# Motor Fuel Tax Fund (MFT)

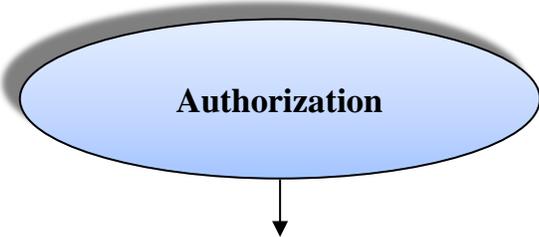

20300300

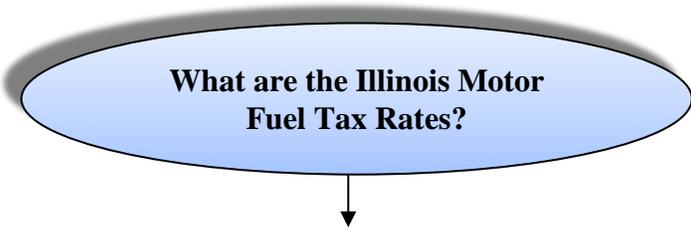

Projects in which the City uses the proceeds from the state’s Motor Fuel Tax are known as MFT projects. The tie to state money means additional requirements, including voluminous documentation. For this reason, the City tends to save up MFT funds and use them for major, high-cost programs. Using MFT for many small projects is inefficient because of high administrative demands for each project.

Each time you purchase gasoline in Illinois, a portion of the sales tax goes to the State of Illinois for distribution into the Motor Fuel Tax program. Illinois has imposed a motor fuel use tax since October 1, 1977.

The City also imposes a Local Motor Fuel Tax of 4 percent, under home rule authority. The Local Motor Fuel Tax does not have the administrative requirements and does not fall under this budget section.

Statutory regulations for the Motor Fuel Tax Fund may be reviewed in the Illinois Compiled Statutes 35 ILCS 505/13a.

**What are the Illinois Motor Fuel Tax Rates?**

---

Illinois' gasoline tax is 20.1¢ per gallon (.19¢ per gallon plus a leaking underground storage tank tax of 0.003¢ per gallon and an environmental impact fee of 0.008¢ per gallon) Diesel is 21.5¢, plus environmental and underground storage taxes. A municipality's share of the total MFT municipal allocation is based on the ratio of that municipality's population to the total population of all incorporated areas in the State. The allotment for each municipality is based on statewide sales, not on the total fuel tax collected within that municipality's boundary.

---

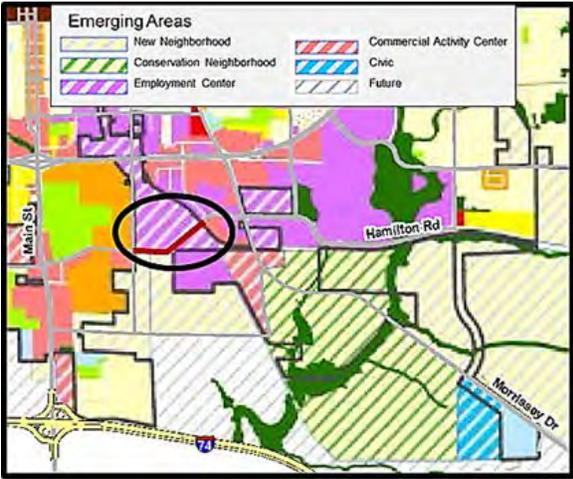

**How can MFT funds be used?**

---

In general, Motor Fuel Tax (MFT) Funds can be used for the following items:

- Construction and maintenance of any municipal street designated as a part of the federal aid primary, or the federal aid urban system of streets within the municipality.
  - The construction and maintenance of municipal streets and alleys as may be designated by the corporate authorities and approved by IDOT.
  - The construction, maintenance or repair of sidewalks in the municipality.
  - The payment of engineering costs in connection with all work described in this Division of this code. The municipality may contract for such services with a professional engineer.
-

**FY 2017  
Budget & Program  
Highlights**

MFT projects tend to extend beyond one fiscal year. Therefore, the following includes highlights for FY 17 and highlights for FY 18.

**The south corridor**

Completion of a 7.2 mile corridor is getting close, but two major and expensive programs remain.

1. Improvement and widening of Fox Creek Road, from Danbury Drive to Beich Road, and the bridge over the Union Pacific Railroad. Planning continues in FY 17 and construction may begin in 2018, with \$3.6 million from the City's MFT money and \$2.1 million in federal money.
2. Constructing a street to fill a gap in Hamilton Street, from Bunn Street to Commerce Parkway. Hanson Professional Engineers was contracted to provide \$1 million in early planning. The City seeks funding, potentially through a federal grant, for a project estimated at \$14 million to \$22 million, depending on whether the City is required to provide grade separation at the railroad tracks.

**Bridge work on Linden Street**

The Linden Street Bridge north of Emerson Street is a priority and is placed under lane restrictions because of structural issues. Design is scheduled for FY 2016.

**Revenue & Expenditures**

<b>Motor Fuel Tax</b>	<b>FY 2015 Actual</b>	<b>FY 2016 Adopted Budget</b>	<b>FY 2016 Projected</b>	<b>FY 2017 Proposed Budget</b>

# Board of Election Commissioners

20700700

**Purpose**  
(Why does this board exist?)

---

In accordance with Illinois law, a Board of Election Commissioners was created to oversee local elections, to ensure propriety.

---

**Authorization**

---

## Article II.--Election Commissioners and their Duties

- Section I. In every city, village and incorporated town so adopting this act there shall be created a board of election commissioners, which shall be composed of three members, each of whom shall be designated as an election commissioner, and shall be appointed by the county court in the county in which such city, village or incorporated town shall be located. And such appointment shall be entered of record in such court, and, when qualified, such commissioner shall be an officer of such court. The first appointment of such commissioners shall be within sixty days after the adoption of this act, and those first appointed shall hold their office for the period of one, two and three years respectively, and the judge appointing them shall designate the term for which each one shall hold his office, whether for one, two or three years. If the office of either commissioner shall become vacant, it shall thereupon be the duty of such county court to appoint a successor for such unexpired term; after the expiration of the term for which each commissioner is appointed, such court shall, in the same way, nominate and appoint a successor, who shall hold his office for the period of three years, and until his successor is appointed.
  - Information gathered indicates that this portion of the election law was enacted due to rapid growth of cities at the time and also use of political influence.
  - Per a past intergovernmental agreement, the City maintains the financial system (receivables and payables) for the Board of Election Commissioners.
-

The website for the City of Bloomington Board of Election Commissioners is <http://becvote.org>.

### Timeframe for Elections

---

**General Elections** are held to elect County, State and Federal officials.

- General Primary elections are held the third Tuesday of March in even numbered years.
- General Elections are held on the first Tuesday after the first Monday in November in even numbered years.

**Consolidated Elections** are held to elect School and City officials.

- Consolidated Primary elections are held on the last Tuesday in February in odd numbered years.
- Consolidated Elections are held on the first Tuesday in April of odd numbered years, unless that date falls during Passover, in which case the elections are held on the first Tuesday following the last day of Passover.

# Drug Enforcement Fund

2090

**Purpose**  
(Why does this fund exist?)

---

The Drug Enforcement Fund is a special Revenue Fund of the City. This fund accounts for the revenue and expenditures related to the Police Department's drug enforcement seizures. This account is composed of 3 sub-accounts which track activities in each function.

---

**What accounts make up the Drug Enforcement Fund?**

- 
- **DUI Enforcement** - This function accounts for associated court fines obtained by the City through DUI Enforcement. The funds are used to offset direct expenditures related to DUI Enforcement by the Police Department.
  - **Marijuana Leaf Testing** - This function accounts for associated court fines obtained by the City through prosecution of Marijuana possession. These funds must be used directly by the Police Department for law enforcement purposes related to drug possession.
  - **Federal/State Drug Enforcement Program** - This function accounts for funds obtained through the Federal Asset Forfeiture Program, which distributes a percentage of monies/assets legally seized for drug offenses. These funds must be used directly by the Police Department for designated law enforcement purposes.
-

# Community Development Block Grant

2240, 2250

---

This division provides oversight of the funds and activities covered by the City’s **Community Development Block Grant (CDBG)**, an entitlement grant distributed by the Department of Housing and Urban Development (HUD). Entitlement cities are required to develop and submit to HUD a five-year plan, known as the Consolidated Plan (Con Plan). This plan provides a comprehensive review of the current needs of the community, upon which all activities are based. On March 23, 2015, the City Council voted to approve the 2015-2020 plan to pursue HUD’s overall goal to develop viable urban communities by providing decent housing and a suitable living environment and expanding economic opportunities principally for low- and moderate-income persons. Each year, activities proposed must meet the predetermined needs established within the Consolidated Plan. City of Bloomington contracted with United Way of McLean County to assist in the preparation of the 2015-2020 Consolidated Plan. Results of a community wide assessment of needs were compiled and served as a basis for CDBG projects and activities 2015-2020.

In addition to the CDBG program, Community Development administers the **Continuum of Care (COC)** grant, a HUD grant program that provides services for the homeless. We are also collaborating with Mid Central Community Action (MCCA), West Bloomington Revitalization Project (WBRP) and Habitat for Humanity on the West Bloomington Housing Coalition (WBHC) Attorney General’s \$1.5 million grant – by providing properties for rehabilitation and/or new construction; and by providing proactive code enforcement within the targeted area. Additionally, we are working with MCCA and WBRP on a NeighborWorks grant to repair and replace approximately seven roofs in West Bloomington.

This division is supported by (1) full-time Grants Coordinator, (1) full-time Rehabilitation Officer/Inspector III and (1) Support Staff position that is shared with Code Enforcement.

**Programs and Activities Administered and Sponsored:**

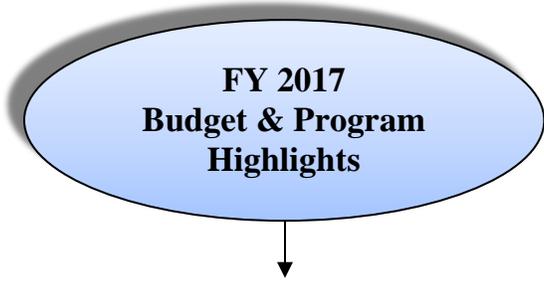

- Single-family home rehabilitation projects for low- to moderate-income households
  - Demolition of properties too distressed for rehabilitation – The lots from these structures are often donated to Habitat for Humanity, YouthBuild or other non-profits for the construction of affordable housing.
  - Public service activities including (but not limited to):
    - Peace Meals
    - Homeless Activities – matching funds for HUD’s Continuum of Care Program
    - Emergency Services (PATH)
    - Section 3 Job / Life Skills Training of public housing residents
  - Infrastructure funding (sidewalk, street, curb and gutter replacement, water and sewer services)
  - Public Facility Improvements (building improvements for non-profits)
  - Administration of the Continuum of Care programs for the homeless
  - Administration of non-HUD grants such as the Illinois Housing Development Authority’s Abandoned Property Program.
- 

---

We are projecting to receive the same funding as we did in FY 2016. The Federal Fiscal Year begins October 1 of each year. HUD generally announces allocation amounts by March each year. Our allocation for May 1, 2016, will be under the 2015 Federal Fiscal Year.

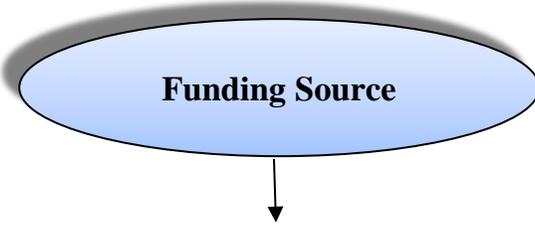

---

**FY 2017  
Budget & Program  
Highlights**

---

- Approximately \$216,000 for housing rehabilitation grants will be provided for low- to moderate-income, single-family households through the Community Development Block Grant (CDBG) program. This includes service delivery costs.
  - Economic opportunities will be provided for local contractors to improve the quality of the City's low- to moderate-income housing stock through the City's Housing Rehabilitation Program.
  - We will provide \$10,000 to Section 3 Job and Life Skills Training for Bloomington Public Housing Residents.
  - We will provide \$20,000 to the Peace Meal Senior Nutrition Program.
  - We will provide \$10,000 to Heartland Head Start for playground equipment necessary to meet a federal mandate.
  - We will provide \$5,000 to MidCentral Community Action for assistance with purchasing a security system for the new Resident Officer program on the City's Westside.
  - We will provide \$5,000 to Partner's for Community to help close a funding gap for their Recycling Furniture for Families program.
  - Administrative services and funds of \$23,680 for homeless activities will be provided through Community Development Block Grant funds.
  - We will administer the Continuum of Care programs for the homeless (total grants of \$331,839)
    - Supportive Services Grant: \$128,706 (PATH, Collaborative Solutions, Children's Home + Aid and Recycling Furniture for Families)
    - Core Services Grant: \$136,706 (PATH and Salvation Army)
    - Homeless Management Information Systems Grant: \$22,439 (PATH)
    - Salvation Army Genesis House Grant: \$5,129
    - Mayor's Manor Shelter Plus Care Grant: \$22,320
    - COC Planning Grant: \$16,539
  - A total of \$210,000 will be provided for demolition of dilapidated structures. We are projecting to deed 7 lots to Habitat for Humanity for the development of affordable housing.
  - We will provide \$20,000 in CDBG funds for Emergency Grant / Hoarding services through PATH.
  - \$15,500 in CDBG funds will cover operational expenses for Program Administration.
  - We will continue our involvement in the West Bloomington Revitalization Project (WBRP) area by providing \$5,000 to the WBRP Tool Library and \$10,000 to the WBRP Façade Program.
  - We will continue the partnership with Construction Charities in the amount of \$25,000 for rehabilitation on manufactured homes.
  - \$100,000 for a Public Facility Improvement on a non-profit building.
  - \$35,200 to Connect Transit for construction of 4 shelters in the City's low and moderate income areas.
  - We will continue to participate in the West Bloomington Housing Collaborative.
-

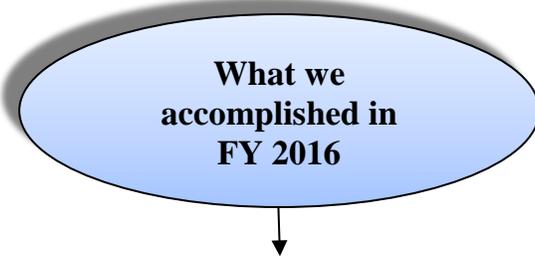

**Funding Source**

---

100% Grant Funded

Note: All the labor-related expenses are paid out of the City's General Fund Code Enforcement Division. As of the end of FY15, Community Development had \$1,805,829.05 in active loans. Loan repayments average approximately \$30,000 annually.

---

**What we  
accomplished in  
FY 2016**

- 
- Approximately \$150,000 was provided for 15 housing rehabilitation grants / loans for low- to moderate-income, households through the Community Development Block Grant (CDBG) program.
  - Approximately \$232,000 of CDBG funding was expended for infrastructure improvements on Catherine Street which is located within the targeted Low to Moderate Income Area. The funding included sewer connections for 6 homes on Catherine.
  - We provided economic opportunities for local contractors to improve the quality of the City's low- to moderate-income housing stock through the City's Housing Rehabilitation Program.
  - We provided \$10,000 to Section 3 Job and Life Skills Training for Bloomington Public Housing Residents.
  - We provided \$20,000 to the Peace Meal Senior Nutrition Program.
  - We provided administrative services and funds of \$23,680 for homeless activities through Community Development Block Grant funds and Continuum of Care Funds.
  - Five lots were deeded to Habitat for Humanity for the development of affordable housing; One property deeded to YouthBuild for the purpose of rehabilitation and sale/lease to a low/moderate income household
  - We provided \$20,000 in CDBG funds for Emergency Grant services through PATH.
  - The partnership with Construction Charities continued with \$50,000 in CDBG funding expended for rehabilitation on approximately 6 manufactured homes.
  - The demolition of approximately 6 deteriorated houses was completed, expending an estimated \$100,000.
  - The West Bloomington Revitalization Project received \$5,000 in CDBG funds for the WBRP Tool Library and \$10,000 for the WBRP Façade Program.
  - Administered six Continuum of Care grants which provided services to homeless individuals. The grants totaled \$331,839.

\* **Negative** balances can be attributed to timing differences between expenditures and grant reimbursements.

## Challenges

- 
- **Departmental training** of new staff and current staff performing new duties is needed but is difficult to obtain due to limited course offerings.
  - **Funding** from HUD continues to decrease annually making it difficult to meet the needs of the community.
  - **Program Income** is difficult to estimate as most CDBG Rehabilitation Loans are deferred at 0% interest as long as the home remains owner-occupied.
- 

## Community Development Marketing / Advertising Policy

---

**Background** – HUD requires that the City of Bloomington follow an adopted Citizen Participation plan to ensure public involvement in the planning process and use of Community Development Block Grant (CDBG) Funds. The participation plan includes proper public notice and hearings to ensure engagement of those affected by its programs, as well as identifying the activities triggering this activity.

**Public Hearings** –A minimum of 2 public hearings are required annually. One hearing discusses the needs and associated activities to be undertaken by the City using our CDBG funding. The second hearing discusses the accomplishments of the City for a given year. Both hearings provide a forum for public comment.

**Public Notification** – The public is required to be given a 30-day advance notice of a scheduled public hearing. Notifications shall be posted in:

- City Hall and Government Center
- Bloomington Public Library
- City of Bloomington website
- Local newspaper of general circulation (The Pantagraph)
- PATH's newsletter (Providing Access To Help)
- Neighborhood organizations and churches located on the South and West sides (target areas) of Bloomington.

**Substantial Amendments** – Any time there is a proposed change in priority, purpose, location, scope, or beneficiary in the amount of \$100,000 or more, the public will be notified and allowed time to comment as stated above.

**Other Notices** - Generally CDBG programs have a waiting list of participants derived from our HUD required public notices and hearings (see above). Therefore, additional public advertisement of the programs is generally not needed. In the event that we have exhausted our waiting list of applicants, we will advertise the programs as identified and required by HUD in our public notification procedure.

---

*Fluctuation of grant funds received is due to HUD's budget appropriation for this program and the addition / deletion of entitlement communities every year.*

*As of 2015, over \$34.5 million in federal dollars has been received by the City of Bloomington CDBG program, to address the needs of the low / moderate income population.*

---

The mission of the Bloomington Public Library is to provide our diverse community with a helpful and welcoming place that offers equal access to the world of ideas and information and supports lifelong learning. The Bloomington Public Library serves the residents of Bloomington and the Golden Prairie Public Library District. It is governed by a nine-member Board of Trustees appointed by the Mayor. The Library Board appoints the Library Director, sets the policies for the Library, and approves the budget and all expenditures for the Library. The Library is a community asset that the Library Board holds in trust for the public.

---

---

The Illinois Local Library Act (75 ILCS 5/4) summarizes the powers and responsibilities of Library boards of trustees.

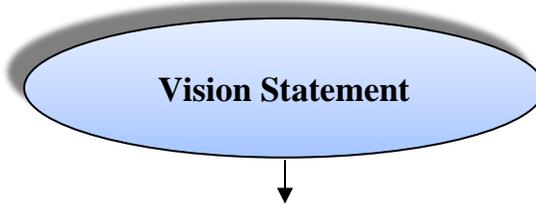

---

**FY 2017  
Budget & Program  
Highlights**

---

- The Library revenue amount from the City property tax levy requested is \$4,546,710, the same amount requested last year. Except for the increase of \$33,233 in FY15, the Library property tax levy has been flat for the past 6 years.
  - The Library will continue to explore new technology to meet the needs of the community. Use of eBooks from several platforms, downloadable music from Freegal, and downloadable magazines from Zinio continue to increase. Uses of these digital resources has grown 4% from 54,124 downloads in FY14 to 56,404 in FY15. Classes on the use of e-Readers and how to download free eBooks from the Library continue to be very popular. A digital media lab was opened in May 2013 and is used regularly. The Library regularly gives programs using its 3D printer, raspberry pi, OZObots, and other resources.
  - Proceeds from our successful Book Shoppe of about \$20,000 annually are used to supplement the Library's program budget.
  - Utility bills have been coming down because the boiler and controls system were upgraded in the spring of 2014. The air handler and air distribution system will likely be phase two in FY 2015.
- 

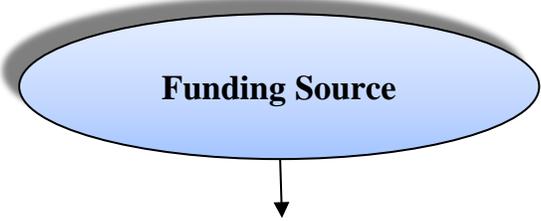

**Vision Statement**

---

Bloomington Public Library is a vital community resource. The Library is passionate about what it is and what it does. The Library provides outstanding collections and the latest technologies in relaxed and inviting atmospheres. In addition, the Library offers relevant services and inspiring programs to meet diverse individual needs. Through the friendly and knowledgeable staff, the Library provides exceptional service to all of our citizens.

The Library and staff take an involved role in the community by partnering with organizations to enrich the quality of life. The Library uses technology to build upon traditional Library and civic values to create an enduring sense of place. To meet our community's expectations, the Library embraces its responsibility to thrive and grow. Mirroring the exponential development of the community, the Library will expand its locations, services, collections, and programs. The main Library, located downtown, provides the full range of services and will be enhanced by branches and other access points, both physical and virtual. The Bloomington Public Library provides a quiet space in a hectic world for interaction, communication, study, and reflection. The Library is a destination that cannot be visited often enough.

---

## Funding Source

---

Property Taxes 83.3%, Golden Prairie Library District 6.8%, Grants, Fees, Fines and Other 7.5%, Replacement Tax 2.4%

---

## What we accomplished in FY 2016

- The Library continues to be very busy. Total circulation for FY 2015 was 1,430,682 down 59,026 items loaned or 4% from last fiscal year's circulation of 1,489,708. Bloomington Public Library loaned 18.6 items per capita, exceeding the national average of 13.54 items per capita for communities with population of 50,000 to 99,999.
- There were 367,216 visitors to the main Library and the Bookmobile in the past fiscal year which is an average of 30,000 visitors per month, a significant decrease from the 452,313 visitors the previous year.
- During FY 2015, 48,332 individuals logged onto a public access computer compared to 60,399 the previous year.
- 93,356 holds placed by customers were filled with items from the collection compared to 95,215 holds filled in FY 2014.
- 34,709 residents of Bloomington, or about 45%, have Library cards, down slightly from 37,714 library cardholders in FY 2014.
- Of the total circulation of 1,430,682, there were 697,030 adult books loaned, 39,263 teen books, 637,985 children's books, 44,322 eBooks loaned, 7,429 Freegal music downloads, and 4,653 magazines borrowed from Zinio.
- The new bookmobile was delivered in February, 2015.
- Space and parking continue to be issues.

