

FOR IMMEDIATE RELEASE

August 6, 2025

Meadowbrook Subdivision milling and resurfacing scheduled to start Friday

BLOOMINGTON, IL – Roadway milling and resurfacing operations are scheduled to start Friday, August 8, 2025, throughout the Meadowbrook Subdivision.

This stage of the project will involve milling approximately two inches of asphalt from the existing pavement, followed by placement of an asphalt surface. During construction, traffic will be permitted throughout the subdivision, but it will be impacted by construction operations. The contractor will be working on one side of the street at a time to help maintain resident access.

To view road closures and the road closure interactive map, visit www.bloomingtonstreets.com and click on the Road Closures icon. Residents can also sign up for e-mail or text updates for road closures by visiting www.bloomingtonil.gov/subscribe and subscribing to Road Notifications.

For more information, call Ron Harvey, in the City of Bloomington Engineering Department at 309-434-2980 or email engineer@cityblm.org.
