Sanitary Sewer	Engineering Division		Jonathan Kothe	Citywide		
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Sanitary Sewer Rehabilitation			51101100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual Program that provides for the rehabilitation of the existing City maintained sewer collection system infrastructure in order to extend the service life. This includes items such as chemical grouting, point repairs, removing protruding taps, address root intrusions, assessing sewers with CCTV (Closed Circuit Televising) and installation of liners inside existing sewer pipes and manholes. Cost varies depending on pipe size, depth, number of services and other complexities.						
Operating Impact: Funds are available from the sanitary sewer portion (enterprise fund) of the resident's utility bill.

East Street Basin & Associated Sewer Phase 5 Design & Construction				51101100-72550, 53103100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Phase 5 of the East Street Basin project includes increasing the detention capacity via excavation from the Baker-Ash Basin, as well as upsizing pipes connecting the Baker-Ash Basin and the ditch along the west side of the basin, which would replace the existing basin outfall pipes. These improvements will send more water from the ditch into the basin during peak flow conditions and lower flow into the Big 4 Valley Relief sewer. Removal of the overburden provides additional storage and potential benefits for events greater than the 10-year in the southern portion of the adjacent neighborhood.							
Operating Impact: This project can help alleviate possibly flooding issues. It will be paid from the Sanitary & Storm Water Fund revenues generated by the residents monthly utility bills.

GOLF FUND CAPITAL PROJECTS

**FY 2026 -- Capital Improvement Summary
Golf Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2026. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

Golf Fund

❖ **Highland Park Club House – Design & Construction**

➤ <u>Golf Fund</u>	
Design	\$125,000
Construction	<u>\$570,000</u>
Total Capital Project	\$695,000

Total FY 2026 Cost: \$695,000

CITY OF BLOOMINGTON						
CAPITAL IMPROVEMENTS PROGRAM FY 2026-FY 2030						
FUNDING SOURCE(S)	DEPARTMENT		CITY CONTACT PERSON		WARD	
Golf Fund	Parks and Recreation		Jason Wingate		1	
PROJECT TITLE			ACCOUNT NUMBER			
Highland Park Clubhouse Design and Construction			56406400-72520			
PROJECT DESCRIPTION/JUSTIFICATION						
<p>Highland Park Golf Course is the oldest public course in our county. It currently still utilizes two of the original buildings of the Meyer Brewing Company that was in business back in the 1800's. Accordingly, one of these buildings (Shed 1) is no longer fit and has been demolished. At one time it housed approximately half our golf cart fleet but cannot serve any other purpose. The other original building is currently used for the pro shop and while still in good condition, it is not handicap accessible and is very costly to heat and cool. Most importantly, it will allow us to move the pro shop out if it's current building providing handicap accessibility. The current pro shop will be able to be used for post round gatherings, special events, etc.. The new pro shop will also allow operations to be run with less staff saving rising labor costs.</p> <p>Operating Impact: The new building was paid via a transfer from the General Fund. Although costly to build, the previous building had been around for over 125 years and was in disrepair and was unsafe. The new structure will combine the clubhouse/cart shed and make it more efficient for operations in addition to cost savings for utilities, logistics, etc.</p>

CITY OF BLOOMINGTON BUDGET GLOSSARY

The Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Budget document in understanding these terms, a budget glossary has been included in the document.

A

ACTUAL - The actual figures in the budget document are year-end actual totals for the fiscal year preceding the budget year.

APPROPRIATION - A legal authorization made by the City Council, which permits the City officials to incur obligations and to make expenditures of resources for a specific purpose.

ASSESSED VALUATION - A value established for real or personal property for use as a basis for levying property taxes.

AUDIT - A comprehensive investigation of the way the government's resources was utilized. A financial audit is a review of the accounting system and financial information to determine how government funds were spent and whether expenditures followed the legislative body's appropriations. A performance audit consists of a review of how well the government met its stated goals.