These statistics demonstrate that staff are delivering friendly, helpful service to our customers and offering the materials they want in an inviting environment.

Our performance indicators over the past few years have shown tremendous growth in the usage of the Library. This year's numbers illustrate that the Library has hit its threshold for the size of its collection and space available. Without additional space and parking, use of the Library should not be expected to continue to grow at the rapid pace of the last ten years.

---

\*A portion of the Library fund balance is restricted for capital improvement and fixed asset replacement.

- 
- Existing Service Level Issues and Concerns** - The focus of the Library’s goals and efforts to accomplish them in the future revolve around the ability to continue to offer our customers the same level of materials and services that they have come to expect. Circulation has more than doubled from 665,573 in FY 2005 when the Library building renovation began, to 1,570,410 in FY 2013. The Library is now consistently lending over 100,000 items every month. To manage this growth, the Library has turned to technology, such as the self-check system, print management and pc reservation software, and RFID tags, plus managing workflow more efficiently. The Library has run out of space for additional materials, computers, office space, seating for customers, programming space and parking space. The concern now is how to continue to meet the community’s demands for resources and services.
  - Future Service Level Issues and Concerns** - Additional parking, shelf space, meeting space, and seating are needed. Rapidly changing technology such as eBooks and other downloadable software continue to challenge the Library’s ability to provide needed services and resources. The Library Board has engaged the Farnsworth Group to study the library’s future needs and possibilities for expansion in its current location.
-

**Library Funds**

---

In FY 2011, the Board of Trustees passed a resolution establishing two special revenue funds (Capital Reserve Fund and Fixed Asset Fund) and a policy regarding the Maintenance & Operating Fund. Following is a synopsis of the three funds:

- **The Maintenance and Operating Fund** is used to hold the monies needed for operation of the Library and a target of 25% of the annual operating budget is set aside as working cash and to cover unanticipated emergencies.
  - **The Fixed Asset Fund** is restricted for fixed asset items such as replacement of computers, the Bookmobile, shelving, and furniture.
  - **The Capital Reserve Fund** also is restricted for the purchase of land or construction of a building to expand access to the services the Library provides to the community.

# Park Dedication Fund

24104100-24104160

**Purpose**  
(Why does this fund exist?)

---

The Park Dedication Fund is used to account for developer payments made to the City (per City Code) to provide park facilities when a subdivision is developed. Within the Park Dedication Fund, the City is divided into 8 Neighborhood Planning Areas. (See attached map) This ensures the funds are expensed in the area of development. The cash contribution in lieu of park and recreation land dedication is held in trust by the City or another public body designated by the City, solely for the acquisition and development of park and recreation land. Funds are available to serve the immediate or future needs of the residents of a subdivision or for the improvement of other existing local park and recreational land which already serves such areas.

---

**What changes are coming to this fund?**

- 
- **GASB 54** – In FY 2012, the City implemented Governmental Accounting Standards Board Statement 54. This Statement reinforced the City’s assumption that this fund should be classified as a special revenue fund.
  - **In 2017** the Director will have had time to familiarize himself with the Fund, the Park Master Plan and Update(s) and address pending park sites, construction and improvements as needed.
-

**FY 2017  
Budget & Program  
Highlights**

- 
- Dedication of \$200,000 for Sunnyside Renovations or other emergency expenditures.
- 

**Funding Source**

---

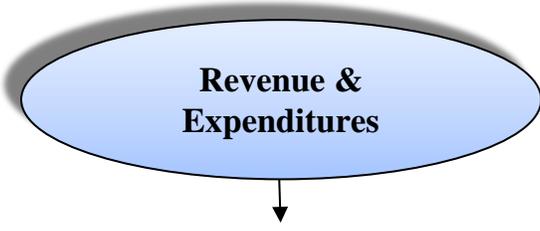

Developer payments and grant funds  
Current Balance as of April 30, 2015 is \$917,589

---

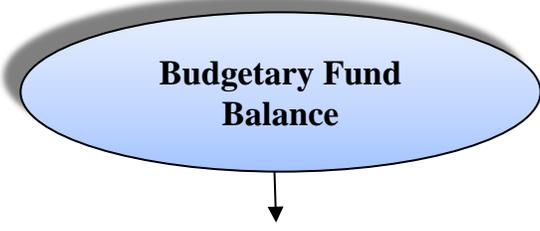

**What we accomplished  
In FY 2016**

- 
- Due to the change in leadership work is currently in progress to establish new goals and priorities for this fund.
-

# DEBT SERVICE FUNDS

## **DEBT SERVICE FUNDS**

- 30100100 General Bond & Interest
- 30300300 Market Square TIF Bond Redemption
- 30600600 2004 Coliseum Bond Redemption
- 30620620 2004 Multi-Project Bond Fund Redemption

# Debt Service Funds

3010, 3030, 3060, 3062

**What is the purpose of these Debt Service Funds?**

---

The funds noted above account for debt service payments of bond principal and interest. Via bond ordinances the City is required to levy ad valorem tax to pay for the annual debt service of bonds unless otherwise abated by the Council. If the Council abates annual bond payments or a portion thereof; then other funds must be set aside to guarantee these payments. This feature makes City bonds very attractive to investors since interest payments are guaranteed each year.

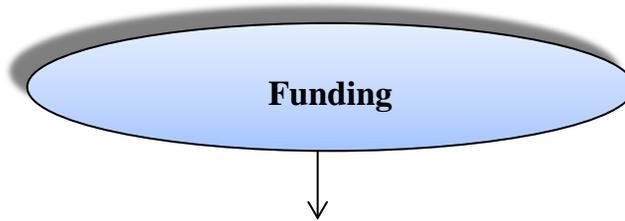

---

**Authorization & Legal Debt Limit**

- 
- The Debt Service Fund is established by Ordinances to authorize the issuance of General Obligation Taxable and Tax-Exempt Bonds.
  - As a “Home Rule” unit of government established by the 1970 Illinois Constitution, the City of Bloomington has no statutory debt limit. The City has established and adopted its own policies in regards to the utilization of debt instruments. Debt is used for a variety of purposes and in a variety of ways. The principle use of debt by the City has been for making capital expenditures.
-

- 
- Total bond debt service for FY 2017 is \$7,639,068. This is comprised of principal payments of \$5,335,345 and interest of \$2,303,723.
  - The City will continue to monitor the rates for all bond issuances to ascertain whether the City should refinance the variable rate bonds into fixed rate bonds or take advantage of other refunding opportunities.
- 

---

Property Tax, Replacement Tax, and General Fund Transfers

---

- 
- The City continues to adhere to the City's debt policy adopted by City Council in March 2012.
  - The City promptly paid the principal and interest payments in accordance with the bond covenants for each of the City's outstanding debt issuances.
  - The City maintained disclosure requirement in accordance with each bond covenant through the Digital Assurance Corporation.
-

**Bloomington will retire 68% of its bonded debt over the next ten years.**

## General Obligation Debt Issuances

---

### **General Obligation Demand Bonds, Series 2004 – Variable Rate**

The City issued \$15,600,000 General Obligation Demand Bonds, Series 2004 in 2004 for the purpose of constructing the Pepsi Ice Center and associated Pepsi Ice Center Parking Garage, renovating the Performing Arts Center within the Cultural District, and refunding a portion of the General Obligation Bonds, Series 1994. The City pays debt service expenditures from dedicated revenues within the General Fund and abates associated property tax levies. Principal payments ranging from \$100,000 to \$1,200,000 are due each June 1<sup>st</sup> from 2005 to 2024. Interest is variable at the lesser of 9% or 125% of the rate for the 20 G.O. Bonds Index of average municipal bond yields and is paid on a monthly basis. The future interest payments on the variable rate bonds are computed using an interest rate of 3.0%. The demand bonds are secured by an Irrevocable Bond Purchase Agreement dated October 1, 2004 with an expiration date of October 13, 2015. The demand bonds are subject to purchase on the demand of the holder at a price equal to the aggregate principal amount of the bonds to be redeemed plus accrued interest thereon to the redemption date, without premium, on 60 days' written notice and delivery to the Bond Registrar, U.S. Bank, N.A. The Fiscal Year 2017 principal which will be retired is \$800,000 with interest dependent upon the weekly interest rate of the bonds (est. \$245,000).

### **General Obligation Bonds, Series 2005 – Fixed Rate**

The City issued \$9,900,000 General Obligation Bonds, Series 2005 in 2006 for the purpose of capital improvements for the Performing Arts Center within the Cultural District. The City pays debt service expenditures from dedicated revenues within the General Fund and abates associated property tax levies. Principal payments ranges from \$360,000 to 725,000 are due each December 1 from 2007 to 2025. Interest ranges from 3.875% to 4.10% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$751,854.

### **General Obligation Bonds, Series 2007 – Fixed Rate**

The City issued \$10,000,000 General Obligation Bonds, Series 2007 in 2008 for the purpose of the construction of Fire Station #5, McGraw Park, and Sewer improvements throughout the City. The City pays debt service expenditures from dedicated revenues in the General and Sewer Funds through the property tax levy. Principal payments ranging from \$155,000 to \$670,000 are due each June 1<sup>st</sup> from 2009 to 2032. Interest ranges from 4.00% to 4.50% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$695,988.

### **General Obligation Refunding Bonds, Series 2009 – Fixed Rate**

The City issued \$2,840,000 General Obligation Refunding Bonds, Series 2009 in 2009 to refinance the final payment for the General Obligation Bond Series, 1996 and the second to last payment for the General Obligation Bond Series, 2001 to improve the cash position of the City. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$840,000 to \$1,000,000 are due each June 1<sup>st</sup> from 2025 to 2027. Interest ranges from 4.125% to 4.25% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 interest payment is \$118,400.

### **General Obligation Refunding Bonds, Series 2011 – Fixed Rate**

The City issued \$5,075,000 General Obligation Refunding Bonds, Series 2011 in May of 2011 to refinance a portion of the 2004 Taxable General Obligation Bond. The City refinanced a limited portion of the debt from taxable to tax exempt to remain in compliance with the "*Private Business Use Test*" as established by the IRS. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$645,000 to \$1,170,000 are due each June 1<sup>st</sup> from 2013 to 2018. Interest ranges from 2.00% to 3.50% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$1,244,325.

**General Obligation Taxable Bonds, Series 2012 – Fixed Rate**

The City issued \$7,660,000 General Obligation Taxable Bonds, Series 2012 in April of 2012 to pay-off the Early Retirement Incentive program through the Illinois Retirement Municipal Fund. The City issued Taxable Bonds in adherence to provisions of the Internal Revenue Service. The City pays debt service expenditures from dedicated revenues within the General and Water Funds. Principal payments ranging from \$2,270,000 to \$3,000,000 are due each December 1<sup>st</sup> from 2013 to 2015. Interest ranges from 0.99% to 1.57% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. These GO Bonds will be paid off in Fiscal Year 2016.

**General Obligation Refunding Bonds, Series 2013A – Fixed Rate**

The City issued \$7,800,000 General Obligation Refunding Bonds, Series 2013A in 2013 to refinance the 2003 General Obligation Bonds in the amount of \$8,000,000. The City pays debt service expenditures from dedicated revenues within the General Fund. Principal payments ranging from \$330,000 to \$1,100,000 are due each June 1<sup>st</sup> from 2014 to 2023. Interest ranges from 2.00% to 4.00% and is due semi-annually on June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$1,148,975.

**General Obligation Bonds, Series 2013C– Fixed Rate**

The City issued \$9,225,000 General Obligation Bonds, Series 2013C in 2013 to finance road and sewer improvements throughout the City. The City pays debt service expenditures from dedicated revenues in the General Fund and through the property tax levy. Principal payments ranging from \$930,000 to \$1,140,000 are due each December 1<sup>st</sup> from 2015 to 2023. Interest ranges from 2.00% to 3.00% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$1,169,750.

**Taxable General Obligation Refunding Bonds, Series 2014A– Fixed Rate**

The City issued \$14,920,000 Taxable General Obligation Refunding Bonds, Series 2014A in 2014 to refund the outstanding Taxable General Obligation Bonds, Series 2004. The City pays debt service expenditures from dedicated revenues in the Coliseum Fund and through the property tax levy. Principal payments ranging from \$415,000 to \$965,000 are due each June 1<sup>st</sup> from 2015 to 2034. Interest ranges from 3.00% to 4.15% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$915,555.

**General Obligation Refunding Bonds, Series 2014B– Fixed Rate**

The City issued \$9,340,000 General Obligation Refunding Bonds, Series 2014B in 2014 to refund the outstanding Taxable General Obligation Bonds, Series 2004. The City pays debt service expenditures from dedicated revenues in the Coliseum Fund and through the property tax levy. Principal payments ranging from \$0 to \$1,050,000 are due each June 1<sup>st</sup> from 2015 to 2034. Interest ranges from 2.00% to 3.75% and is due semi-annually in June 1<sup>st</sup> and December 1<sup>st</sup>. The Fiscal Year 2017 principal and interest payment is \$409,813.

**2017 Proposed Bond Issuance**

The City is proposing to issue \$1,750,000 in bonds during Fiscal Year 2017. These bonds would be used mainly for facilities projects and parking garage improvements. The City's Finance Department predicts that the bond will have an interest rate of 4.50%. It estimates that principal payments will average around \$87,500 from 2017 to 2036. The Projected Fiscal Year 2017 principal and interest payment is \$140,000.

**\$15,600,000**  
**City of Bloomington, Illinois**  
**General Obligation Series 2004**

**Date:** October 8, 2004

**Interest:** Semi-annual principal payments are due each June and December, commencing June 1, 2005. Interest is variable at the lesser of 9% or 125% of the rate for the 20 G.O. Bond Index of average municipal bond yields and is paid on a monthly basis.

**Rating:** Standard & Poor's: AA-  
 Moody's: Aa2  
 Fitch: AA+

**Purpose:** The bonds were issued for two reasons. First, there was a bond refunding of \$3.3 million of the 1994 Tax Increment Financing Bonds. Second, the \$12.3 million financed the construction of the Pepsi Ice Center, Pepsi Ice Center Parking Garage, and to finance the renovation of the Bloomington Center for the Performing Arts.

**Security:** The bonds are secured by the full faith and credit of the City and are payable from ad valorem property taxes without limitation as to the rate or amount and any other legally available funds of the City.

**\$9,700,000**  
**City of Bloomington, Illinois**  
**General Obligation Series 2014B**

**Date:** September 4, 2014

**Interest:** Semi-Annual each June and December, commencing December 1, 2014. Interest accrues at rates ranging from 2.00% to 3.75%.

**Rating:** Moody's: Aa2  
 Fitch: AA+

**Purpose:** The bond was issued to refund a portion of the City's outstanding Taxable General Obligation Bonds, Series 2004.

**Security:** The bonds are secured by the full faith and credit of the City and are payable from ad valorem property taxes without limitation as to the rate or amount and any other legally available funds of the City.

**Account:** 2004 Coliseum Bond Redemption

**Debt Service:**

# Capital Improvement Fund

40100100

**Purpose**  
(Why does this fund exist?)

---

As required by accounting standards, capital expenditures for governmental activities that are not considered business activities must be accounted for in a separate fund. Governments often find it useful to report major capital acquisition and construction separately from their ongoing operational activities. Separate reporting enhances an understanding of the government’s capital activities, and it helps avoid the distortions in financial resources trend information that can arise when capital and operating activities are mixed.

**Authorization**

---

Generally Accepted Accounting Principles (GAAP) provide for the use of capital project funds “to account for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed through proprietary (enterprise) and trust funds).”

---

**Capital Improvement Fund vs. Capital Improvement Program**

**Capital Improvement Fund**  
*In general, the Capital Improvement Fund represents capital expenditures related to the General Fund and is incorporated into the Capital Improvement Program.*

**Capital Improvement Program**  
*The Capital Improvement Program encapsulates capital expenditures for all City operations.*

**Capital expenditures are building improvements, land improvements and infrastructure.**

**The purchase of vehicles and equipment is accounted for in either the Capital Lease Fund or within the departmental budgets depending on the funding source.**

**FY 2017  
Budget & Program  
Highlights**

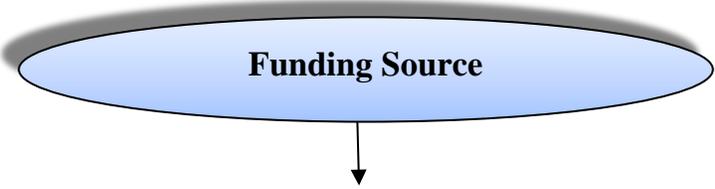

The FY 2017 Capital Improvement Budget will fund the following capital projects. Twenty-five percent of the 1% increase from the Home Rule Sales Tax increase and the increase in Local Motor Fuel Tax will fund \$4,828,619 for the street resurfacing and sidewalk projects. This work should begin in late June or early July 2016.

<b><u>Fire Capital Improvement Projects</u></b>	
Fire Station #3 Kitchen Renovation	\$65,000
Fire Station Alerting Systems (Five Bugles Report)	\$300,000
Fire Station #3 Architectural Fees (Five Bugles Report)	\$330,000
<b><u>Facilities Capital Improvement Projects</u></b>	
Major Facility Repairs	\$250,000
City Hall Annex Demolition	\$350,000
Downtown Wayfinding Signage	\$75,000
City Hall Safety Improvements	\$180,000
Police Administration Window Repairs	325,000
Consultant Fees for a Program Study of City Use of Space for Personnel	\$120,000
Downtown Parking Evaluation	\$100,000
<b><u>Parking Capital Improvement Projects</u></b>	
Market Street Garage Improvements	\$250,000
<b><u>Police Capital Improvement Projects</u></b>	
Indoor Firing Range Final Restoration and Maintenance Including Restrooms	\$200,000

<b>Public Works Capital Improvement Projects</b>	
Multi-Year Street & Alley Resurface Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$3,361,549
Multi-Year ADA Sidewalk Ramp Replacement Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$500,000
Multi-Year Sidewalk Repair Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$463,070
Multi-Year Sidewalk Replacement 50-50 Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$100,000
Emergency Multi-Year Street, Alley & Sidewalk Repairs (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$200,000
FY 2017 Resurfacing-Remaining Portion of 2013 Bond for \$10.0 Million-Street Resurfacing	271,715
Harvest Point Subdivision Pavement Oversizing Construction	\$14,000
Washington Street Realignment: Euclid - Brown - Feasibility Study	\$40,000
The Grove on Kickapoo Creek Subdivision Pavement Oversizing	\$200,000
<b>Parks Capital Improvement Projects</b>	
O'Neil Park Aquatic Center & Lincoln Leisure Center Feasibility Study	\$100,000
Miller Park Pavilion & LLC - Replace Smoke and Burglar Alarms	\$35,000
Route 66 Trail Normal to Towanda - Construction 2nd Half	\$45,000
Route 66 Trail Towanda North 2.4 Miles - Design	\$600
Route 66 Trail Towanda North 2.4 Miles - Construction	\$44,000
Route 66 Trail Shirley South - Design	\$400
Route 66 Trail Shirley South - Construction	\$35,000
Downtown Bike rack & bench project	\$25,500
BCPA Tuckpointing and Masonry Repairs	\$120,000
BCPA Replace Trane Chiller, HVAC, Water Pumps, Carpet, Hot Water Heater	\$10,150

The City will be working through master plans to most effectively prioritize the City's capital needs. This will include alignment with the City's Strategic Goals.

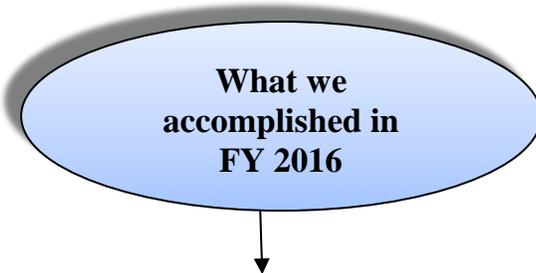

**Funding Source**

---

Transfer from the General Fund, Grants, Private Foundations and Bond proceeds.

---

**What we  
accomplished in  
FY 2016**

---

- The City Council approved a contract with PIPCO Companies Ltd. and subsequent budget amendment for \$188,100 for the Replacement of the Fire Sprinkler System in the Bloomington Police Department Garage.
  - The City Council approved a contract with Corrective Asphalt Material for \$75,000 for the Pavement Preservation funded through the Local Motor Fuel Tax.
  - The City Council approved a contract with J.G. Stewart for \$400,000 for the Multi-year ADA Sidewalk Ramp Replacement and Sidewalk Repair Program funded through the Local Motor Fuel Tax.
  - The City Council approved 2 contracts with Rowe Construction totaling \$1,925,000 for the Street and Alley Resurfacing Program funded through the Local Motor Fuel Tax.
-

**Revenue &  
Expenditures**

<b>Capital Improvement Fund</b>	<b>FY 2015 Actual</b>	<b>FY 2016 Adopted Budget</b>	<b>FY 2016 Projected</b>	<b>FY 2017 Proposed Budget</b>

40110130	40110131
40110133	40110135
40110137	40110139

**Purpose**  
(Why does this fund exist?)

---

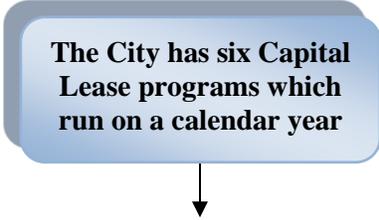

In FY 2011, the City initiated a Capital Lease program to replace needed equipment. The City utilizes capital leases for most of its equipment, rolling stock needs and some capital projects and infrastructure.

---

**What is a Capital Lease?**

- 
- A capital lease is a fixed-term (and usually non-cancelable) lease, similar to a loan agreement, used to purchase a capital asset in installments. The lessor's services are limited to financing the asset, and the lessee "City" pays all costs, which include insurance, maintenance, and taxes. Capital leases are regarded as equivalent to a sale by the lessor, and a purchase by the lessee (even though the lessor holds the title in the lessee's name until the end of the lease period). Therefore, leased assets must be capitalized and shown in the lessee's balance sheet as a fixed asset with a corresponding non-current liability (lease payable).
  - To be considered a capital lease, a lease must meet one or more of these four criteria:
    - (1) The title of the asset passes automatically from the lessor to the lessee at the end of the lease term. (This criteria is met by the City.)
    - (2) The lease contains a bargain purchase option under which the lessee may acquire the leased-asset at less than its fair market value at the end of the lease term,
    - (3) The lease term is for a period longer than 75 percent of the estimated economic life of the asset, or
    - (4) The present value of the lease payments is greater than 90 percent of the fair market value of the asset at the beginning of the lease term.
  - A capital lease is a "full payment lease" because the lease payments pay back (amortize) the full cost (including finance costs, overhead and profit margin) of the leased asset to the lessor, with little or no dependence on the residual (or salvage) value of the asset.
-

**The City has six Capital Lease programs which run on a calendar year**

- 
- **Capital Lease 2011 (FY 2012)**
    - Total Amount - \$4,300,000
    - Time Period - 5 years
    - Equipment included: 1-Fire Truck, 2-Ambulances, 7-Police Vehicles, 4-Automated Recycling Trucks, 2-Passenger Vans, Fleet Golf Carts for Prairie Vista Golf Course, Golf Course Maintenance Equipment for all courses, 1-Street Paint Machine, 3 Utility Vehicles, 1-Book Truck, Recycling Toters, and 1-Mini-Garbage Packer.
  
  - **Capital Lease 2012 (FY 2013)**
    - Total Amount - \$6,537,560
    - Time Period - 5 years & 10 years
    - Equipment included: 1-Fire Aerial Truck, 2-Ambulances, 6-Police Vehicles, 7- Automated Recycling Trucks, 5-Street Dump Trucks, 7- Utility Vehicles, Replacement of the Fleet Fuel Station, and Refuse Toters.
    - Amended to add Aerial Truck replacement \$964,950 approved by City Council on July 22, 2013
  
  - **Capital Lease 2013 (FY 2014)**
    - Total Amount - \$1,708,087
    - Time Period - 5 years
    - Equipment included: Upgrade of Information Technology Network, 1-Boom Truck, Partial payment for 1-Rescue Pumper, 1-End Loader, 1-Passenger Bus, Replacement Golf Fleet at The Den at Fox Creek Golf Course, Replacement of the Prairie Vista Golf Course Pumping Station, 1-Backhoe Unit, and 2-Dump Trucks.
  
  - **Capital Lease 2014 (FY 2015)**
    - FY 2015 Total Amount - \$3,581,000
    - Time Period - 5 years & 10 years
    - Equipment included: Information Services Equipment, Information Services Network Switches, 2-Park Vehicles, 1-Dirt Grinder, BCPA Building Repairs, 7-Police Vehicles, STARCOM Console and Radios, 1-Ambulance, 1-Medic Vehicle, 1-Fire Pump Truck, Partial payment for 1-Rescue Pumper, 1-Fire Training Vehicle, 1-Facility Management Vehicle, 1-Parking Vehicle, 1-Skidsteer, 1-Asphalt Mill, 1-Engineering Vehicle, 1-Vehicle Diagnostic Tool, 5-Water Vehicles, 1-Automated Recycling Truck, U.S. Cellular Coliseum Safety and Building Repairs and Upgrades.
  
  - **Capital Lease 2015 (FY 2016)**
    - FY 2016 Total Amount - \$4,795,613
    - Time Period - 5 years & 10 years
    - Equipment included: IS Security camera infrastructure, IS Network switch replacements, IS fixed assets, Police Department Professional Standards software, IS Video Conferencing Solution, Fire Cardiac Monitor/Defibrillator, 3-Fire Oxygen Cylinder Fill Stations, 1-Fire Utility Task Vehicle, 3-Water Admin Dodge Dakotas, 1-Water Snow plow & Spreader system, 1-Water John Deere 410J, 1-Water Small Wheel Loader, 1-Water Dodge Sprinter, 1-Lake IH7400, 1-Lake IHS4700, 1-Sewer Dodge Dakota, 1-

Sewer Ford E450, 1-Solid Waste IHS4900, 1 Solid Waste IH7400, 1-Solid Waste John Deere TC54H, 1-Golf Rough Mower.

- Capital Projects included:
    - Fire Station Vehicle Exhaust Drop (all stations will have been completed after FY 2016) for \$120,000
    - New Trail - The Grove to Benjamin School, Safe Routes to School Grant for \$200,000 with the grant covering 80% (\$160,000) and the City paying \$40,000 (pushed from FY15)
    - Route 66 Trail Normal To Towanda - Construction 2nd Half for \$75,000
    - Route 66 Trail Towanda north 2.4 miles - Construction 1st half for \$30,000
    - Route 66 Trail Shirley south 1.1 miles - Const. 1st half for \$20,000
    - Design to demolish City Hall Annex for \$35,000
    - HAVCO Building Demolition for \$100,000
    - Resurface Butler Parking Lot for \$60,000
    - Police Firing Range-Allowance for Environmental Services for \$40,000
    - Repairs to Lincoln Parking Deck for \$251,700
    - Approximately 2.5 million in Coliseum repairs/upgrades
    - Replace Video System at the Coliseum for \$1.6 million
    - Upgrade Point of Sale system at the Coliseum for \$200,000
    - Repairs to HVAC, Chiller, Plumbing & Electrical Work at the Coliseum for \$200,000
    - Building Automated System at the Coliseum for \$50,000
    - Coliseum-Test, Balance, & Commission Smoke Control System-Faithful & Gould Study (Life & Safety) for \$35,000
    - Coliseum-Allowance for Modifications to Smoke Control System-Faithful & Gould Study (Life & Safety) for \$175,000
  - **Capital Lease 2016 (FY 2017)**
    - FY 2016 Total Amount - \$6,169,846
    - Time Period - 5 years & 10 years
    - Equipment included: Parks & Rec Registration Software, IS Agenda Management Software, IS Records Management Software, IS Network Equipment replacement, IS Network storage, IS Fixed Asset replacement, IS Video Conference implementation, 1-Code Enforcement Vehicle, 1-Building Safety GMC Sonoma, 1-Facilities Dodge Dakota, 2-Parks Chevrolet 2500, 1-Parks Ford F250, 1-Parks IH4900, 3-Parks Upfront Mower, 1-Parks Wide Area Mower, 1-Parks Jacobsen 5111, 1-Parks Chipper, 1-Parks Gang Mower, 1-Parks Tip Trailer, 1-Public Works Starcom equipment, 1-Engineering Dodge Dakota, 2-Street Maintenance 1 Ton Dump, 1-Fleet Shop Pressure Washer, 1-Fleet Vehicle Lift, 9-Police Patrol Vehicles, 1-Police GMC Yukon XL, 1-Police Kawasaki Mule, Police Body Worn Camera, 2-Fire Pump Trucks, 2- Fire Ford Expeditions, 1-Fire Ford Ambulance, Fire Cardiac Monitor/Debrillators, Fire Stryker Power cot Replacement, Fire Multi-Year Outdoor Warning Siren Replacement, Fire IV Administration Pumps, Water Leak Detection Equipment, Water Precision Locating Equipment, Water Excavation Shoring Equipment, 1-Water Ford F350, Water Stream Sampling/Flow Monitoring Equipment, Water Automated Enzyme Linked Immunoassay Analyzer, Water Field Instrumentation and Dataloggers, Water Gator for Watershed Field Work, Water Turbidimeters for Filters, Water Survey Grade GPS Unit, Water Flowmeters at Treatment Plant, Water Mini PLC/Controllers to replace obsolete filter controllers, Water Variable Speed Drive, Lake Floating Dock Sections, 1-Storm Water Elgin Eagle F1692D, 1-Solid Waste IH 7400, 1 Solid Waste Komatsu WA200PT-5, 2-Solid Waste JRB, 1-Golf Chevrolet S10, Coliseum Security Cameras.

# Downtown Bloomington TIF Redevelopment

This fund was closed in FY 2015

40300300

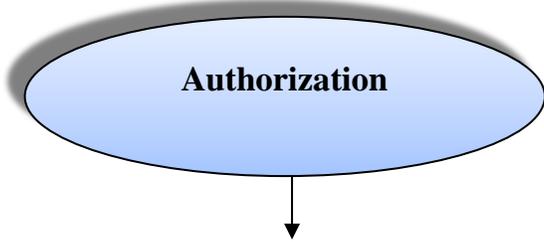

---

The Downtown Tax Increment Funding (TIF) fund is used to track the expenses and revenues related to the Downtown TIF redevelopment area.

The Downtown TIF ended December 31, 2009. The City completed several projects in 2010 (FY2010 and FY2011) that were contracted on or before the TIF ending date of December 31, 2009.

---

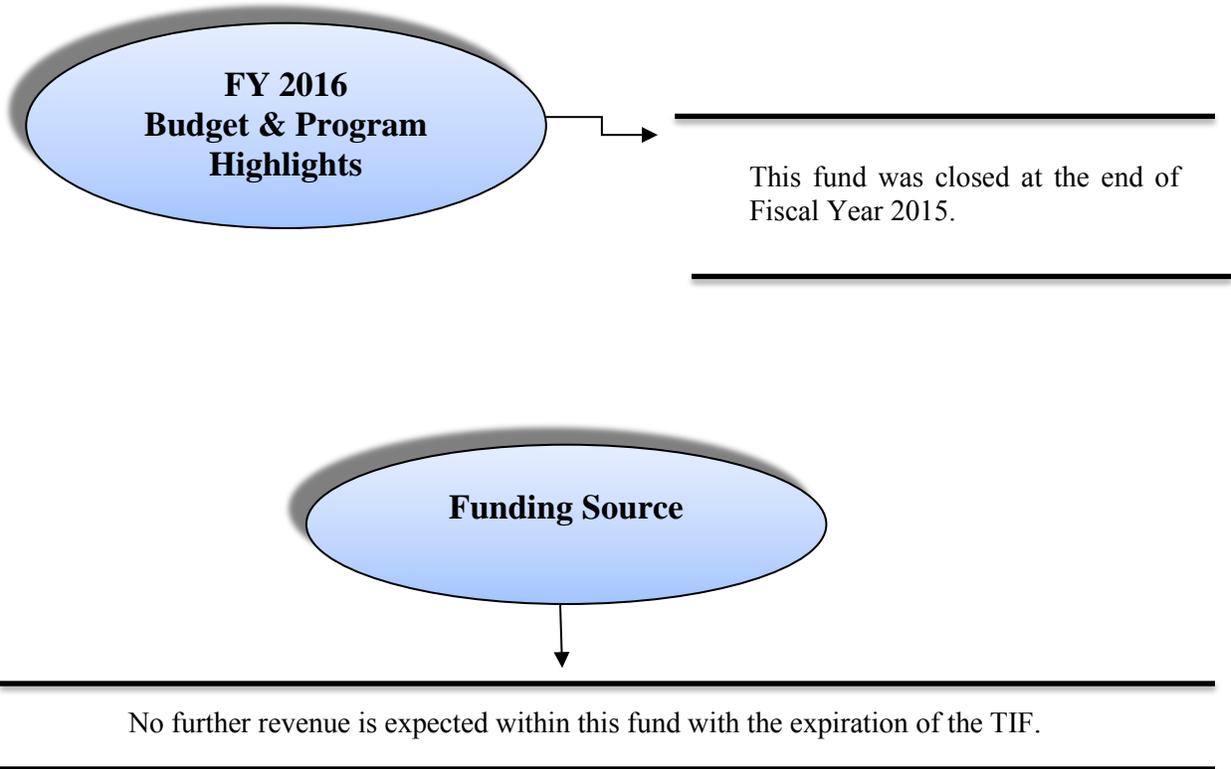

---

A Downtown TIF District was formed in 1986. A TIF (Tax Increment Funding) District receives the incremental property tax revenue for properties located within the TIF district boundaries. The incremental difference is the difference in taxes between the value of the properties at the formation of the TIF and the present day value. The City receives all taxes on this incremental portion, not just the City's share. The other taxing bodies only receive the portion of taxes calculated on the value of the property in the year the TIF was formed or the base year. These funds are reinvested into the TIF area to spur redevelopment.

---

Over 20 years ago, the Illinois General Assembly passed the Illinois Tax Increment Allocation Redevelopment Act that brought this development tool to Illinois. Illinois was the 25th state to adopt this economic development mechanism.

**FY 2015  
Notes**

- The City previously adopted an ordinance in 1986 in accordance with the Tax Increment Allocation Redevelopment Act of the State of Illinois to establish a redevelopment project area in Downtown Bloomington. The activities of this Tax Increment Financing District are accounted for in the Central Bloomington TIF Redevelopment Fund. All projects in the TIF district were completed however; due to litigation the fund remained open. The Central Bloomington TIF fund was closed after City Council approved a general fund transfer of \$21,005.57 on April 27, 2015.

# WATER

## Department

5010

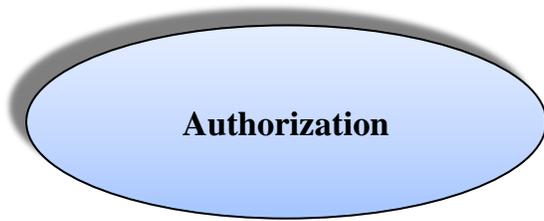

**Purpose**  
(Why does this division exist?)

---

The Water Department exists to provide safe, plentiful and affordable drinking water to the residents and businesses of the City of Bloomington and surrounding areas. The water produced by the Department is consistently of higher quality than required by federal and state drinking water regulations. The Department strives to manage the valuable resource of water by maintaining a very active watershed protection program, as well as contamination prevention and education programs. Unlike standard municipal services which serve only the City of Bloomington, the Water Department has a much wider scope and serves approximately 50% of the total population in McLean County, as well as many of the largest employers in Bloomington and Normal.

Beyond its primary focus as a potable water provider, the Department maintains a park system around the Lake Bloomington reservoir. The Department also leases home sites to over 200 residents in the Lake Bloomington area and provides limited municipal-like services to those residents. Recreational opportunities are provided to residents and non-residents alike through the lease of the Evergreen Lake reservoir to the McLean County Department of Parks and Recreation, and the use of the Lake Bloomington reservoir as a mixed-use facility. The Department also provides regional laboratory services to other water providers and contractors through its Illinois Department of Public Health certified laboratory. The Department provides billing services for Refuse and Bulk Waste Collection, Stormwater, and Sewer, as well contract billing for limited Town of Normal sewer customers and the complete billing and remittance for the Bloomington and Normal Water Reclamation District (BNWRD).

---

---

The City of Bloomington Water Fund and its related activities have been codified in Chapter 23 & 27 of the City Code.

---

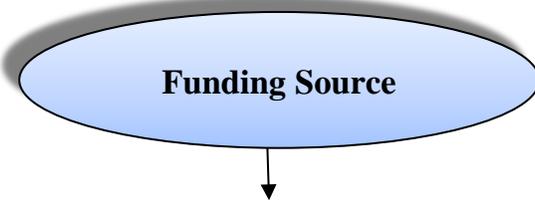

- 
- The Water Department FY 2017 total budget consists of \$15,097,100 in revenue and \$22,842,663 in expenditures including capital expenditures. The major drivers in the Department's non-capital expenses are labor (\$5,310,599), electricity (\$733,000) and chemicals/granular activated carbon (\$1,124,217) and debt payments (\$1,013,345). These four expenses alone account for \$8,181,161, or 35.8% of total expenses.

Capital Projects including design work proposed for FY 2017 include the following:

Multi-Year Outside Consultant Civil Engineering Services	\$	285,000
Multi-Year Compound Meter Upgrades	\$	200,000
Multi-Year Reservoir Shoreline / Stream Erosion Control Improvements	\$	200,000
SCADA Master Plan - Study / Design	\$	300,000
Parkview Drive, Fleetwood, and Mays Drive Water Main - Design	\$	50,000
Replacement of Caulking at Lake Bloomington - Design	\$	25,000
WTP Groundwater - Construction	\$	2,000,000
Cloud from McGregor St to Vale Water Main Replacement - Design	\$	25,000
Water Treatment Plant & Lake Evergreen Pump Station Arc Flash Study & Field Implementation	\$	50,000
Division Street Pump Station Improvements - Design	\$	50,000
Water Treatment Plant Recarbonation Bypass - Design	\$	25,000
Electrical Conversion of the Evergreen Pump Station - Design	\$	75,000
Water Department Infrastructure Master Plan	\$	350,000
Old Water Treatment Plant Roof Replacement	\$	250,000
Water Treatment Plant Fill Area Reshaping / Grading - Construction	\$	400,000
Natural Gas Main Replacement to Main Process Building	\$	135,000
Water Treatment Plant Filter Expansion - Design	\$	250,000
24" Transmission Main Relocation at Shelbourne Drive (HSR Conflict)	\$	330,000
Valley Sewer (Maizefield) CSO Elimination Phase 1 Design	\$	40,000
<b>Total:</b>	<b>\$</b>	<b>5,040,000</b>

---

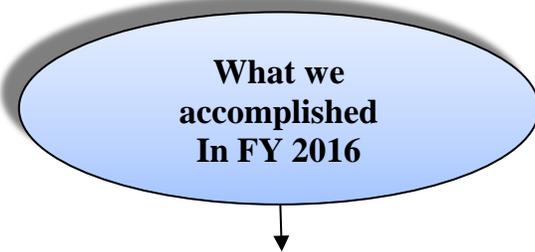

## Funding Source

---

Water customers pay two types of fees. A flat fee is calculated by the size of the meter. For example, there is a \$5.00 monthly meter charge for a residential house which is served by a  $\frac{5}{8}$  x  $\frac{1}{2}$ -inch meter. There is also a fee for each 100 cubic feet of water consumed by the customer. For each 100 cubic feet used, there is a \$4.01 charge. This yields an average water cost of \$33.38 for the typical household.

Fees for higher usage and larger meter size are based on an upward sliding scale that is available from the Water Department. Fees are also charged for fire protection for commercial and industrial customers with private fire suppression systems, and bulk water charges for contractual customers. Additional charges are also assessed when service is shut-off for delinquency, as well as late fees for delinquent accounts, lot lease fees for customers leasing land around Lake Bloomington, and charges for licenses to boat on Lake Bloomington.

---

## What we accomplished In FY 2016

---

### Operations

#### Staffing

The Department continues to operate with a deficiency in our staffing levels. Staff levels have been dramatically reduced since the early retirements in the late 2000's. At the time the Department has four vacant, though budgeted full time staff members. Responding to citizen concerns, daily operations & maintenance demands, and future planning efforts have been hindered by the lower than needed staffing levels.

#### Fluoridation Award

The Department was awarded a 100% compliance certificate from the Illinois Department of Public Health for compliance with the Illinois fluoridation law.

#### Davis Lodge HVAC Improvements

In order to replace the inadequate and malfunctioning electric furnaces at the Davis Lodge, a new natural gas service line was installed. New gas furnaces and air conditioning units were installed, along with gas fireplace units to increase the level of safety for guests and for the structure.

### Valve Operation Program

- About 250 valves in the valve operation program were installed.
- A new 20-inch water main was strategically installed in downtown Bloomington to minimize disruptions should a water main break occur in the future.
- About 20 new/replacement valves were installed in the distribution system.
- Global Positioning System (GPS) measurements were obtained on about 100 valves in the system.

### Online Bill Payment

Advertisement continued for the online bill payment option to residents and customers. The service was introduced in April 2009 and by the end of FY 2016, nearly 24,000 customers (75%) have signed up for access to our online site and about 6,000 (20%) of our customers utilize this service for paperless billing and automatic debit. Electronic billing statements will save the City approximately \$36,000 in paper bill processing and mailing costs by the end of FY 2015.

### Radio Frequency Water Meters

Approximately 3,000 radio frequency water meters will be installed by the end of FY 2016 raising our total to 95% of the system being converted. Through this cost savings and efficiency measure, we will eliminate the need for a full-time meter position by the end of FY 2016.

### Turbine to Compound Conversion

Approximately 250 turbine water meters will be converted to compound meters by the end of FY 2016. When water flows varies (such as the start of a work day, peak times at businesses) and then smaller amounts will be used at other times (evenings), then a compound meter is a much better choice because the meter can register both the very low flows and the higher flows as well. At the end of FY 2015, we only had 100 compound meters in our system. This has become the new regular installation for apartments, restaurants, and other similar locations.

### Turbine to Fire Protectus Meters

In FY 2016, the Department installed 2 Fire Protectus Meters. These meters were installed in two of our largest wholesale customers, the Village of Hudson and the Village of Towanda. We also replaced the pits the meters were stored in to better service the community and the meter. The fire service meter is designed for applications where fire service and domestic water supplies are fed by a single line. The meter measures extremely wide flow ranges at 98.5%-101.5% accuracy, registering leaks or unauthorized use of water from fire service lines. The department will continue to convert wholesale customers to Fire Protectus Meters in the coming years.

### **Wetland Demonstration Site Constructed**

The Water Department participated in the construction of a constructed tile drainage treatment demonstration wetland on City property near Lake Bloomington. Funding for wetland construction was provided by the Coca Cola Company, as part of their Global Sustainability initiative, through our partner organization The Nature Conservancy. Another watershed partner organization, the McLean County Soil and Water Conservation District, provided construction management expertise and technical assistance.

### **Lake Bloomington Shoreline Protection Project**

The Water Department stabilized a 1,950 foot stretch of severely eroding shoreline at North Park on Lake Bloomington. In conjunction with the stabilization work, the Friends of EverBloom obtained a \$20,000 grant from the US Fish and Wildlife Service to install fish habitat “lunker structures” that was incorporated into the stone toe shoreline protection.