B

BCPA - Bloomington Center for Performing Arts Center is a 1,500-seat venue for arts performances, shows. This venue has a space to rent for outside agencies for weddings, receptions, pancake breakfast, etc.

BOND - A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayments of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation (G.O.) and revenue (Water/Sewer) bonds. These are most frequently used for construction for large capital projects, such as buildings, streets and bridges.

BUDGET - A financial plan for a specified period (fiscal year) that matches all planned revenues and expenditures with various municipal services.

BUDGET AMENDMENT - A legal procedure utilized by the City staff and City Council to revise a budget appropriation. This can be done at any time during the year by action of the City Council.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the City Council.

BUDGET ORDINANCE - Ordinance appropriating funds for a specific fiscal year.

BUDGETED FUNDS - Funds that are planned for certain uses but have not been formally or legally appropriated by the legislative body. The budget document that is submitted for Council approval is composed of budgeted funds.

BUDGETARY CONTROL - The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

C

CAPITAL IMPROVEMENT - A nonrecurring project including, but not limited to, construction of, and major alterations, remodeling or repair of physical facilities, buildings, structures, streets and highways, storm and sanitary sewers, fixed equipment and landscaping.

CAPITAL IMPROVEMENT PROGRAM - A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

CASH ACCOUNTING - A basis of accounting in which transactions are recorded when cash is either received or expended for goods and services.

CIAM – Central Illinois Arena Management was a management company that was previously employed by the City of Bloomington to manage Bloomington Arena.

COMMODITIES - Items that, after use, are consumed or show a material change in, or an appreciable impairment, of their physical condition, and which are generally of limited value and characterized by rapid depreciation.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) - An entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to assist the low and moderate-income persons of the City in targeted neighborhoods.

CONTRACTUAL SERVICES - Services provided by another individual, (not on City payroll) agency, or private firm.

D

DEBT SERVICE - Includes principal and interest payments and handling charges on general obligation bonds, revenue bonds, special assessment bonds and notes.

DEPARTMENT - A major organizational unit of the City which has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

DELINQUENT TAXES - Taxes that remain unpaid on which a penalty for non-payment is attached.

DEPRECIATION - The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation of the cost to reserve in order to replace the item at the end of its useful life.

E

EAP - Employee Assistance Program.

ENCUMBRANCES - These are obligations in the form of purchase orders, general encumbrances or contracts, which are chargeable to an appropriation and for which a part of the appropriation is reserved. The use of encumbrances is designed to prevent overspending and permits officials to be certain of how much money is available for new commitments.

ENTERPRISE FUND - A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to ensure that revenues are adequate to meet all necessary expenditures. Enterprise funds in Bloomington are established for services such as water, sewer, parking, solid waste and golf.

ESTIMATE - Revenue and expenditure estimates for the current fiscal year, which are developed as part of the budget preparation process.

ESTIMATED REVENUE - The amount of projected revenue to be collected during the fiscal year. The amount of revenue appropriated is the amount approved by Council.

EXPENDITURE - This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. (Note: An encumbrance is not expenditure. An encumbrance reserves funds to be expended).

EXPENSES - Charges incurred, whether paid immediately or unpaid, for operation, maintenance, interest and other charges.

F

FHWA – Federal Highway Administration.

FISCAL YEAR - The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Bloomington's has a fiscal year of May 1st through April 30th.

FIXED ASSETS - Assets of long-term character, which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FOIA - The Freedom of Information Act (FOIA) is a United States federal law that grants the public access to information possessed by government agencies. Upon written request, U.S. government agencies are required to release information unless it falls under one of nine exemptions listed in the Act.

FUND - An accounting entity that has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Enterprise Funds, Trust and Agency Funds, Internal Service Funds, and Special Assessment Funds.

FUND BALANCE - The excess of assets over liabilities and is, therefore, also known as surplus funds.

G

GFOA - Government Finance Officers Association.