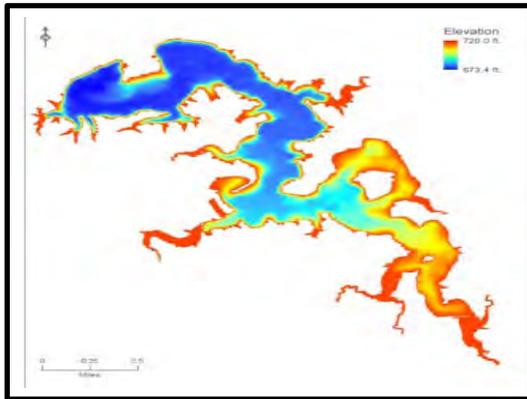

### **Stream Stabilization at T2 (tributary 2) at Comlara Park, Evergreen Lake**

A severely eroding and incising stretch of tributary stream that feeds into Evergreen Lake was stabilized by constructing stone riffle structures. Part of the project was funded through a US Fish and Wildlife Service grant obtained by the Friends of Reservoirs. In addition to stabilizing the stream reach and reducing the amount of sediment delivered to the lake, aquatic habitat is established with the practice.

### **Filter Underdrain Retrofit at the Water Treatment Plant**

The underdrains at the main water treatment plant filter were replaced with new gravel-less underdrains. Failure of two filter cell underdrains resulted in switching the sequence of filter improvements at the water plant to the retrofit and upgrade project from the planned design and construction of additional filters.

### **Bathymetric mapping of Lakes Bloomington and Evergreen**

The department provided instrumentation and staff support for a Master’s student from Illinois State University to update bathymetric mapping of our two reservoirs. The last time such mapping was performed was in 1999. The information provided by the updated maps help in calculating water supply availability during critical drought periods (reliable yield), in calculating the rates that the reservoirs are filling in with sediment and in many other water supply and water quality parameters.

## Infrastructure – New and Replacement

### Service Line Repairs/Replacements

The Water Department Distribution Maintenance crews repaired or replaced over 294 water service lines throughout the year. This work ranges from the full replacement of a water service line from the water main to the property line, abandoned service line retirements and curb stop repairs. In many cases, water service lines made of lead are removed from the distribution system and are replaced with copper.

### Water Main Breaks

The Water Department Distribution Maintenance crews repaired 76 water main breaks throughout the year. As the weather turns cold, water main breaks become more common. This is due to the expansion and contraction of the pipe material, weakening it. Pipe corrosion, soil conditions, age and ground movement can also cause a water main break.

### Fire Hydrants

The Water Department Distribution Maintenance crews replaced 23 fire hydrants throughout the distribution system and repaired 134 hydrants. The Water Department, with collaboration with the City of Bloomington Fire Department, tested all of the City's 4,782 fire hydrants.

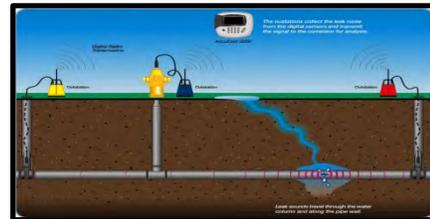

### JULIE Locates

The Water Department provides all the Joint Utility Location Information for Excavators (JULIE) requests for the City which includes water lines, storm sewers, sanitary sewers, the power supplies for some City-owned street lights, City owned or maintained traffic signals, and City fiber optic lines. For the year staff received over 12,000 JULIES.

### Leak Detection

Our leak detection program continues to identify leaks in the distribution system. Our leak detection consultant surveyed a quarter of the water distribution system which equals to about 75 miles of pipe. The consultant found 52 leaks during the year, both inside leaks (meaning they are on the customer's side of the curb stop and thus the customer's responsibility) and leaks that are the City's responsibility (from the water main to the curb stop) were identified.

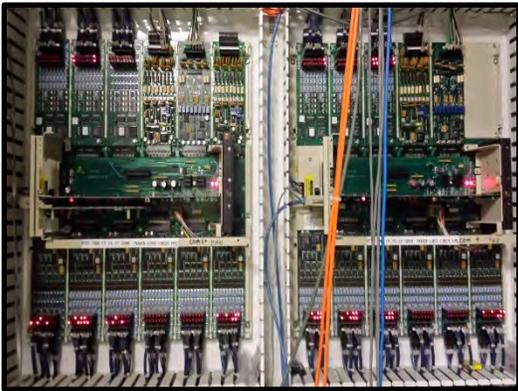

### New Water Main Projects

The Water Transmission Main Relocation for the Main Street Bridge replacement was underway in the fall of 2015. The relocation of the City's transmission mains allow for the Illinois Department of Transportation to replace their bridge structure in 2016. Careful internal coordination and discussions with the contractor ensure service to our customers is not interrupted.

The water main replacement projects on Parmon Road and Parkview Subdivision Phase III (Barker St., Beyer St. and Livingston St.) were completed this year. These two water main projects were very positive projects in that they replaced poor performing mains.

### SCADA Hardware Upgrades

The clarifiers at the Water Treatment Plant were converted to Allen Bradley programmable logic controllers (PLC) from an obsolete Bristol Babcock Remote Terminal Unit (RTU). The electronic card CPUs and power supply regulators of existing Bristol Babcock RTU had become obsolete and parts no longer available in the market anywhere. The standard software programming language of Bristol Babcock RTU called ACCOL, “*Advance Communication and Control Oriented Language*” was developed in the 1970s, and very few system integrators still utilizes this programming applications in their SCADA. The software application to the new Allen Bradley PLC installed in the Water Treatment Clarifiers utilizes Ladder Logic, a universal programming language that many Water and Waste Water Facilities utilizes in their SCADA applications today.

*Existing Bristol Babcock RTU – components were made up of electronic card CPUs and power supply regulators*

*New Allen Bradley PLC installed in the Water Treatment Clarifiers – the components are made up of modular CPU and I/Os (input and output modules) that can be easily pulled out and replaced without the need for programming changes.*

### SCADA Operating System Software Upgrades

The operating system in the City’s SCADA were upgraded from Windows XP to Windows 7. Windows XP is no longer supported by Microsoft, without the upgrade this will put our SCADA system vulnerable to Malware or virus infection. The software modifications include upgrading of the computer servers at the City Hall and Water Plant Control Room to the newer version of SCADA system software package called Intellution iFIX.

#### Lake Evergreen Spillway

The replacement bridge deck over the Evergreen Lake Spillway was placed into service in the beginning of FY16.

#### Lake Bloomington Street Resurfacing

Cherokee Lane and Navajo Lanes were resurfaced with asphalt in FY16. The road on North Park at Lake Bloomington was resurfaced with a chipped surface to mitigate freeze thaw damage that occurred during the winter of 2014/2015.

## Challenges

---

### **Staffing Levels**

Reductions in staff levels since the early retirements in the late 2000's continue to impair the ability to respond to infrastructure emergencies in a timely fashion, possibly resulting in liability issues and citizen dissatisfaction. The Water Department is projected to grow by 250 customers in FY2017, and the department grew by 270 customers in FY2016. As far as the "new customers" are concerned, we base a customer on a "new meter", a billed device.

The American Water Works Association Midwest region national benchmarking study indicated that the median number of customer accounts per employee was 429. Currently, our Department is at about 630 customer accounts per employee using the median customer account per employee figure from the benchmarking study as a guide. Therefore, the Department should have grown by 5 positions to keep pace with this increase in customers and resultant workload.

The FY 2017 budget does include full time position requests for a mechanic and a property manager at the Water Treatment Plant. In addition, at the time the Department has four vacant, though budgeted full time staff members.

Responding to citizen concerns, daily operations & maintenance demands, and future planning efforts have been hindered by the lower than needed staffing levels.

### **Water Quality**

Nitrates in Illinois surface water supplies are very common due to agricultural activity. Nitrates in our reservoirs are largely a result of the conversion of the corn fertilizer, ammonia, to nitrate, or from the natural conversion of atmospheric nitrogen to ammonia in soybeans. Nitrates are very soluble and are difficult to remove from water. If water containing nitrates above the drinking water standard of 10 milligrams per liter (mg/l) (or parts per million) is consumed by infants less than 6 months of age, a medical condition known as "blue baby syndrome" can develop. This condition is acute and can be fatal, but if treated promptly, is readily reversible. Nitrates do not pose the same risk to older children or adults due to differences in their intestinal tracts. Unfortunately, nitrate levels above the drinking water standard are fairly common in the water in the Lake Bloomington Reservoir in the late winter/early spring months. Nitrate levels are generally less than the drinking water standard for most of the time in the Evergreen Lake Reservoir. However, nitrate levels remaining below the drinking water standard in either reservoir are due to factors that are generally out of the control of the Water Department. Land use practices, fertilizer application rates, precipitation rates and timing, reservoir levels and water withdrawal rates are all important factors that vary from year-to-year and are minimally controllable. The Water Department currently has no effective means of removing nitrates from the water, so the local water supply is vulnerable, to some degree, each year when nitrate levels rise. Currently, a study is underway with the Illinois State Water Survey to use well water from the deep St. Peter Sandstone to lower nitrate concentrations by dilution, in addition to increasing our reliable water yield. Some degree of nitrate removal capability might still need to be installed at the Water Treatment Plant.

### **Capital Projects & Future Planning Efforts**

The Department continues to deal with a backlog of current capital improvement projects, as well as planning for future projects and advancements. The staffing levels, as noted above, hinder the Department to adequately plan and execute these needs while performing the necessary operations and maintenance tasks required to provide safe, plentiful and affordable drinking water to the residents and businesses of the City of Bloomington and surrounding areas.

# Sanitary Sewer Maintenance Fund

5110

**Purpose**  
(Why does this fund exist?)

---

The Sanitary Sewer Maintenance Fund covers construction and reconstruction of City sanitary sewers. It also pays for ongoing maintenance and repairs to the sanitary sewer system infrastructure, including combined sewers. (Combined sewers transport both wastewater and storm water to the sewage treatment plant operated by the Bloomington Normal Water Reclamation District on the west side. The cost of maintaining the combined sewers is shared with the Storm Water Management Fund.) The routine maintenance funded by the Sanitary Sewer Maintenance Fund includes a staff sewer cleaning program to ensure the steady flow of sewage from its point of origin to the sewage treatment plants. The routine maintenance reduces the chances of a mainline sanitary or combination sewer becoming obstructed with debris, creating backup into basements or overflowing onto the street or into a nearby body of water. The Fund also pays for response to emergency cave-ins.

---

**Authorization**

---

The City of Bloomington Sanitary Sewer Street Maintenance Fund and its related activities have been codified in Chapter 37 of the City Code.

---

---

The City has a list of projects in its Storm Water and Sanitary Sewer Master Plans. Among top priorities is continued repair of aging sewers, primarily through sewer rehabilitation and lining.

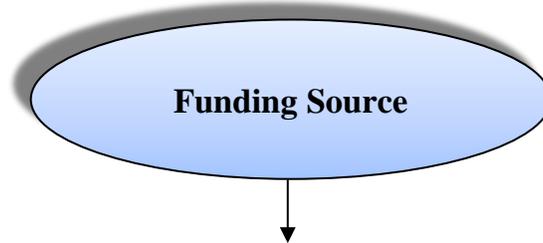

Projects to eliminate Combined Sewer Overflow have been held over lack of funding but may be funded in FY17.

In newer parts of the community, the City will research and attempt to remedy inflow and infiltration of groundwater into dedicated sanitary sewer lines.

Replacement of the “Hojo Pump Station” and potentially the related elimination of the Wittenburg Station are scheduled for the fiscal year.

Sewers also are linked to streets in that the City understands it is prudent to fix a sewer when major repairs of a street are forthcoming. Therefore, prioritization of sewer rehabilitation is affected by plans for street projects.

---

---

**Sewer Fee:** For FY16, the City charged a sanitary sewer rate of \$1.60 per 100 cubic feet of potable water used, as reflected on the monthly water bill. A typical household pays \$9.50 per month, according to Raftelis Financial Consultants Inc. An increase was under discussion at the time of budget preparations for FY17.

---

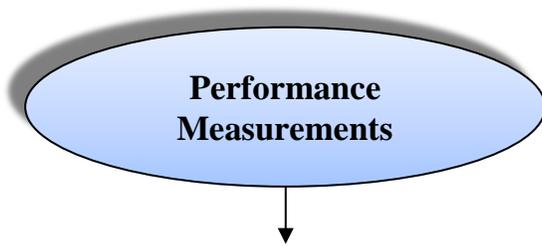

**What we  
accomplished  
In FY 2016**

- In FY 2016, the City gained momentum in addressing its sanitary sewer system. A \$1.6 million contract paid for CCTV camera evaluations, sewer lining and manhole repairs to sanitary and combined sewers.
- New sewer mains were installed along the 500 and 600 blocks of East Jackson Street and the 400 block of Catherine Street. Community Development partnered on the project to assist private property owners with costs.
- The Streets and Sewers Division worked to lower the risk of emergency backups through systematic maintenance. Sanitary sewer lines are rated under the "30-60-90 Program" to determine which lines to clean every 30 days, every 60, and every 90. The data-based Pipeline Association Certification Program (PACP) rating system provides a standardized method for assessing sewer conditions.
- Public Works replaced sewer clean-out truck (called a Vactor), a CCTV camera truck, and a backhoe. A new trench box also was purchased. The box protects works from cave-ins during excavations.

**Revenue &  
Expenditures**

Budgetary Fund Balance	\$2,898,896	\$2,737,127	\$1,026,555

- Excludes capital assets and long-term liabilities.

---

**Future staffing:** Staffing is a major challenge. The City Council must determine how to address stormwater and sanitary sewer needs. Engineering is heavily involved in planning and overseeing most of the recommended projects. Engineering Division staffing must increase to bring these projects to fruition. Public Works proposes to gradually add staff as the Stormwater and Sanitary Sewer Master Plans projects and programs are enacted. Salaries and benefits would be divided between Storm Water and Sewer Maintenance funds and would entail the addition of a technician and engineer in FY 17, a technician and engineer in FY18, a technician in FY19, and a technician and engineer in FY20. If all the hires are approved, Engineering would still have one fewer FTE than it did in 2009, when Recession-driven cuts resulted in the loss of 9 FTEs (one of which has since been added back).

---

## What else do we do?

- The Sanitary Sewer System includes approximately 411 miles of infrastructure. The infrastructure includes 294 miles of sanitary sewer, 88 miles of combined sewers, 21 miles of sanitary sewer force mains, 8 sanitary sewer lift stations, and 8 miles of abandoned sewers. The pipes that make up the sanitary sewer system range in size from 8-inch clay pipes to 8-foot diameter brick sewers.
- Sewer Televising and Sanitary T Location Services – The Streets & Sewers Division uses two cameras for televising sewers.
- Rat abatement occurs in 33 neighborhoods monthly.
- Sewer Cleaning – The Streets & Sewers Division operates two sewer-cleaning vehicles. These vehicles require two crew members each. They perform the following daily tasks:
  - Cleaning of approximately 15 miles of problem sewer lines every 15, 30, 60, 90 or 120 days.
  - Clearing obstructions from blocked sewer lines.
  - Water excavating around sensitive utilities such as high-pressure gas mains and fiber optic lines.
  - SSO response. Vactors provide emergency clean-up at the site of sanitary sewer overflows.

# Storm Water Management Fund

5310

## **Purpose**

(Why does this fund exist?)

---

Funding for most storm water maintenance and repair projects comes from the Storm Water Management Fund. (Funding for repairs and replacement of combined sewers comes from both the Storm Water Management Fund and the Sanitary Sewer Maintenance Fund).

The Storm Water Management Fund is designed to fund efforts of the Engineering Division and the Streets & Sewers Division of Public Works to manage the urban runoff and maintain the City's infrastructure in compliance with the Clean Water Act. That fund has become depleted because of flat revenue and rising costs. Projects were cut or delayed in FY16 as a result.

Effective Storm Water Management includes:

- Keeping lakes and streams clean.
  - Maintaining waterways to minimize erosion and damage to adjacent property.
  - Maintaining detention basins to reduce flooding and filter out pollution.
  - Installing sump pump drain lines at strategic areas.
-

**Authorization**

---

The City of Bloomington Storm Water Management Fund and its related activities have been codified in Chapter 37 of the City Code.

---

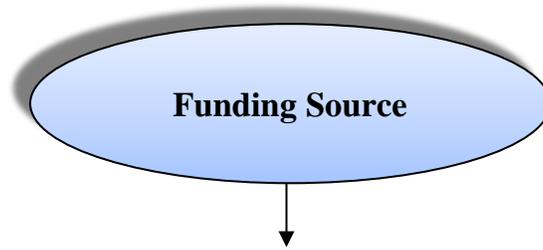

**Public Works put in a tireless effort in response to the spring 2015 flooding. When Heartland Drive flooded – a result of flooding of a nearby detention basin – crews worked 48 hours nonstop to bring down water levels. The Department also taxed people in City vehicles to reduce impact on businesses.**

**FY 2017  
Budget & Program  
Highlights**

---

The City Council approved the Stormwater and Sanitary Sewer Master Plans on September 14, 2015. The City established a Storm Water service charge in 2004 as a vehicle for funding projects and employees. However, the degree of success in enacting the Master Plans will depend on the funding level. The Master Plans recommendations include:

- \$4.7 million in long-term spending on pond inspection and maintenance.
  - \$1.1 million in for a floodplain/floodway encroachment program.
  - \$2.2 million in urban channel retrofits.
  - \$5.6 million for stream bank stabilization.
  - \$6.2 million for regional detention facilities.
-

The monthly Storm Water service charge on the water bill in FY16 was as follows:

- **Single-family and duplex based on Parcel Size**
  - Small:**  $\leq 7,000$  square feet \$2.90
  - Medium:**  $> 7,000$  and  $\leq 12,000$  square feet \$4.35
  - Large:**  $> 12,000$  square feet \$7.25
- **Property other than single-family/duplex based on Impervious Area**
  - Small:**  $\leq 4,000$  square feet \$5.80 (Basis: A flat rate based on the average 4 IAUs times \$1.45 per IAU per month)
  - Large:** Actual Impervious Area is measured and rounded up to nearest 1,000 SF /1,000 x \$1.45 per IAU per month.

*Impervious Area Unit (IAU): One thousand (1,000) square feet of impervious area equals one IAU.*

The typical residential monthly bill was \$4.35 for Storm Water, according to Raftelis Financial Consultants. A rate study by the consultants recommended increases to enable the City to provide needed services.

---

- Public Works and the Parks, Recreation and Cultural Arts department cooperated on repair after discovery of a leak in the Miller Park Dam. The lake was lowered about 2 feet to facilitate repair.
  - Other emergency repairs were required during spring flooding and continued into the 2016 fiscal year.
  - Lack of funding deterred the Department from undertaking numerous projects. Phase II of the Locust-Colton CSO Elimination project, involving sewer and storm water management, was delayed. Also put off were maintenance of detention basins and installation of sump pump drain lines.
-

Miles of Combination Sewers	88	88	88	88
Miles of Streams owned by City	10	10	10	10

\*1 Civil Engineer I and 1 Engineering Technician II were moved from Engineering Administration to Storm Water.

Storm Water Management	FY 2015 (audited)	FY 2016 (projected)	FY 2017 (projected)
Budgetary Fund Balance	\$842,995	\$830,183	\$433,395

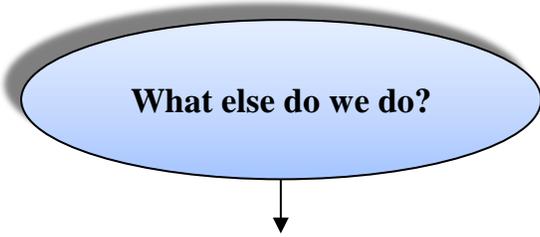

---

**Future staffing:** Staffing is a major challenge. The City Council must determine how to address stormwater and sanitary sewer needs. Engineering is heavily involved in planning and overseeing most of the recommended projects. Engineering Division staffing must increase to bring these projects to fruition. Public Works proposes to gradually add staff as the Stormwater and Sanitary Sewer Master Plans projects and programs are enacted. Salaries and benefits would be divided between Storm Water and Sewer Maintenance funds and would entail the addition of a technician and engineer in FY 17, a technician and engineer in FY18, a technician in FY19, and a technician and engineer in FY20.

If all the hires are approved, Engineering would still have one fewer FTE than it did in 2009, when Recession-driven cuts resulted in the loss of 9 FTEs (one of which has since been added back).

---

**What else do we do?**

---

- **Storm Water System** - This fund pays for ongoing maintenance and repairs to approximately:
    - 240 miles of storm sewers.
    - 88 miles of combination sewers (costs shared with Sewer Fund).
    - 10 miles of streams owned by the City of Bloomington.
    - 73 public detention basins.
  
  - **Street Sweeping Operations** - This fund also supports the City's street sweeping operations, which are managed by the Solid Waste Division.
    - Residential and other roads are swept 12 times per year.
    - The downtown area is swept twice per week from April to November for a total of 75 times per year.
  
  - **Storm Sewer Inlet, Mainline and Manhole Repairs** - The Streets & Sewers Division typically has two three-man crews assigned to periodically perform this work.
  
  - **Storm Water Cleaning** – The Streets and Sewers Division operates two sewer-cleaning vehicles with two-person crews. Crews perform the following daily tasks:
    - Cleaning of approximately 15 miles of problem sewer lines every 15, 30, 60, 90 or 120 days. Sewers ratings determine the maintenance schedule of each sewer.
    - The two Vactors (used to clean sewers) also are used during for flood prevention. For example, Vactors are used to clear storm inlets.
    - Clearing obstructions from blocked sewer lines.
    - Water excavating around sensitive utilities such as high-pressure gas mains and fiber optic lines.

# Solid Waste

5440

The Solid Waste Division provides collection of household garbage, brush, recyclables, and bulk waste items. It operates a drop-off facility for resident disposal of appliances, other bulk waste and grass. The Division clears brush, weeds and tree limbs from alleys and cleans alleys Downtown and elsewhere. It repairs gravel alleys. Solid Waste also sweeps streets and cleans medians. The Division collaborates with Streets & Sewers on snow and ice removal tasks.

Bloomington’s recycling effort has been a monumental success. However, costs rose in 2015 because of lackluster performance of the recycling-commodities market. Increasingly, Bloomington has been issuing checks at month’s end to Midwest Fiber, rather than receiving checks, under our shared-risk, shared-benefit contract with the company.

Recycling Tons Collected					
FY2010	FY2011	FY2012	FY2013	FY2014	FY2015
2,706	2,970	2,999	3,734	4,708	4,858

**FY 2017  
Budget & Program  
Highlights**

The Solid Waste Division must continue to provide a very high service level with fewer people than in previous years.

This high service level is popular among residents but it also means cost of service has traditionally exceeded revenue from service fees. Consequently, money from the General Fund is used to subsidize Solid Waste.

The Division will continue to work with the City Council and City Administration on finding ways to narrow the gap between revenue and expense. This will become difficult, as the major cost of service comes from wages and benefits of the employees needed to perform at the expected level of service, and the Division already absorbed a 6-person staff reduction, in FY16.

At the higher level, FY 2016 will see intensive, long-range planning, overseen by the Ecology Action Center. The county-wide solid waste plan extends to calendar year 2017, but EAC intends to put forward a new 20-year plan rather than a 5-year update. This is because of changes in solid waste management, including the upcoming closure of the McLean County Landfill.

**What we  
accomplished  
In FY 2016**

Faced with a budget shortfall, Public Works reduced payroll by approximately \$300,000 per year by scaling back bulk and brush pickup starting in June 2015. Bulk and brush collection went from a weekly service to a biweekly service. The Department reduced Solid Waste Division staff from 41 to 35 full-time employees and reduced use of seasonal hires. Cutbacks in Public Works staff were done gradually, through attrition, so as to avoid laying off any full-time City workers. The level of bulk and brush service remained excellent, especially when compared to most neighboring communities, and our AFSCME 699 employees kept their jobs.

The City participated in a Household Hazardous Waste collection organized by the non-profit Ecology Action Center in October 2015. It was the first HHW collection in two years. EAC would like to oversee creation of a year-round HHW center, with the help of state funding and the support of its partner municipal governments: City of Bloomington, Town of Normal, and McLean County. Much will depend on availability of state resources.

**Revenue &  
Expenditures**

Solid Waste	FY 2015 Actual	FY 2016 Adopted Budget	FY 2016 Projected	FY 2017 Proposed Budget

**Budgetary Fund  
Balance**

Solid Waste	FY 2015 (audited)	FY 2016 (projected)	FY 2017 (projected)
Budgetary Fund Balance	\$286,851	\$118,261	\$118,261

- Excludes capital assets and long-term liabilities.

**Performance Measurements**

Solid Waste	FY 2015 Actual	FY 2016 Adopted Budget	FY 2016 Projected*	FY 2017 Proposed Budget
<b>Inputs:</b>				
Number of Full Time Employees	41	40	34	34
Department Expenditures	\$7,406,487	\$8,454,129	\$7,667,880	\$7,472,283
<b>Outputs:</b>				
Waste Collected in Tons				
Bulk	4,930	6,157	5,978	5,978
Brush (in cubic yards)	31,734	27,810	27,000	27,000
Recycle	4,850	5,296	5,142	5,142
Leaves (in cubic yards)	6,100	7,725	7,500	7,500
Garbage	15,404	19,353	18,789	18,789

\*The subtraction of 6 employees was initially achieved through one retirement, one unpaid leave of absence, and 4 temporary transfers to the Streets & Sewers Division. Therefore, cost reduction to the General Fund was gradual during the fiscal year.

**Challenges**

**Leaf Collection:** Reduction of a bulk/brush crew in FY16 was felt, acutely, during leaf collection. Previously, an 8-week collection was enough time for four sweeps through the city. This year, crews made three sweeps through the city and used overtime for Saturday shifts. Leaf collection fell behind and so did bulk and brush collection, which is done by the same employees. Members of the Streets & Sewers Division were pressed into duty late in the leaf collection season. Slower collection meant more storm inlets were clogged with leaves. Resident complaints were not officially tabulated but ran into the hundreds. Stats show collection was about 20 percent behind in the in the first week of December. An annual collection is about 6,100 cubic yards.

**Moving Forward:** Public Works intends to increase resources, including that from Streets & Sewers if needed, earlier in the leaf season and use any overtime necessary to keep leaf collection on schedule.

**Landfill:** The McLean County Landfill is scheduled to close in 2017, leaving some uncertainty as to long-term future disposal. The landfill owner, Republic Services, also owns the landfill at Pontiac. Economic and logistical dynamics for local disposal of solid waste will change but in ways not yet made clear. In 2014, the Bloomington and Normal councils jointly decided against entering into an agreement with Paradigm BioAviation for a trash-to-jet fuel facility.

**Key Services  
Provided**

- **Household Garbage** – The refuse division serves about 24,000 customers. This includes residents of mobile home parks and apartment complexes with 6 units or less, unless property owners/landlords opt out of the program.
- **Recycling** – Single-stream recycling is provided curbside to all customers every other week. The automated system replaced use of manually loaded bins. Bloomington also provides specialized pickup at schools and Illinois Wesleyan University fraternities and sororities. We work with the administration and Council toward the goal of full access to recycling for all residents. The materials are taken to Midwest Fiber, which sells the commodities and rebates some of the sales revenue back to the City. Markets and, therefore, revenue back to the City fluctuates and sometimes drops to negative revenue.
- **Bulk Waste** – Bulk waste is collected at curbside biweekly
- **Leaf Collection** - Crews use leaf vacuums and bulk loaders to collect leaves seasonally.
- **Street sweeping** – Each street is swept every three weeks during above-freezing weather.
- **Brush** - Brush is collected biweekly from residences. Brush, or yard waste, includes both trees and bushes that have been cut or trimmed by the resident or owner of the residential property. Garden trimmings (flower/plant/fruit and vegetable trimmings) also are accepted. The City contracts with a vendor to accept the brush.
- **Drop-Off Facility** - The City operates a drop-off facility for Bloomington residents to bring their brush, bulk waste, leaves, grass, and thatch clippings. Appliances and empty propane tanks (valves must be removed) also are accepted. This facility operates at 402 S. East St. (corner of East and Jackson) under state permit.
- **Downtown Collection:** Public Works empties 60 garbage containers every weekday in Downtown Bloomington.

**History of refuse fee:** Solid Waste is an Enterprise Fund that does not meet the enterprise goal of being self-supporting.

# Abraham Lincoln Parking Facility

55605600

**Purpose**  
(Why does this fund  
exist?)

---

The Abraham Lincoln Parking Facility (Lincoln Lot) was constructed in 1990. The addition of two floors in 2003 created a total of 906 parking spaces. The Lot is owned by the McLean County Public Building Commission until 2022. At that time, the property will return to a joint ownership of the City of Bloomington and McLean County. The City currently rents 331 spaces on a monthly basis, 187 of which are rented to McLean County. The remaining parking spaces are available for hourly parking. As part of the ownership agreement, the City and the County split the bond payment on the facility. All management of the deck is the responsibility of the City of Bloomington. Revenues are collected by the City as part of management operations. If collected fees exceed operational costs, the funds are split between the City and the County.

---

**Parking maintenance operations for all the Downtown Bloomington parking facilities are housed in the lower level of the Abraham Lincoln Facility.**

**FY 2017  
Budget & Program  
Highlights**

---

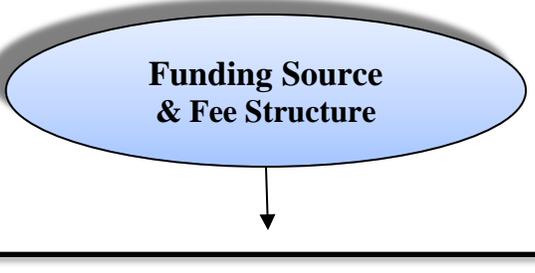

- Staff will be working with the Mclean County Administrative Staff to develop a new Intergovernmental Agreement regarding maintenance requirements as well as revenue and expense sharing. Use of the online payment option implemented through the T2 Parking Software System will be promoted. General maintenance and planning for additional garage improvements will also be performed.
- 

**What we  
accomplished in  
FY 2016**

---

- Repairs to the Abraham Lincoln Parking facility will be complete by the end of FY 2016. The major repair areas included joints, sealants, water proofing, drains, steps and doors.
  - Many of the repairs resolved safety issues which could have contributed to personal injury or vehicle damage claims if left unattended.
- 

**Funding Source  
& Fee Structure**

---

- Fee-based funding covers operating costs. Shortages or overages are divided or split between the City and County Governments. Capital outlays are included in the budget. Replacement or recovery costs are not part of the budget consideration.
  - The Lincoln Lot is the only parking facility in downtown that has an hourly parking rate and has a manned (one City employee) parking collection booth located on the North side of the facility. The hourly rate Monday through Friday is currently \$1.00 per hour with a maximum of \$7.00 per day. The deck is opened for general parking on Saturdays and Sundays, and after 6 p.m. Monday through Friday.
-

**Revenue & Expenditures**

Abraham Lincoln Parking Garage	FY 2015 Actual	FY 2016 Adopted Budget	FY 2016 Projected	FY 2017 Proposed Budget
<b>Expenditures</b>

Number of Parking Permits Issued	N/A	N/A	100	150

\* N/A represents unavailable data.

**Budgetary Fund Balance**

	<b>FY 2015 (audited)</b>	<b>FY 2016 (projected)</b>	<b>FY 2017 (projected)</b>
Budgetary Fund Balance	\$121,040	\$86,074	\$86,074

**Challenges**

- 
- **Capital Project** – Staff anticipates the need for additional maintenance of this facility in FY 2018 and in the future. The Faithful & Gould report has additional details.

# Golf Operations

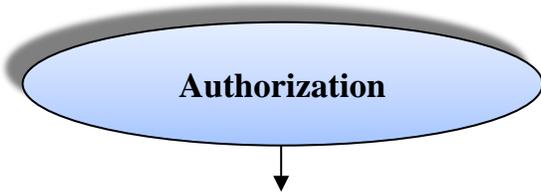

5640

---

The City of Bloomington operates three 18-hole golf courses as part of the Parks, Recreation and Cultural Arts Department. Highland Park Golf Course was the city's first golf course, built in the 1920's. The course features tree-lined fairways and a park-like setting. It is a favorite course for the junior and senior golfers of our community and is rated a three-star (out of five stars) golf course by Golf Digest. Prairie Vista Golf Course opened in 1991 and is noted for its unique blend of playability and challenge. It is rated as a four-star golf course by Golf Digest. The Den at Fox Creek Golf Course was built in 1997 by renowned golfer and course architect, Arnold Palmer. This links-style course attracts golfers from across the Midwest with its fine layout and course conditions. It is rated as a prestigious four-and-a-half-star golf course by Golf Digest.

---

---

The City of Bloomington Parks & Recreation Department and its related activities have been codified in Chapter 19 & Chapter 31 of the City Code.

---

**The Golf Operations staff includes a Superintendent of Golf, Guest Services Manager, Clubhouse Supervisor, three Greenskeepers, and approximately 65 seasonal employees.**

**Budget & Program Highlights**

- 
- Continue to provide quality golf experiences with available resources.
  - Create new forms of revenue through the utilization of staff talents and resources.
- 

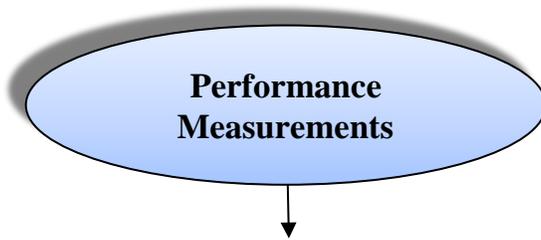

**The courses are considered to be one of the finer collections of municipal courses in Illinois with high levels of customer service and quality course playing conditions. The courses host a variety of prestigious events run by the Chicago District Golf Association and the United States Golf Association. Most notably, Prairie Vista Golf Course and The Den at Fox Creek Golf Course serve as home of the Illinois High School Association State Golf Finals.**

**What we  
accomplished in  
FY 2016**

- Quality playing conditions were maintained throughout a season that experienced record rainfall in May, June & early July. Rainy conditions required significantly more man hours to mow turf and keep bunkers free of water accumulation.
- Highland Park introduced the game to over 70 junior golfers through the Ken Adams Golf League. This program helps create and develop golfers for the future.
- Highland Park removed 40+ trees to keep the course safe and improve playability.
- The Illinois High School Association agreed to a five year extension to host their state golf finals at Prairie Vista and The Den. The economic impact to the community hosting this event is estimated at \$125,000 per year.
- As hosts for both the Country Youth Classic and the Illinois High School Association State Finals, we created positive experiences for those involved.
- Pro shop net profits were equal with FY16, while at the same time total cost of goods dropped by 30%.
- Foot-Golf was introduced at Highland Park Golf Course.

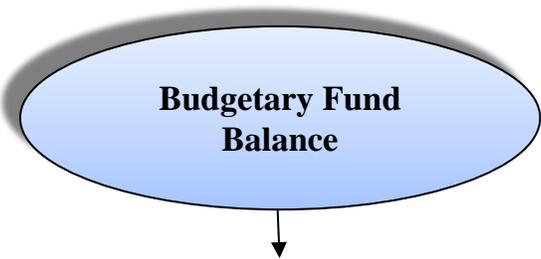

**Revenue &  
Expenditures**

Golf Courses	FY 2015 (audited)	FY 2016 (projected)*	FY 2017 (projected)
Budgetary Fund Balance	-\$46,051	\$96	\$414,096

- Excludes capital assets and long-term liabilities.

**What we are  
concerned about**

- 
- **Staff reductions** continue to put additional strain on staff and inhibit our ability to create new methods of revenue generation and take on course improvement projects.
  - **Mounting deferred capital purchases** will begin to lead to increased maintenance cost and a decrease in staff efficiency. With older equipment fleets that are not able to maintain the golf grounds, course conditions may begin to suffer and effect customer satisfaction.
  - **Deferring course maintenance projects** will begin to diminish the golfer experience leading to decreased customer satisfaction.
- 

**What else do we do?**

---

The golf courses offer quality, affordable recreation and contribute to the community's effort to be a family friendly, beautiful city that provides choices for recreation. The golf courses also perform the following functions:

- Attract future generations by making golf affordable and accessible for junior golfers
  - Provide visually appealing open green space
  - Serve as host courses for area high school golf teams
  - Provide fundraising opportunities for local charities and organizations through quality golf outings
  - Promote local tourism by offering quality golf courses at reasonable prices
-

# U.S. Cellular Coliseum

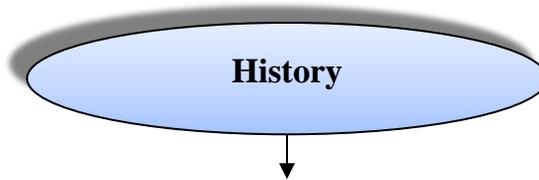

57107110  
57107120

---

This division normally represents the City's portion of costs to fund USCC operations. This division has been updated to include the USCC operations managed by Central Illinois Area Management (CIAM). The combination of both operations depicts the full costs of running the USCC and a complete report of revenues.

---

---

U.S. Cellular Coliseum opened in April 2006 and was built at a cost of \$29.5 million to expand the entertainment options available in the Bloomington/Normal area. The Coliseum holds up to 8,000 guests for concerts and 6,600 guests for football and hockey. The facility has 24 private suites, 2 rental group suites and a sports bar/ restaurant. The complex includes the adjoining Pepsi Ice Center (construction cost \$5.8 million) and a parking structure (construction cost \$3.3 million), with an overall construction cost for all three facilities of \$38.6 million. The facility is owned by the City and is operated by Central Illinois Arena Management, Inc. (CIAM). The 10-year contract between CIAM and the City of Bloomington will expire April 1, 2016. Series 2014A and 2014B General Obligation Refunding Bonds were issued to refund the Series 2004 Coliseum Taxable General Obligation Bond which will save the city \$8,863,375 in interest savings.

---

**FY 2017  
Budget & Program  
Highlights**

---

**The Coliseum has seven goals:**

- Goal 1: Financial Stability – Manage the U.S. Cellular Coliseum in a fiscally responsible manner while keeping up with operational satisfaction and expectations of industry standards
  - Goal 2: Service Mix – Ensure that the U.S. Cellular Coliseum will provide a range of special events that will appeal to a diverse group of patrons
  - Goal 3: Partnership – Continue to maintain strong relationships with the City of Bloomington, Convention and Visitors Bureau, and other various community entities to bring concerts, conventions, and special events to the community
  - Goal 4: Communication – Take advantage of resources and partnership opportunities to enhance the understanding between management group and the City of Bloomington
  - Goal 5: Technology – To keep up with the latest technology trends within the facility management industry, and to utilize this technology when possible and practical in order to be more proficient in our work and services for our customers
  - Goal 6: Human Resources – Continuous monitoring of job duties and tasks and ensure all staff are properly classified and compensated
  - Goal 7: Tradition – Create and establish new traditions within the Coliseum
- 

**The U.S Cellular Coliseum has hosted an array of events, including concerts, sporting events, family shows, ice shows, motorsports and trade shows. In addition, the facility has hosted local high school graduation ceremonies, Back to School Alliance Backpack Day, the Chamber of Commerce Business Showcase, Illinois High School Association regional and state tournaments, City of Bloomington Wellness Fair, as well as a variety of private meetings and wedding receptions.**

**What we  
accomplished in  
FY 2016**

---

**Overall**

- The projected economic impact to the community is estimated at \$12 million for 2016 and the economic impact for the first ten years is estimated at over \$139 million.
- This year, total event attendance will surpass 2.6 million people since the opening in April 2006.
- The U.S. Cellular Coliseum hosted nearly 230,000 patrons at 240 events in FY 2016.

**Teams**

- The Bloomington Thunder, owned by CSH, Inc. is part of the United States Hockey League (USHL), and hosted 30 home games at the Coliseum.
- The Bloomington Edge Football team is a member of the Champions Professional Indoor Football League and played six games.
- Illinois State University Hockey returned for another year, playing nine of their season's games in our facility.

**Concerts**

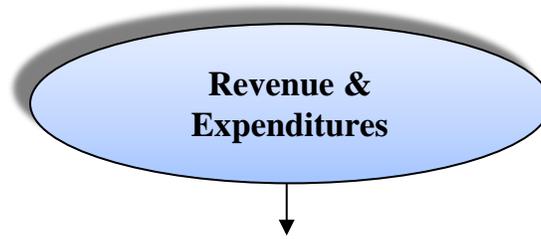

- The facility hosted multiple concerts in both the smaller cut down theater set up and full house set up, showcasing the flexibility of the venue for all show types. Highlights include several sell out performances.
- Comedian and ventriloquist Jeff Dunham returned to the U.S. Cellular Coliseum for the third time along with puppets Walter and Peanut to perform in front of a sellout crowd.
- World Championship ICE Racing returned for the ninth consecutive year, allowing local riders and participants to compete around the oval ice track, attracting indoor motor sports enthusiasts indoors.

### **Concerts Continued**

- Jason Aldean’s “We Were Here” tour performed for two nights in front of a sellout crowd for both nights.
- Theresa Caputo, from TLC’s Long Island Medium reality show, returned to the U.S. Cellular Coliseum for a second time to perform in a theater setting.
- CMA’s Vocal Group of the Year, Little Big Town performed in front of a sellout crowd at the U.S. Cellular Coliseum. This show sold so well, side of stage seating was opened up to accommodate the demand.
- Holiday entertainment included a Christmas concert put on by country artist Sara Evans that also served as a fundraiser for the YMCA’s Strong Kids program, as well as ABC’s nationally televised “Shall We Dance on Ice” filmed at the Coliseum and viewed by over 4.2 million people.

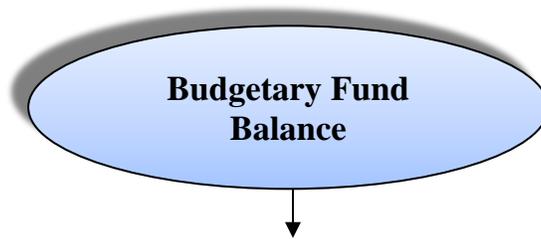

### **Community Involvement**

- For the fifth year, the Back to School Alliance hosted the Back to School Party at the Coliseum. The event drew almost 3,000 area residents to receive school supplies and backpacks all made possible through donations. As a goodwill gesture to the community, the U.S. Cellular Coliseum donated the use of the facility for this event.
  - The State Farm Holiday Classic returned to the facility for the sixth year, hosting a combination of girls and boys basketball games over three days.
  - IHSA Competitive Cheerleading State Finals returned for the event’s tenth year in February 2016.
  - IHSA Competitive Dance State Finals returned for a fourth year of a five-year contract in January 2016.
  - The U.S. Cellular Coliseum has hosted a holiday blood drive for the past eight years.
  - For the ninth year in a row, the venue hosted Downtown Bloomington Association’s Thanksgiving Market on the main Coliseum floor, allowing local farmers, vendors, and artists to sell products indoors before the Thanksgiving holiday.
  - For the second year, the venue hosted Downtown Bloomington Association’s Indoor Winter Farmer’s markets on five separate dates on the concourse. This offered a larger space to continue to expand this event and allow patrons an indoor space to shop for fresh produce, meat, cheese and crafts.
-

Budgetary Fund Balance	(\$785,349)	\$97,017	\$317,665

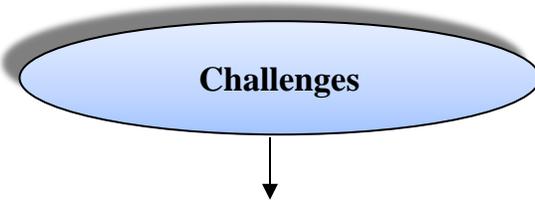

- Combined City Coliseum and CIAM

The City issued \$29,455,000 in taxable General Obligation Bonds in 2004 to build the Coliseum. The City maintains the debt service on the Coliseum and regularly reviews opportunities for refinancing. The bond payment for FY 2017 for the Coliseum is \$1,325,368. The bond payment for the Coliseum is made from the Home Rule Sales Tax and is subsidized by the ¼ % increase in that tax as approved by the City Council on July 1, 2008. The bond related to the Coliseum will be fully repaid in FY 2035.

## Challenges

- 
- The US Cellular Coliseum was constructed in 2004 and over the next few years the City will begin to incur expenses for capital maintenance of the facility.
  - The City has upgraded and replaced the Coliseum's video system and production room at an estimated cost of \$1.4 million.
  - The economy plays an important role in the performance of the US Cellular Coliseum and affects all aspects of the venue, from shows to expenses.