GENERAL FUND - The largest fund within the City, the General Fund accounts for most of the financial resources of the government. General Fund revenues include property taxes, local taxes, licenses and permits, service charges, and other types of revenue. This fund includes most of the basic operating functions such as fire and police protection, finance, inspection, public works, parks and recreation, and general administration.

GENERAL OBLIGATION BONDS (G.O.) - Bonds that finance a variety of public projects such as streets, buildings, and improvements; the repayment of these bonds is usually made from the General Fund, and these bonds are backed by the full faith and credit of the issuing government.

GIS – Geographic Information System

GRANT - A contribution by a government or other organization to support a particular function. Grants may be classified as either categorical or block depending upon the amount of discretion allowed the grantee.

H

HOME-RULE MUNICIPALITY - A home-rule unit may exercise any power and perform any function pertaining to its government and affairs including but not limited to the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt. The City of Bloomington is a home-rule municipality.

HUD – U.S. Department of Housing and Urban Development.

I

IDOT - Illinois Department of Transportation.

IEPA - Illinois Environmental Protection Agency.

IMRF - Illinois Municipal Retirement Fund. Retirement system established for municipal employees in the State of Illinois.

INFRASTRUCTURE – Any substructure or underlying system like roads, bridges, transportation, and water and sewer lines needed for the functioning of a community.

INTERFUND TRANSFER - Transfers made from one fund to another to reimburse or pay for specific services rendered, or to more generally support the activities of another fund.

INTERGOVERNMENTAL REVENUE - Revenue received from another government for a specified purpose.

INTERNAL SERVICE FUND (ISF) - Funds used to account for the financing of goods or services provided by one department to another department on a cost reimbursement basis.

INVENTORY - A detailed listing of property currently held by the government.

L

LEVY - To impose or collect taxes, special assessments, or service charges for the support of City activities.

LINE-ITEM BUDGET - A budget that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

M

MAIN STREET CORRIDOR – The Main Street Corridor is a special planning area that spans approximately 5 miles of State Highway 51. The corridor is bounded on the north by I-55 in Normal and on the south by Veterans Parkway in Bloomington. The planning process is a joint effort between both communities.

MODIFIED ACCRUAL ACCOUNTING - A basis of accounting in which expenditures are accrued but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are received or are “measurable” and available for expenditures. Since this type of accounting basis is a conservative financial approach, it is recommended as the standard for most governmental funds.

N

NPO – Neighborhood Preservation Ordinance

O

OPEB – This is an abbreviation for Other Post-Employment Benefits. It is used in reference to the City’s health insurance liability associated with providing health insurance benefits to retirees.

OPERATING BUDGET - The portion of the budget that pertains to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel and fuel.

OPERATING FUND - A fund restricted to a fiscal budget year.

P

PROPERTY TAX LEVY - A tax based on the assessed value of a property. Tax liability falls on the owner of record as of the appraisal date.

PURCHASE ORDER - A written legal document stating or confirming an offer to buy goods or services, which upon acceptance by a vendor becomes a contract. Its main function is to expedite and control buying by the City.

R

REVENUE - Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

REVENUE BONDS - Bonds usually sold for constructing a project that will produce revenue for the government. The revenue is used to pay the principal and interest of the bond.

RESERVE - An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

S

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

SSA BONDS - These are bonds issued for the improvement of a Special Service Area. Businesses residing within this special service area become the source of revenue for repayment of these bonds.

STORMWATER MANAGEMENT – This is a management process that addresses pollution to bodies of open water from storm runoff discharged by larger municipal storm sewer systems and construction sites disturbing the land. The Normal-Bloomington urban area did not meet the population threshold to fall under the Phase I requirements. IEPA regulations address the following minimum control measures:

1. Public education and outreach
2. Public participation and involvement
3. Illicit discharge detection and elimination
4. Construction site runoff control
5. Post construction runoff control
6. Pollution prevention and good housekeeping.

These control measures are implemented by best management practices (BMPs) that were previously developed by communities permitted in Phase I and approved by the USEPA.

TIF – Tax Increment Financing