## INTERNAL SERVICE FUNDS

60150150 Casualty Insurance Fund

60200210-60200290 Employee Health Insurance

60280210-60280290 Retiree Health Insurance

# Casualty (W/C General Liability) Insurance Fund

60150150

**Purpose**  
(Why does this fund exist?)

---

The City is given certain immunities from liabilities which are not available to non-governmental entities as provided under the "Local Governmental and Governmental Employees Tort Immunity Act" (745 ILCS 10). This statute was extensively revised in 1986 because many municipalities were unable to purchase liability insurance because of the high cost of paying claims. The underlying philosophy is that, even though it may be perceived to be unfair to have damages and injuries paid by an individual citizen's insurance company, the alternative (having the local government pay) would result in greatly increased taxation in order to pay judgments. The Tort Immunity Act generally imposes liability for injuries on government-owned property only when the local government had actual or constructive notice of the defect in the property in sufficient time to reasonably take action to respond to the defect. In certain types of activities, the City is not liable at all (for example, injuries which resulted from weather conditions). The City staff regularly meets with its third-party insurance administrator to determine if the insurance that has been purchased provides adequate coverage to protect the City in the event of liability claims.

Contributions from the City departments pay for the projected costs of the Casualty Insurance Program. Projected premiums, administrative fees, and claims are prorated across departments using a weighted average of 85% of the 5 year claim losses and 15% of total salaries and benefits of each department. This methodology allocates costs to the departments based primarily on their claim history but also allocates some costs to all departments for participation in the program regardless of claims history.

---

## What does the Casualty Insurance Fund Include?

---

Casualty Insurance includes:

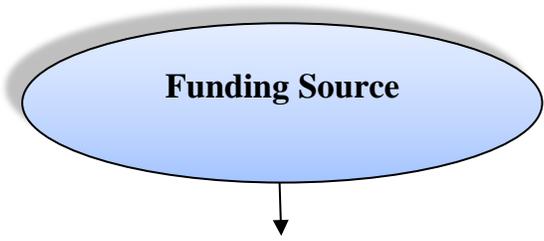

- **General Liability** – Covers “slip and fall” accidents
  - **Property** – Reimburses for damage to and loss of property
  - **Auto Liability** – Reimburses for damage to vehicles
  - **Worker’s Compensation** – Covers the costs of related medical expenses when an employee is injured
  - **Public Official Liability** – Covers any legal action taken against public officials
  - **Employee Practices Liability** – Covers expenses related to legal action taken for wrongful termination lawsuits or discrimination
  - **Law Enforcement** – Special policy relating to Police
  - **Employee Benefits (Errors and Omissions)** – Covers the cost if an employee is inadvertently not signed up for benefits
  - **Sexual Abuse** – Covers expenses resulting from Sexual Harassment or Sexual Abuse lawsuits
  - **Failure to Supply** – Covers costs if the City does not follow through on contractual obligations to provide services or products
  - **Health and Social Services** – Covers medical malpractice
- 

**The City is self-insured, but carries supplemental commercial insurance for certain types of claims or claims with an excess of certain dollar amounts.**

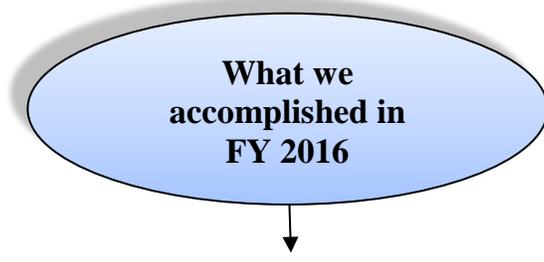

- 
- The procurement of Casualty Insurance at the best possible rates from an administrator that provides efficient and competent service maximizes savings and generates better results sooner. Effective insurance coverage helps the City to remain financially sound and to provide quality basic services.
  - Continued improvements will be recognized with the Safety Coordinator position.
- 

---

Contributions from various City Funds

---

- 
- Continued to monitor and close out claims from previous years.
  - Held quarterly claims meetings to close out older claims and review claims activity.
  - Continued to see positive loss results from use of Nurse Triage Service.
  - Hired a Safety Coordinator late in FY 15. The employee in this position has already held numerous safety meetings and increased safety training and awareness throughout the City.
-

**Revenue & Expenditures**

Revenues	\$3,337,929	\$3,762,195	\$3,852,134	\$4,212,877

**Budgetary Fund Balance**

Casualty Insurance Fund	FY 2015 (audited)	FY 2016 (projected)	FY 2017 (projected)
Budgetary Fund Balance	\$2,549,916	\$2,590,834	\$2,714,743

- Excludes long-term liabilities.

**Challenges**

---

The Casualty Insurance budget is subject to change because the City will issue a Request for Proposals in February for the next fiscal year’s insurance policy. The figures for this fund have been determined on the basis of staff estimates and will be adjusted for the final budget.

# Employee Insurance & Health

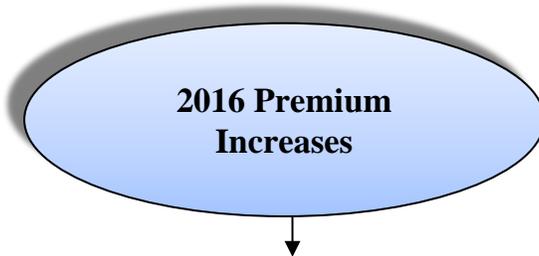

6020

The City offers benefits to its employees in order to compete with other employers for qualified workers, to retain its staff and to meet the requirements set in collective bargaining agreements.

These benefits include health, dental, and vision plans, group life insurance, medical and dependent care flexible spending accounts and a voluntary (employee paid) life insurance plan.

Renewal Dated	City Blue Cross PPO Plans	City Health Alliance HMO Plans	Police Union Plan
January 2016	8.1%	11.5%	10% (estimate)
January 2015	7.5%	10.0%	2.0%
January 2014	2.5%	15.8%	17.1%
January 2013	12.8%	8.0%	12.2%
January 2012	10.3%	8.3%	11.2%
January 2011	10.0%	11.0%	10.3%
January 2010	9.4%	5.0%	-33.2%

- The City experienced an eight percent (8%) increase in its projected dental plan costs for 2016 and a zero percent (0%) increase for its vision insurance contract owing to the three year contract term through VSP.

**FY 2017  
Budget & Program  
Highlights**

- 
- Two health plans are offered by the City, a self-insured Preferred Provider Organization (PPO) health plan through Blue Cross and a fully insured Health Maintenance Organization (HMO) health plan through Health Alliance. The health plans operate on a calendar year basis.
  - By union contracts, the City administers a Police Benevolent Protective Association health plan for its sworn officers.
  - Affordable Care Act -- The provision in the Affordable Care Act to provide insurance for part-time employees working an average of thirty (30) hours per week took effect January 1, 2015 and was based on hours worked in 2014. A total of five (5) seasonal employees have been enrolled in health insurance at some time during calendar 2015.
  - Use of the City's ERP system will continue to be expanded to electronically transmit insurance enrollment data to health plans. This streamlines the administration of employee and retiree benefits and results in more accurate records.
- 

**Funding Source**

- 
- Employees contribute 25% of the premiums for health plans and 50% for dental and vision coverage. Employee contributions are charged to the departmental budgets.
  - Bloomington Township reimburses the City for the cost of its employees' coverage as the township employees are covered by City health, dental and vision plans.
-

**What we  
accomplished in  
FY 2016**

- Throughout the fiscal year staff met with Arthur J. Gallagher, its employee insurance broker and consultant to receive updates on insurance trends, the Affordable Act, approaches to wellness programs, plan expense updates, projections and renewals. Gallagher was able to negotiate down health and dental insurance premiums and fees. Among Gallagher's many resources is their capacity to make long term projections concerning workforce demographics, insurance costs and plan designs which will assist the City in benefit planning and cost projections.
- Gallagher and City staff established and began meeting with employees in a wellness/health insurance committee setting. The committee will look to improve employee wellbeing with an eye toward improving employee/dependent health status and driving down insurance costs for all.
- The City contracted with Sikich to assist in the preparation of IRS form 1095 which must be distributed to employees in January as required by the Affordable Care Act. Form Work has begun on collecting and refining the data needed. Sikich is also assisting with preparation of the 1094 form which is filed with the IRS.

Budgetary Fund Balance	\$1,976,354	\$1,415,101	\$1,343,568

- Excludes long-term liabilities

- **The continual rise in health care costs** – Despite aggressive negotiations by A.J. Gallagher with Blue Cross and Health Alliance, overall health insurance costs continue to rise. City staff, with the guidance of A.J. Gallagher, has established an employee wellness/insurance committee to explore ways to bring employee wellbeing to the forefront and relate these efforts to health plan costs. Staff also anticipates reviewing options to “bend the insurance cost curve” through plan redesign for the 2017 plan year.
  - **Affordable Care Act: Coverage of additional employees** -- The provision in the Affordable Care Act to provide insurance for part-time employees working an average of thirty (30) hours per week will increase costs. This requirement to offer health insurance to employees began in 2015 and is ongoing. There were five seasonal employees who were enrolled in the City’s health plans at some time during the year under the provisions of the Affordable Care Act.
  - **Affordable Care Act: Potential excise tax** -- The provision of the Affordable Care Act which in 2018 requires the payment of 40% excise tax on high cost health plans could also impact the City. The City’s plans are in jeopardy of falling into the high cost health plan category depending on the rate of increase experienced by these plans over the next few years and whether the plans’ expenses can be controlled by other means. The City is actively exploring options to minimize or avoid this tax.

# Retiree Health Insurance

6028

---

**Program Descriptions:** The City of Bloomington insurance benefits for retired employees, their spouses and eligible dependents are budgeted in this account. With the exception of certain disabled sworn fire and police retirees, **retirees pay 100% of the premiums for these insurance plans.** The City is required under Illinois law (215 ILCS 5/367f, 215 ILCS 5/367g and 215 ILCS 5/367j within Article XX) to provide insurance to its retirees as long as insurance is provided to its active employees. This compares with only 23% (twenty-three percent) of all firms with 200 or more employees that offer health insurance to active employees. (Employer Health Benefits, 2015, Kaiser Family Foundation and Health Research and Educational Trust, [www.kkf.org](http://www.kkf.org)). This compares with 25% (twenty-five percent) of employers with 200 or more employees that offered retiree health insurance in 2014.

Employees retiring under Illinois Municipal Retirement Fund (IMRF) must be eligible to begin drawing a pension immediately upon retirement to continue their health insurance under State statutes. Retiring sworn fire and police personnel may continue their insurance while in a deferred retirement status. Health, dental, vision and group life insurance plans are available to City retirees.

The City is currently administering benefits for more than 220 retirees and spouses of retirees of which 133 have health insurance. The remaining retirees are participating in the dental and/or vision plans. In August 2015 Medicare eligible retirees were offered a new, lower cost supplement plan and nearly all of them took that plan. This change should save the City over \$100,000 in the first twelve (12) months.

Premiums are typically deducted from retirement checks although other forms of payment are available. Bloomington Township retirees are eligible to participate in the health, dental and vision programs although none currently are participating.

City of Bloomington retirees may join any of the plans described in the employee health budget narrative with the exception of the Police Benevolent Protective Association's (PBPA) plan. Only sworn police retirees may join the PBPA plan. Dental and vision plans are available to all retirees.

---

**OPEB – Other Post-  
Employment Benefits**

**Other Post-Employment Benefits (OPEB) Liability:** The Government Accounting Standards Board (GASB) requires public sector employers to calculate and report their liability for OPEB, including retiree health care. Retirees pay 100% of the blended rates for their insurance; however, this creates an implicit subsidy as described below.

**Implicit Subsidy:** Under Illinois law (215 ILCS 5/367f, 215 ILCS 5/367g and 215 ILCS 5/367j within Article XX), municipal retirees must have the same full premiums as active employees. Thus, the premiums for active employees and retirees are developed by blending the experience of the two groups. Premiums are calculated by actuaries at the various health plans. The premiums that result when the retiree costs are blended with the active employee costs are higher than would be expected for the active employees alone. Since municipalities, like most other employers, contribute toward the cost of their active employee health insurance, the municipality ends up incurring additional expense for their active employees due to the overall increased costs resulting from the retiree costs. This additional employer cost is known as an “**implied subsidy**” and must be reported by the City as a liability. Hence, even though a retiree pays the full premium as calculated under Illinois law, the City still retains a liability for retiree health insurance. The liability for retiree health insurance is also known as “Other Post-Employment Benefits” (OPEB) liability under General Accounting Standards Board (GASB) regulations.

**OPEB (retiree health, dental and vision plan) costs per actuarial studies.**

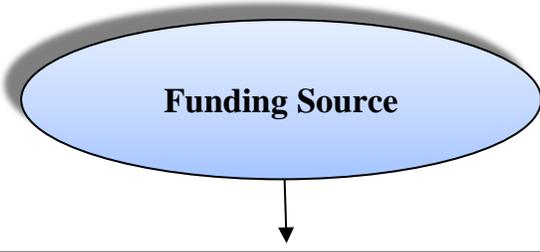

Year Ended	Employer Contributions	Annual Required Contribution (ARC)	% of ARC Contributed

Retirees or widowed retiree spouses	19.3%	19.2%
<b>Total</b>	<b>100%</b>	<b>100%</b>

**Health Plan  
Participation**

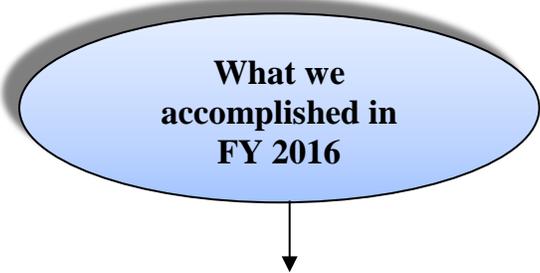

- 
- We will evaluate and implement plan changes and other administrative requirements stemming from the Patient Protection and Affordable Care Act (Health Care Reform). Retirees with health insurance through the City must receive an IRS 1095 form in January 2016. The City has contracted with Sikich to assist in preparing these forms.
  - Implementation of the City’s ERP system will continue, which will dramatically streamline the administration of employee and retiree benefits.
  - Ongoing analyses will continue to insure that benefits are being provided in a cost-effective manner. Staff is monitoring the savings resulting from the Benistar plan offered to Medicare eligible employees beginning in August 2015. This plan maintains excellent benefits for retirees, costs retirees one third less than before and is anticipated to save the City \$100,000 in the first 12 months.
  - Plan administration procedures will be constantly monitored for fiscal control.
-

## Funding Source

---

- Retirees contribute 100% of the premiums for health, dental and vision coverage.
  - Certain amounts are charged back to departmental budgets. Additional funding is also provided through transfers from the General Fund and the Employee Health Insurance Fund.
- 

## What we accomplished in FY 2016

---

In August 2015 Medicare eligible retirees were moved into the Benistar Medicare supplement, a fully insured plan. Staff anticipates this change will save the City at least \$100,000 in the first 12 month and benefit the City's OPEB costs. Retirees had the ability to opt out of the new plan but very few did. The plan has a broader network than the City's PPO plan, benefits which are just as good and costs retirees one-third less than their other City options.

Even though retirees pay 100% of the blended premium rates (see discussion above under Other Post-Employment Benefits, Implicit Subsidy), their premiums don't always cover the cost of their medical care, especially prescription drugs, and this difference used to be covered by the City and active employee premiums. The retirees are now truly paying 100% of their plan expenses. Under the Benistar program Medicare eligible retirees are enrolled in Medicare Part D for their prescription benefits.

- 
- **The continual rise in health care costs** – Despite aggressive negotiations by A.J. Gallagher with Blue Cross and Health Alliance overall health insurance costs continue to rise. Staff anticipates reviewing options to “bend the insurance cost curve” through plan redesign for the 2017 plan year.
  - **Affordable Care Act: Potential excise tax** -- The provision of the Affordable Care Act which in 2018 requires the payment of 40% excise tax on high cost health plans could also impact the City. The City’s plans are in jeopardy of falling into the high cost health plan category depending on the rate of increase experienced by these plans over the next few years and whether the plans’ expenses can be controlled by other means. The City is actively exploring options to avoid or minimize this tax.

# FIDUCIARY FUNDS

## FIDUCIARY FUNDS

72102100 John M. Scott Health Care Fund

# John M. Scott Health Resources Center

7210

**Purpose**  
(Why does this division exist?)

---

Judge John M. Scott was a Justice of the Illinois Supreme Court in the 1880s and a resident of McLean County. He directed his estate to be partially used to assure health care for persons unable to afford it themselves. In 1981, the City of Bloomington became Trustees to \$5.4 million designated for a Health Resources Center. A commission, consisting of representatives from local hospitals, nurses, physicians, dentists, optometrists, the McLean County Health Department, the City of Bloomington Township, Second Presbyterian Church, United Way, and Mid-Central Community Action Inc., was appointed by the Trustees of the Estate.

Funding for all programs and services offered by John M. Scott Health Resources Center comes solely from this trust's investment revenue. The Center is not tax-supported.

Under the conditions of the trust, the Center provides selected health care services for medically indigent persons in McLean County. The scope of services provided may include purchase of care for individuals or grants in aid for community agencies, but will not duplicate or supplant services available through other agencies or payment sources.

Employees and volunteers provide screenings, health care financing, information and referral, health education, transportation, and advocacy. Their efforts help persons access needed health care, prescription medications, nutritious meals, and other services which promote good health.

**The Maternal/Child Health/Cancer Patient Transport Program** provides safe and reliable transportation within Bloomington/Normal for pregnant women, sick children, and cancer patients to medical appointments. All of the drivers are volunteers.

**The Gary S. Johnson Dental Clinic** provides free dental services twice a year through the offices of Doctors Doran, Capodice, Efav and Ocheltree. Local dentists volunteer their services to treat patients, while community volunteers handle the registration process. Volunteers from State Farm Insurance provide interpretation services for Spanish speaking patients.

**Medicare 'Donut Hole' Prescription Assistance** provides help paying for medicines to individuals who have reached maximum coverage for prescription medications.

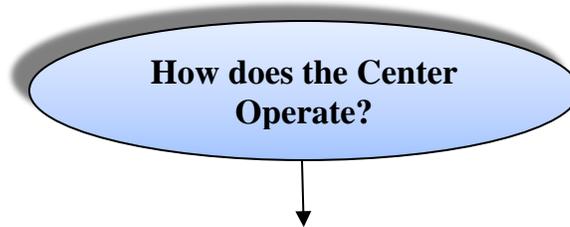

**Prescription Medicine Fund** provides help paying for medicine to individuals with limited income and limited assets.

**Indigent Patient Fund** provides help in help in paying for the following health services when not available through other organizations. There are annual maximum benefits per individual/household and copayments for Dental Services, Physician Services, Medical Equipment & Supplies when ordered by a physician, and Mental Health Medications.

---

**John M. Scott Health Resources Center provides health education, information and referral services to financially needy individuals (below 185% of the poverty level) in McLean County through direct financial assistance to clients and grants in aid to providers of these programs and services.**

---

In 2009, the City of Bloomington (City) and the City of Bloomington Township (COB Township) entered into an Intergovernmental Agreement that allowed for the day-to-day operations of the John M. Scott Health Resource Center (JMSHRC) to be administrated by the Supervisor of the COB Township. It was the determination of the City that the programs and services provided for in the John M. Scott Trust would best be delivered by utilizing the personnel and by the sharing of the same office building of the COB Township. This transition of day-to-day operations enables both agencies, JMSHRC and COB Township to make their services more convenient to their clients and provides services more efficiently and at a lower cost. At the time of the Intergovernmental Agreement, all City employees working for the JMSHRC became employees of the COB Township. The COB Township is reimbursed for all costs incurred for direct operations of the JMSHRC, including the cost of labor. Revenue to cover these expenses comes from investment income earned on the John M. Scott Trust.

The City Council, acting as Trustee for the Estate and as the Board of Trustees of the City of Bloomington Township authorizes the Supervisor of the Township to operate and direct the programs and services, to implement the guidelines, rules and regulations as may be adopted by the City and to authorize the disbursement of funds or contractual services as provided.

Health care program and services of the John M. Scott Trust are determined by the City Council upon recommendation of the John M. Scott Health Care Commission, which serves as the advisory body to the operation of this program. Such programs and services shall be submitted to the Township Supervisor for implementation.

The John M. Scott Health Resources Center (JMSHRC) and the City of Bloomington Township (COBT) Assistance Program are now located in the same building at the Township Center at 607 S. Gridley Street, Bloomington, IL.

---

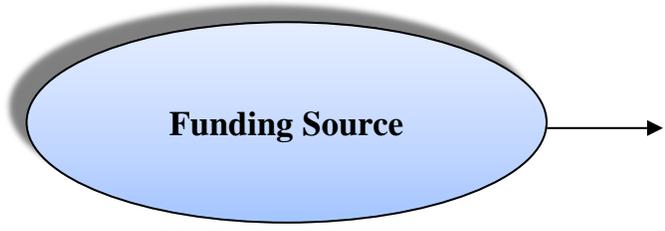

---

The FY 2017 proposed budget reflects a 11.7% decrease in expenditures compared to the FY 2016 budget.

The effect of the Affordable Care Act on potential clients reduced the medical need yet the JMSHRC must still be prepared financially. In addition, the budget decrease reflects the changes in administrative need for FY2017.

---

---

Funding for all programs and services offered by the Center comes solely from investment revenue generated by the John M. Scott Trust.

Budgetary Fund Balance	\$5,645,101	\$5,374,168	\$5,520,140

**FY 2016  
Performance  
Measurements**

The Gary S. Johnson Dental Clinic provided free dental extractions to over 300 McLean County residents during the two dental clinics offered each year.

Volunteer drivers for the Maternal/Child Health/Transport Program have provided more than 300 rides to and from medical appointments in fiscal year 2015.

Volunteer drivers for the Cancer Transport Program have provided 570 rides to and from the Community Cancer Center in fiscal year 2014.

The Center has provided grants to the Community Health Care Clinic, McLean County Center for Human Services, McLean County Health Department Value Vision Program, Center for Youth and Family Services, and Peace Meals in FY 2015. These programs follow the mission of what John M. Scott sought to provide in our community.

The Center authorizes \$200 in dental services, per client, to be used by the McLean County Health Department Adult Dental Clinic.

The Scott Commission and staff continue to explore referral services, collaborative partnerships and direct service providers for McLean County residents in need of health care assistance.

## CITY OF BLOOMINGTON BUDGET GLOSSARY

The Budget contains specialized and technical terminology that is unique to public finance and budgeting. To assist the reader of the Budget document in understanding these terms, a budget glossary has been included in the document.

### \*\*\*A\*\*\*

ACTUAL - The actual figures in the budget document are year-end actual totals for the fiscal year preceding the budget year.

APPROPRIATION - A legal authorization made by the City Council, which permits the City officials to incur obligations and to make expenditures of resources for a specific purpose.

ASSESSED VALUATION - A value established for real or personal property for use as a basis for levying property taxes.

AUDIT - A comprehensive investigation of the manner in which the government's resources were actually utilized. A financial audit is a review of the accounting system and financial information to determine how government funds were spent and whether expenditures were in compliance with the legislative body's appropriations. A performance audit consists of a review of how well the government met its stated goals.

### \*\*\*B\*\*\*

BOND - A written promise to pay a sum of money on a specific date at a specified interest rate. The interest payments and the repayments of the principal are detailed in a bond ordinance. The most common types of bonds are general obligation (G.O.) and revenue (Water/Sewer) bonds. These are most frequently used for construction for large capital projects, such as buildings, streets and bridges.

BUDGET - A financial plan for a specified period of time (fiscal year) that matches all planned revenues and expenditures with various municipal services.

BUDGET AMENDMENT - A legal procedure utilized by the City staff and City Council to revise a budget appropriation. This can be done at any time during the year by action of the City Council.

BUDGET DOCUMENT - The instrument used by the budget-making authority to present a comprehensive financial program to the City Council.

BUDGET ORDINANCE - Ordinance appropriating funds for a specific fiscal year.

BUDGETED FUNDS - Funds that are planned for certain uses but have not been formally or legally appropriated by the legislative body. The budget document that is submitted for Council approval is composed of budgeted funds.

BUDGETARY CONTROL - The control or management of a governmental unit or enterprise in accordance with an approved budget for the purpose of keeping expenditures within the limitations of available appropriations and available revenues.

\*\*\*C\*\*\*

CAPITAL IMPROVEMENT - A nonrecurring project including, but not limited to, construction of, and major alterations, remodeling or repair of physical facilities, buildings, structures, streets and highways, storm and sanitary sewers, fixed equipment and landscaping.

CAPITAL IMPROVEMENT PROGRAM - A plan for capital expenditures to provide long-lasting physical improvements to be incurred over a fixed period of several future years.

CASH ACCOUNTING - A basis of accounting in which transactions are recorded when cash is either received or expended for goods and services.

COMMODITIES - Items that, after use, are consumed or show a material change in, or an appreciable impairment, of their physical condition, and which are generally of limited value and characterized by rapid depreciation.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) - An entitlement grant from the U.S. Department of Housing and Urban Development (HUD) to assist the low and moderate-income persons of the City in targeted neighborhoods.

CONTRACTUAL SERVICES - Services provided by another individual, (not on City payroll) agency, or private firm.

\*\*\*D\*\*\*

DEBT SERVICE - Includes principal and interest payments and handling charges on general obligation bonds, revenue bonds, special assessment bonds and notes.

DEPARTMENT - A major organizational unit of the City which has been assigned overall management responsibility for an operation or a group of related operations within a functional area.

DELINQUENT TAXES - Taxes that remain unpaid on which a penalty for non-payment is attached.

DEPRECIATION - The process of estimating and recording the lost usefulness, expired useful life or diminution of service from a fixed asset that cannot or will not be restored by repair and will be replaced. The cost of the fixed asset's lost usefulness is the depreciation of the cost to reserve in order to replace the item at the end of its useful life.

\*\*\*E\*\*\*

EAP - Employee Assistance Program.

ENCUMBRANCES - These are obligations in the form of purchase orders, general encumbrances or contracts, which are chargeable to an appropriation and for which a part of the appropriation is reserved. The use of encumbrances is designed to prevent overspending and permits officials to be certain of how much money is available for new commitments.

ENTERPRISE FUND - A governmental accounting fund in which the services provided are financed and operated similarly to those of a private business. The rate schedules for these services are established to insure that revenues are adequate to meet all necessary expenditures. Enterprise funds in Bloomington are established for services such as water, sewer, parking, solid waste and golf.

ESTIMATE - Revenue and expenditure estimates for the current fiscal year, which are developed as part of the budget preparation process.

ESTIMATED REVENUE - The amount of projected revenue to be collected during the fiscal year. The amount of revenue appropriated is the amount approved by Council.

EXPENDITURE - This term refers to the outflow of funds paid or to be paid for an asset obtained or goods and services obtained regardless of when the expense is actually paid. This term applies to all funds. (Note: An encumbrance is not expenditure. An encumbrance reserves funds to be expended).

EXPENSES - Charges incurred, whether paid immediately or unpaid, for operation, maintenance, interest and other charges.

\*\*\*F\*\*\*

FHWA – Federal Highway Administration.

FISCAL YEAR - The time period designated by the City signifying the beginning and ending period for recording financial transactions. The City of Bloomington's has a fiscal year of May 1st through April 30th.

FIXED ASSETS - Assets of long-term character, which are intended to continue to be held or used, such as land, buildings, machinery, furniture and other equipment.

FUND - An accounting entity that has a set of self-balancing accounts and that records all financial transactions for specific activities or government functions. Eight commonly used funds in public accounting are: General Fund, Special Revenue Funds, Debt Service Funds, Capital Project Funds, Enterprise Funds, Trust and Agency Funds, Internal Service Funds, and Special Assessment Funds.

FUND BALANCE - The excess of assets over liabilities and is, therefore, also known as surplus funds.

\*\*\*G\*\*\*

GFOA - Government Finance Officers Association.

GENERAL FUND - The largest fund within the City, the General Fund accounts for the majority of the financial resources of the government. General Fund revenues include property taxes, local taxes, licenses and permits, service charges, and other types of revenue. This fund includes most of the basic operating functions such as fire and police protection, finance, inspection, public works, parks and recreation, and general administration.

GENERAL OBLIGATION BONDS (G.O.) - Bonds that finance a variety of public projects such as streets, buildings, and improvements; the repayment of these bonds is usually made from the General Fund, and these bonds are backed by the full faith and credit of the issuing government.

GIS – Geographic Information System

\*\*\*G\*\*\*

GRANT - A contribution by a government or other organization to support a particular function. Grants may be classified as either categorical or block depending upon the amount of discretion allowed the grantee.

\*\*\*H\*\*\*

HOME-RULE MUNICIPALITY - A home-rule unit may exercise any power and perform any function pertaining to its government and affairs including but not limited to the power to regulate for the protection of the public health, safety, morals and welfare; to license; to tax; and to incur debt. The City of Bloomington is a home-rule municipality.

HUD – U.S. Department of Housing and Urban Development.

\*\*\*I\*\*\*

IDOT - Illinois Department of Transportation.

IEPA - Illinois Environmental Protection Agency.

IMRF - Illinois Municipal Retirement Fund. Retirement system established for municipal employees in the State of Illinois.

INFRASTRUCTURE – Any substructure or underlying system like roads, bridges, transportation, and water and sewer lines needed for the functioning of a community.

INTERFUND TRANSFER - Transfers made from one fund to another to reimburse or pay for specific services rendered, or to more generally support the activities of another fund.

INTERGOVERNMENTAL REVENUE - Revenue received from another government for a specified purpose.

INTERNAL SERVICE FUND (ISF) - Funds used to account for the financing of goods or services provided by one department to another department on a cost reimbursement basis.

INVENTORY - A detailed listing of property currently held by the government.

\*\*\*L\*\*\*

LEVY - To impose or collect taxes, special assessments, or service charges for the support of City activities.

LINE-ITEM BUDGET - A budget that lists each expenditure category (salary, materials, telephone service, travel, etc.) separately, along with the dollar amount budgeted for each specified category.

\*\*\*M\*\*\*

MAIN STREET CORRIDOR – The Main Street Corridor is a special planning area that spans approximately 5 miles of State Highway 51. The corridor is bounded on the north by I-55 in Normal and on the south by Veterans Parkway in Bloomington. The planning process is a joint effort between both communities.

MODIFIED ACCRUAL ACCOUNTING - A basis of accounting in which expenditures are accrued but revenues are accounted for on a cash basis. This accounting technique is a combination of cash and accrual accounting since expenditures are immediately incurred as a liability while revenues are not recorded until they are actually received or are “measurable” and available for expenditures. Since this type of accounting basis is a conservative financial approach, it is recommended as the standard for most governmental funds.

\*\*\*O\*\*\*

OPEB – This is an abbreviation for Other Post Employment Benefits. It is used in reference to the City’s health insurance liability associated with providing health insurance benefits to retirees.

OPERATING BUDGET - The portion of the budget that pertains to daily operations that provide basic governmental services. The operating budget contains appropriations for such expenditures as personnel, supplies, utilities, materials, travel and fuel.

OPERATING FUND - A fund restricted to a fiscal budget year.

\*\*\*P\*\*\*

PROPERTY TAX LEVY - A tax based on the assessed value of a property. Tax liability falls on the owner of record as of the appraisal date.

PURCHASE ORDER - A written legal document stating or confirming an offer to buy goods or services, which upon acceptance by a vendor becomes a contract. Its main function is to expedite and control buying by the City.

\*\*\*R\*\*\*

REVENUE - Funds that the government receives as income. It includes such items as tax payments, fees from specific services, receipts from other governments, fines, forfeitures, grants, shared revenues and interest income.

REVENUE BONDS - Bonds usually sold for constructing a project that will produce revenue for the government. The revenue is used to pay the principal and interest of the bond.

RESERVE - An account used to indicate that a portion of a fund's balance is legally restricted for a specific purpose and is, therefore, not available for general appropriation.

\*\*\*S\*\*\*

SPECIAL REVENUE FUNDS - Funds used to account for the proceeds from specific revenue sources (other than trusts or major capital projects) that are legally restricted to expenditures for specific purposes.

SSA BONDS - These are bonds issued for the improvement of a Special Service Area. Businesses residing within this special service area become the source of revenue for repayment of these bonds.

STORMWATER MANAGEMENT – This is a management process that addresses pollution to bodies of open water from storm runoff discharged by larger municipal storm sewer systems and construction sites disturbing the land. The Normal-Bloomington urban area did not meet the population threshold to fall under the Phase I requirements. IEPA regulations address the following minimum control measures:

1. Public education and outreach
2. Public participation and involvement
3. Illicit discharge detection and elimination
4. Construction site runoff control
5. Post construction runoff control
6. Pollution prevention and good housekeeping.

These control measures are implemented by best management practices (BMPs) that were previously developed by communities permitted in Phase I and approved by the USEPA.

\*\*\*T\*\*\*

TIF – Tax Increment Financing

# CAPITAL IMPROVEMENT PROGRAM

## CAPITAL PROJECT SHEETS FROM THE FOLLOWING FUNDS

2030 Motor Fuel Tax  
4010 Capital Improvement  
5010 Water Fund  
5110 Sanitary Sewer  
5310 Storm Water  
5640 Golf  
5710 Coliseum

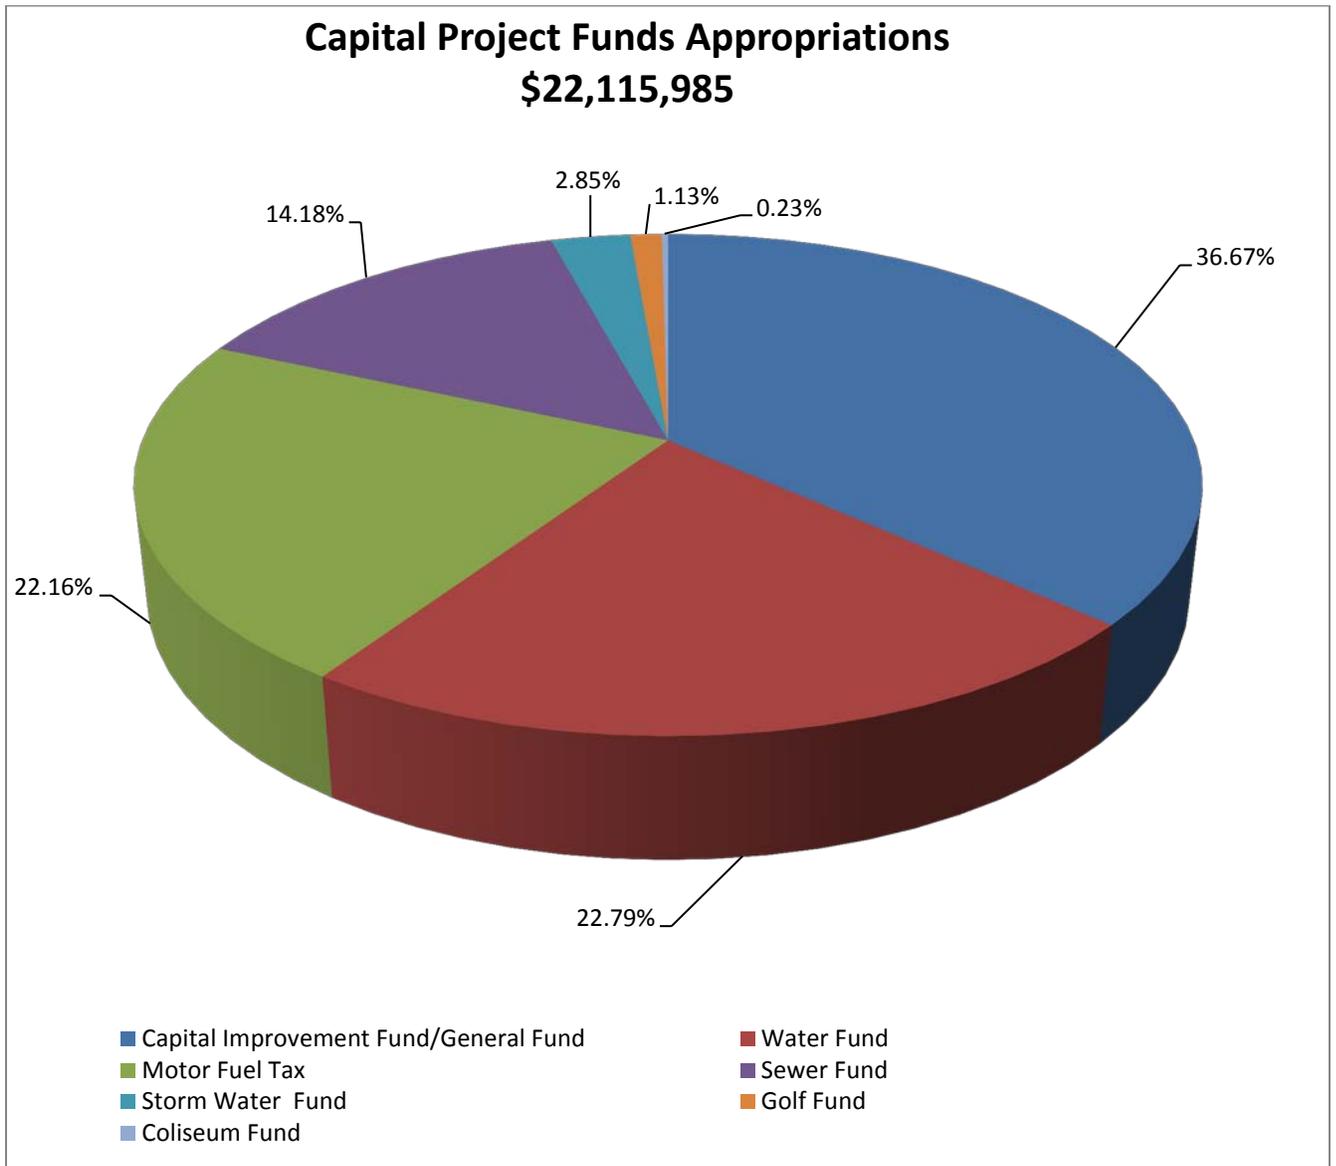

## CAPITAL EXPENDITURES

Capital expenditures may include street resurfacing, water, sewer and storm water lines. These projects are budgeted in the following budgets: Motor Fuel Tax, Park Dedication, Capital Improvement Fund, Water Fund, Sewer Fund, Storm Water Fund, Golf Fund and the Coliseum Fund. The City has a dollar threshold that the service or good must meet to qualify as a capital project. Capital infrastructure thresholds for capital assets vary from \$100,000 for street resurfacing, bridges, detention basins, pump stations, reservoirs, water plants, dams to \$25,000 for sanitary sewers, water mains, easements, sidewalks, bike trails and building improvements.

Capital expenditures include capital assets items: furniture, machinery, equipment and vehicles that have a useful life of one year or more and cost a minimum of \$5,000. These items are budgeted within the individual departments or the Capital Lease, if applicable, and depreciation is calculated annually.

### FY 2017-- Capital Improvement Summary

Proposed in FY 2017 there are seventy-four capital improvement projects which total \$22,115,985. The listing of projects follows this page.

# City of Bloomington, Illinois

## FY 2017 Capital Projects (All Funds)

MOTOR FUEL TAX CAPITAL  
PROJECTS

**FY 2017 -- Capital Improvement Summary  
Motor Fuel Tax Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2017. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Motor Fuel Tax (MFT) Fund**

❖ **Linden Street Bridge & Trail - Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$1,600,000</u>
Total MFT Project	\$1,600,000

❖ **Fox Creek Bridge Land Purchase- Land**

➤ <u>Motor Fuel Tax Fund</u>	
Land	<u>\$40,000</u>
Total MFT Project	\$40,000

❖ **Hershey Road @ Arrowhead Traffic Signals - Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$625,000</u>
Total MFT Project	\$625,000

❖ **Hershey Road @ Clearwater Avenue Traffic Signals - Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$625,000</u>
Total MFT Project	\$625,000

❖ **GE Road @ Keaton Place Traffic Signals - Land & Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Land	\$40,000
Construction	<u>\$500,000</u>
Total MFT Project	\$540,000

❖ **Towanda Avenue @ Vernon Avenue Traffic Signal Upgrade & Northbound Right Turn Lane - Land & Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Land	\$50,000
Construction	<u>\$400,000</u>
Total MFT Project	\$450,000

❖ **Lafayette Street: Main Street to Ash Street - Feasibility Study - Design**

➤ <u>Motor Fuel Tax Fund</u>	
Design	<u>\$120,000</u>
Total MFT Project	\$120,000

❖ **Towanda Barnes Rd @ Ireland Grove Rd Improvement (City share)- Construction**

➤ <u>Motor Fuel Tax Fund</u>	
Construction	<u>\$400,000</u>
Total MFT Project	\$400,000

❖ **Street Lighting Charges - Electricity**

➤ <u>Motor Fuel Tax Fund</u>	
Electricity	<u>\$500,000</u>
Total MFT Project	\$500,000

**Total FY 2017 Cost: \$4,900,000**

<i>PROJECT TITLE</i>		<i>ACCOUNT NUMBER(S)</i>				
Linden St. Bridge Deck Replacement		20300300-72530				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The Linden St. Bridge over Sugar Creek, just north of Emerson St., is 32 years old and showing signs of severe deterioration along the center longitudinal joint. Point deterioration at the drains along the outside edge of the bridge is also evident. The City hired Farnsworth Group to evaluate the bridge and provide a recommended action plan. First, Farnsworth recommended that traffic be moved off the center longitudinal joint until repairs can be made, the City is re-stripping the traffic lanes to keep vehicles off the center joint. Deck replacement is recommended by IDOT standards since deck repair is very near to 60% of the cost to replace.</p>

Fox Creek Road Bridge & Road Improvements: Danbury to Beich Road			20300300-72510, 20300300-72530, 50100120-72540			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This section of Fox Creek Road is currently a two lane rural cross section with shoulders and ditches. This project will reconstruct Fox Creek Road and bridge as four lane urban sections with curb and gutter along with a recreation trail on the north side. Traffic signals and turn lanes will also be installed at Danbury Drive and Beich Road. Pedestrian accomodations will also be constructed on or near the bridge to connect neighborhoods north of Fox Creek Road to Pepperidge Elementary. New storm sewers and water main will also be installed. The project costs will be partially reimbursed from the IL Commerce Commission's Grade Crossing Protection Fund. The construction costs shown below show the total project cost which will be paid up front by the City with reimbursement estimated at \$1,060,000 from the Grade Crossing Protection Fund.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Towanda Avenue @ Vernon Avenue Traffic Signal Upgrade & Northbound Right Turn Lane			20300300-72510, 20300300-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The existing traffic signals at Towanda Avenue and Vernon Avenue were constructed in 1975. They are an older style aluminum mast arm that could fail and should be replaced. Some of the electronics and traffic signal heads have been replaced over the years, but much of the hardware is original and is close to 40 years old which has exceeded its useful life. Traffic has increased significantly over the years and a northbound right turn lane is needed to help facilitate the flow of traffic at peak times. The northbound traffic routinely backs up past Kurt Drive on Towanda Avenue during peak times. This project would upgrade the traffic signals to current standards and add a northbound right turn lane on Towanda Avenue.

Towanda Barnes Rd @ Ireland Grove Rd Intersection Upgrade			20300300-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The intersection of Towanda Barnes Road &amp; Ireland Grove Road is controlled by a Traffic Signal. The existing intersection capacity has been exceeded resulting in traffic backups in the morning and afternoon. McLean County Highway Department hired a consultant to prepare an updated Intersection Design Study (IDS). The new IDS indicates a free flow southbound right turn lane is needed as well as a dual eastbound left turn lanes. Towanda Barnes Road is a McLean County Highway while Ireland Grove Road is a City of Bloomington arterial. The County and City will share the cost of this improvement.</p>

Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

## Public Works Capital Improvement Projects

- ❖ **Multi-Year Street & Alley Resurface Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$3,361,549</u>
Total Capital Project	\$3,361,549
  
- ❖ **Multi-Year ADA Sidewalk Ramp Replacement Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$500,000</u>
Total Capital Project	\$500,000
  
- ❖ **Multi-Year Sidewalk Repair Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$463,070</u>
Total Capital Project	\$463,070
  
- ❖ **Multi-Year Sidewalk Replacement 50-50 Program - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$100,000</u>
Total Capital Project	\$100,000
  
- ❖ **Emergency Multi-Year Street, Alley & Sidewalk Repairs - supported by LMFT & additional .25% portion of the 1% increase of the Home Rule Sales Tax**
  - Capital Improvement Fund

Construction	<u>\$200,000</u>
Total Capital Project	\$200,000
  
- ❖ **FY 2017 Resurfacing-Remaining Portion of 2013 Bond for \$10.0 Million-Street Resurfacing**
  - Capital Improvement Fund

Construction	<u>\$271,715</u>
Total Capital Project	\$271,715

❖ **Harvest Point Subdivision Pavement Oversizing Construction**

➤ Capital Improvement Fund

Construction	<u>\$14,000</u>
Total Capital Project	\$14,000

❖ **Washington Street Realignment: Euclid - Brown - Feasibility Study**

➤ Capital Improvement Fund

Professional Services	<u>\$40,000</u>
Total Capital Project	\$40,000

❖ **The Grove on Kickapoo Creek Subdivision Pavement Oversizing**

➤ Capital Improvement Fund

Construction	<u>\$200,000</u>
Total Capital Project	\$200,000

**Parks Capital Improvement Projects**

❖ **O'Neil Park Aquatic Center & Lincoln Leisure Center Feasibility Study**

➤ Capital Improvement Fund

Professional Services	<u>\$100,000</u>
Total Capital Project	\$100,000

❖ **Miller Park Pavilion & LLC - Replace Smoke and Burglar Alarms**

➤ Capital Improvement Fund

Equipment	<u>\$35,000</u>
Total Capital Project	\$35,000

❖ **Route 66 Trail Normal to Towanda - Construction 2nd Half**

➤ Capital Improvement Fund

Construction	<u>\$45,000</u>
Total Capital Project	\$45,000

❖ **Route 66 Trail Towanda North 2.4 Miles - Design**

➤ Capital Improvement Fund

Design	<u>\$600</u>
Total Capital Project	\$600

❖ **Route 66 Trail Towanda North 2.4 Miles - Construction**

➤ Capital Improvement Fund

Construction	<u>\$44,000</u>
Total Capital Project	\$44,000

❖ **Route 66 Trail Shirley South - Design**

➤ Capital Improvement Fund

Design	<u>\$400</u>
Total Capital Project	\$400

❖ **Route 66 Trail Shirley South - Construction**

➤ Capital Improvement Fund

Construction	<u>\$35,000</u>
Total Capital Project	\$35,000

❖ **Downtown Bike rack & bench project**

➤ Capital Improvement Fund

Equipment	<u>\$25,000</u>
Total Capital Project	\$25,000

❖ **BCPA Tuckpointing and Masonry Repairs**

➤ Capital Improvement Fund

Construction	<u>\$120,000</u>
Total Capital Project	\$120,000

❖ **BCPA Replace Trane Chiller, HVAC, Water Pumps, Carpet, Hot Water Heater**

➤ Capital Improvement Fund

Construction	<u>\$10,150</u>
Total Capital Project	\$10,150

**Total FY 2017 Cost: \$8,110,985**

Capital Improvement		Fire		Eric Vaughn		City Wide	
<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER</i>			
Fire Station #3 Kitchen Renovation				40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
The kitchen at Fire Station #3 is heavily used by five (5) personnel stationed in this building 24/7. The counter-tops and cabinets are made of low grade materials that have not held up under this heavy use. The current materials should be replaced with a stronger commercial grade counter-tops and cabinetry. Some cabinet doors cannot be closed completely due to warping. Refrigerators are located 30' from the actual kitchen.

Fire Station Alerting Systems (HQ, #2, #3, #4, #6, and Dispatch)				40100100-72140			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>Fire Station alerting is the process by which the Dispatch Center notifies stations and personnel of a call for service. Efficient and effective response starts with early notification of personnel on what type of call, where the call is located and the critical response information necessary for personnel to arrive quickly and prepared to control the situation. Technology has made extreme advancements in the ability to get this critical information to personnel at the station through a variety of means. The overall goal of this enhancement is to decrease the response times by providing accurate and timely information to responders. <b>FIREFIGHTER HEALTH, SAFETY AND WELLNESS INITIATIVE-</b> Additional benefit of station alerting is the improved wellness for firefighters. Reduces cardiac stress, anxiety, optical shock and sleep deprivation with ramped tones and zoned alerting, thereby notifying only required stations and/or individual units.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Fire Station #3 Architectural Fees & Renovation			40100100-70050/40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The architectural design and renovation of Fire Station #3 is the first phase in the Bloomington Fire Department's Master Plan (based on the 2012 Five Bugles study) adopted by the Bloomington City Council on November 9, 2015. Station #3 was constructed in 1975 with majority funding by the FAA. The station design included mandated FAA requirements in the reinforced concrete building envelope. The Empire Street site is a good response location. The Five Bugles study indicated that with a phased renovation/building addition process that allows continuous occupancy, Station #3 can be upgraded to a state of the art facility in a cost effective manner. The site will allow two 40'x60' additions; one located in the front of the station and one located in the rear. On site vehicle turning radius, the airport security fence, and building setback requirements reduce available options for building additions to these two areas. The resulting 4800 sq. ft. additions, coupled with a complete renovation of existing interiors, new HVAC, and fire sprinkler system would substantially correct the existing deficiencies listed for kitchen space, building energy usage, staff environment comfort, training space, exercise space, and dormitory/gender equity.</p>

Downtown Wayfinding Signage			40100100-70220			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The City formed a Downtown Signage Committee composed of four city staff and eleven members representing various constituencies in the community. The Committee is tasked with deciding what downtown sites should be highlighted with signage, choosing the style of design, as well as sign size and placement. These recommendations will be made to the City Administration and City Council. This capital project will fund the purchase of equipment and professional and technical support needed.

City Facilities Safety Improvements			40100100-70050, 40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The safety of employees, residents and customers who utilize City Facilities is a high priority. Monitoring, evaluating and implementing various safety measures is an ongoing process which requires considerable funding. Although City staff will be utilized to the extent possible, many of the more innovative safety methods require experts who specialize in this work.</p> <p>With assistance from these experts, safety at City facilities will be evaluated, prioritized and implemented over several years. FY2017 safety improvements will focus on the highest priorities. Improvements will continue in future fiscal years.</p>

Police Administrative Office Window Repairs		40100100-70050, 40100100-72520					
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
<p>Many windows in the Bloomington Police Department Administration Offices leak during storm events and some have damaged panels, frames or other problems. Replacement of a damaged window, repairs to the leaking windows and troubleshooting other windows was performed in FY2016. Additional work is still needed. Additional window issues discovered during the FY2016 evaluation and new leaks that develop need to be addressed. The additional work also involves caulking joints in the entire building. The joints allow expansion and contraction of the windows, doors and other elements of the building and the caulk has deteriorated with age. In addition, evaluation of the stone facade is necessary to determine if it is contributing to the leaks.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Market Street Garage Improvements / Replacement			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The last improvements to the Market Street Parking Garage were completed in 2013. Since that time, minimal maintenance budgets have only provided for minor repairs. Joint repairs, sealants and other miscellaneous repairs are needed. In addition, the lighting in the garage is outdated and consumes considerable energy. Upgrading the existing high pressure sodium lights to LEDs can reduce energy use by nearly 70%. The approximate payback period for the lighting upgrade is about 1 year.</p> <p>The existing garage is past its useful life. The cost to perform repairs necessary to return the facility to good condition exceed the cost for a new facility. A new facility will require planning &amp; design, potential land purchase and actual construction. Additional improvements also include upgrading the gates, controls and related components.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Indoor Firing Range Final Restoration and maintenance, w/bathrooms			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>In lieu of working on restoring the range Lodge at an approximate cost of \$430,000, the police department is proposing adding bathroom(s) at a cost of about \$125,000.00 (estimate) to the indoor firing range to meet the need as currently there is no running water or plumbed facilities available. This figure is in addition to approximately \$75,000 in other final restoration and maintenance costs. Restrooms currently exist only in the lodge which is unusable. <b>PHASE 1</b> - Restoration of HVAC if not accomplished in FY16-\$40,000 (expected to be completed in FY16, or encumbered) <b>PHASE 2</b> - Architectural Services to access the firing range for suitable addition of bathroom(s) either existing space or construction of an addition, to include an evaluation as to whether existing septic system can be used or if a new one will need to be constructed to accommodate along with water supply (\$10,000 estimated). <b>PHASE 3</b> - Bid for construction. <b>PHASE 4</b> - Construction of building, and associated septic and plumbing, electrical as needed, along with installation of drywall and painting as needed to finish overall restoration (\$160,000.00). This alternative is roughly a \$300,000 savings over restoring the lodge.</p>

Resurfacing Program			40100100-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>Annual program that provides for resurfacing and repair of public streets and alleys. The program consists of three components. The first is street &amp; alley patching and repair which is used to fix bad parts of the streets and resurface residential low traffic volume streets. The second is resurfacing major sections of streets. The third is preventative maintenance such as sealing or microsurfacing.</p> <p>It is anticipated that \$3,361,549 of the budgeted amount for the resurfacing program will be funded from the revenue generated by the Local Motor Fuel Tax and additional funding from the .25% of the 1.0 increase of the Home Rule Sales Tax.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Sidewalk Ramp Replacement Program			40100100-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Annual program that provides for replacement of public sidewalk ramps in order to comply with Federal ADA - American with Disabilities Act requirements. Most locations are within the City's annual resurfacing contract. Other locations are determined by citizen request and then by public benefit. A typical ramp replacement costs about \$1,250 which allows replacement of about 400 ramps based on a \$500,000 budget. A typical intersection has 8 ramps which means about 50 intersections are fixed per year. About half of the public sidewalks in Bloomington have been inventoried and rated. When the sidewalk inventory is complete we will know how many ramps need to be built or replaced citywide.

CAPITAL IMPROVEMENTS PROGRAM FY 2017 - FY 2021

<i>FUNDING SOURCE(S)</i>		<i>DEPARTMENT</i>		<i>CITY CONTACT PERSON</i>		<i>WARD</i>	
CAPITAL IMPROVEMENT , GRANTS / OTHER		Public Works - Engineering Division		Kevin Kothe		Citywide	
<i>PROJECT TITLE</i>				<i>ACCOUNT NUMBER(S)</i>			
Sidewalk Replacement 50-50 Program				40100100-72560, Grants-72560			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>							
Annual program that provides for replacement of public sidewalks. The City provides \$50,000 and property owner provide the other \$50,000 if they choose to use the program. For example, if a resident requests their sidewalk be repaired and the total cost if \$3,000, the City would pay for \$1,500 and the resident would pay the other half or \$1,500. The program is voluntary based on first come first served until available money runs out. Low income households may qualify for assistance through CDBG -Community Development Block Grant programs. Most public sidewalks in residential areas are 4 or 5 feet in width and 4 inches thick except at driveways where they are typically 6 inches thick. The cost to replace 4 inch thick sidewalk is about \$7.25 per square foot. Based on this cost about 3000 lineal feet of sidewalk can be replaced based on a \$100,000 budget. With current economic conditions there is existing backlog for the program.

Harvest Point Subdivision Pavement Oversizing			40100100-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
City share of pavement oversizing in Harvest Point Subdivision per Annexation Agreement approved November 15, 2005. The proposed boulevard will serve as a collector street for property located north of the Harvest Pointe development with a planned future connection to G.E. Road shown in the City's current comprehensive plan. The developer is required to pay for a 30' street while the code required width for a collector street is 47'. The proposed work upsizes the road from a 30' street to a 48' boulevard with 2 lanes in each direction and a 10' bike trail. The proposed pavement type is 9.25" full-depth hot mix asphalt with a 13" modified subbase. Phase 1 was completed in FY 2011, but has not yet been approved for reimbursement by staff due to outstanding punchlist items. When the improvements are accepted the City will owe the developer approximately \$13,849.34 for the remainder of the Harvest Pointe Boulevard oversizing costs (\$29,029.65 of the original oversizing cost of \$42,878.99 was offset by sanitary sewer tap-on fees owed for the First Addition ).

Washington Street Realignment: Euclid-Brown			40100100-70050			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This section of Washington Street is currently a two lane section with two "T" intersections at Euclid Avenue and Brown Street. This project will evaluate the feasibility of reconfiguring the intersection of Euclid Avenue and Brown Street. The intersection will be evaluated to determine the best geometric roadway configuration. Potential geometric alternatives include a round-about or reconfigured s-curve alignment with a traffic signal. Potential cross-sections, storm sewer, sanitary sewer, water main, bike trail, sidewalk, traffic signals and other required infrastructure will be evaluated based on costs and need.</p>

The Grove on Kickapoo Creek Subdivision Pavement Oversizing			40100100-72530			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
City share of pavement oversizing in The Grove on Kickapoo Creek Subdivision per Annexation Agreement approved September 26, 2005. City is obligated to pay for oversizing pavements larger than what is required to serve the development, which is typically 30 foot wide. Agreement requires payment within 30 days after receipt of a valid invoice. Phasing schedule and estimated costs are based solely upon information provided by the developer. The schedule for future phases is uncertain.

O'Neil Park Aquatic Center and Lincoln Leisure Center Feasibility Study			40100100-70050			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
O'Neill Pool celebrated its 40th year anniversary in 2015. Aluminum pools have a lifespan of about 25 years. The pool has a number of mechanical and leak issues. Staff are not sure how much longer this pool can be kept operational. It is important for this area of the City to have an outlet for youth. The long-term prospect for this project will completely replace the current pool with a modern day aquatic complex. An aquatic complex could bring more people into west Bloomington due to the easy access off of I-74/I-55. An attraction could see an economic impact for the business owners along Market Street. By expanding the pool current footprint, there may be some needed changes within O'Neill Park. This project will address these concerns including the possibility of relocating the playground closer to Sheridan Elementary School. In addition, the Lincoln Leisure Center needs to be included in the feasibility study. The Center is home to many Recreation and SOAR activities.

Route 66 Bike Trail Construction 2nd Half Normal to Towanda			40100100-72580			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The City of Bloomington has an Intergovernmental Agreement (IGA) from November 1999 with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Construction on Phase I was completed late summer 2010. Phase I: Bloomington to Shirley. Phase II Normal to Towanda. Phase III Shirley to McLean. Phase IV Towanda to Lexington. Phase V Lexington to Chenoa. At the time of the IGA, Bloomington's population was 41.1% of McLean County and agreed to pay 41.1% of costs associated with the project. The total estimated costs (calculated in 1996) for all 5 phases was \$6,087,555. 80% covered by IDOT funding through the Illinois Transportation Enhancement Program (ITEP), 10% by IDNR funding and 10% shared by McLean County and the municipalities in the IGA. Bloomington's estimated total costs (41.1% of the 10%) were determined to be \$249,827 in 1996. Phase I cost for Bloomington is \$150,000. Future costs are unknown at this time and will depend on the timing of each phase. Under the IGA, McLean County is letting the bids on this project. This bike trail is a recreational benefit, a method to offer multi-mode of transportation and an economic development initiative to increase tourist activity throughout the community. Attached map shows this project at Phase II begins at the corner of Shelbourne Drive and Towanda Avenue in Normal and extends to County Highway 29 in Towanda, IL. City Council approved Phase II on August 9, 2010. The City's costs will be billed through McLean County, under the IGA, after completion of the design phase. Project should be completed in 2017.</p>

<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The City of Bloomington has an Intergovernmental Agreement (IGA) from November 1999 with McLean County, Town of Normal and other smaller municipalities within the County on providing funding for the Historic Route 66 Bike Trail project. Construction on Phase I was completed late summer 2010. Phase I: Bloomington to Shirley. Phase II Normal to Towanda. Phase III Shirley to McLean. Phase IV Towanda to Lexington. Phase V Lexington to Chenoa. At the time of the IGA, Bloomington's population was 41.1% of McLean County and agreed to pay 41.1% of costs associated with the project. The total estimated costs (calculated in 1996) for all 5 phases was \$6,087,555. 80% covered by IDOT funding through the Illinois Transportation Enhancement Program (ITEP), 10% by IDNR funding and 10% shared by McLean County and the municipalities in the IGA. Bloomington's estimated total costs (41.1% of the 10%) were determined to be \$249,827 in 1996. Phase I cost for Bloomington is \$150,000. Future costs are unknown at this time and will depend on the timing of each phase. Under the IGA, McLean County is letting the bids on this project. This bike trail is a recreational benefit, a method to offer multi-mode of transportation and an economic development initiative to increase tourist activity throughout the community. Attached map shows this project at Phase II begins at the corner of Shelbourne Drive and Towanda Avenue in Normal and extends to County Highway 29 in Towanda, IL. City Council approved Phase II on August 9, 2010. The City's costs will be billed through McLean County, under the IGA, after completion of the design phase. Completed in 2017.</p>

Tuck-pointing and Sealant			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This item was listed in the Bloomington Facilities Condition Assessment report prepared by Faithful Gould. The projected cost of repairing window and door sealants and tuck-pointing the four elevations has a projected cost of \$260,000. Staff is suggesting we break down the total project and spread the expenditure over four years. This would mean we would complete one elevation each year. In an effort to maintain the interior of the BCPA it is necessary to take care of the envelope as good business practice.

Building Upgrades - HVAC system, Trane Chiller, Water Pumps, Carpet, Hot Water Heater			40100100-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The HVAC system will be upgraded now through 2022 at a cost of \$10,150.00 per year as per council action on 7/28/14. Trane Chiller (FY17) The two Trane chiller units were manufactured in 1992 and installed as used units in the 1990's. These units have a typical life of 20-25 years. The current HVAC system operates as a combined loop system with both heating &amp; cooling being sent through the air handlers to the various spaces to maintain established temperature &amp; humidity levels. In order to maintain comfortable conditions for the artists &amp; patrons, it is prudent on our part to be proactive in replacing these units before they break down. We had to replace two of the pumps in one unit during 2013 at a cost of almost \$18,000. We need to at least maintain or increase by a small percentage the current cooling tonnage. This item was listed in the report prepared by Faithful Gould. The projected cost to replace both units is \$168,000. The budget reflects the replacement on only the unit that was not repaired in 2013 at a projected cost of \$84,000. Water Pumps(FY18) This item was listed in the Faithful Gould report. These pumps should be refurbished as corrosion has stated to appear on the units. The projected cost is \$30,000. Carpet(FY19) This item was in the Faithful Gould report. The projected cost of carpet replacement is \$80,000. The condition of carpets in high traffic areas will start to show wear after 12 years and we anticipate having to replace carpet in the artist dressing rooms, auditorium, two patron lounges and possibly the foyer area to the auditorium. Hot Water Heater (FY20) This water heater was installed on 1/28/2003 and has a projected life of 15 to 20 years. This water heater acts in tandem with a second water heater replaced in 2014 and the unit is needed to keep up with the demand levels when we have patrons, cast &amp; crew using hot water at the same time. The projected cost is \$8,000.</p>

# WATER CAPITAL PROJECTS

**FY 2017 -- Capital Improvement Summary  
Water Improvement Fund**

The list provides a synopsis of the major capital projects planned for the City in FY 2017. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Water Improvement Fund**

❖ **Multi-Year Outside Consultant Civil - Engineering Services**

➤ <u>Water Improvement Fund</u>	
Engineering Services	<u>\$285,000</u>
Total Capital Project	\$285,000

❖ **Multi-Year Compound Meter Upgrades– Design & Construction.**

➤ <u>Water Improvement Fund</u>	
Design	\$20,000
Construction	<u>\$180,000</u>
Total Capital Project	\$200,000

❖ **Multi-Year Reservoir Shoreline / Stream Erosion Control Improvements - Design & Construction.**

➤ <u>Water Improvement Fund</u>	
Design	\$20,000
Construction	<u>\$180,000</u>
Total Capital Project	\$200,000

❖ **SCADA Master Plan - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$300,000</u>
Total Capital Project	\$300,000

❖ **Parkview Drive, Fleetwood, and Mays Drive Water Main - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Replacement of Caulking at Lake Bloomington - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$25,000</u>
Total Capital Project	\$25,000

❖ **WTP Groundwater - Construction**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$2,000,000</u>
Total Capital Project	\$2,000,000

❖ **Cloud from McGregor St to Vale Water Main Replacement - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$25,000</u>
Total Capital Project	\$25,000

❖ **Water Treatment Plant & Lake Evergreen Pump Station Arc Flash Study & Field Implementation**

➤ <u>Water Improvement Fund</u>	
Professional Services	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Division Street Pump Station Improvements - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Water Treatment Plant Recarbonation Bypass - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$25,000</u>
Total Capital Project	\$25,000

❖ **Electrical Conversion of the Evergreen Pump Station - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$75,000</u>
Total Capital Project	\$75,000

❖ **Water Department Infrastructure Master Plan - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$350,000</u>
Total Capital Project	\$350,000

❖ **Old Water Treatment Plant Roof Replacement- Construction**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$250,000</u>
Total Capital Project	\$250,000

❖ **Water Treatment Plant Fill Area Reshaping / Grading - Construction**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$400,000</u>
Total Capital Project	\$400,000

❖ **Natural Gas Main Replacement to Main Process Building - Construction**

➤ <u>Water Improvement Fund</u>	
Construction	<u>\$135,000</u>
Total Capital Project	\$135,000

❖ **Water Treatment Plant Filter Expansion - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$250,000</u>
Total Capital Project	\$250,000

❖ **24" Transmission Main Relocation at Shelbourne Drive (HSR Conflict) - Design & Construction.**

➤ <u>Water Improvement Fund</u>	
Design	\$30,000
Construction	<u>\$300,000</u>
Total Capital Project	\$330,000

❖ **Valley Sewer (Maizefield) CSO Elimination Phase 1 - Design**

➤ <u>Water Improvement Fund</u>	
Design	<u>\$40,000</u>
Total Capital Project	\$40,000

**Total FY 2017 Cost: \$5,040,000**

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Transition to Fire Protectus Meters for our Wholesale Water Customers			50100150-70050, 50100150-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The HP PROTECTUS III S fire service meter is designed for applications where fire service and domestic water supplies are fed by a single line. The HP PROTECTUS III S measures extremely wide flow ranges at 98.5%-101.5% accuracy, registering leaks or unauthorized use of water from fire service lines. These flow ranges will be an improvement as the HP PROTECTUS III also acts as a compound meter and the existing meters in these applications are currently single flow turbine meters. Existing meter vaults will be replaced or retrofitted for proper access to the new meters for regular maintenance and to ensure safety.

Reservoir Shoreline / Stream Erosion Control Improvements		50100130-70050, 50100130-72620				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This ongoing project will continue the shoreline stabilization and stream stabilization work in the reservoirs and the tributary streams feeding them. The longevity of the drinking water reservoirs is extended, water quality is improved and fish and wildlife habitat is enhanced by these projects. Lakeshore erosion studies and stream inventories were undertaken from 2004 to 2007 to quantify sediment contributions and to prioritize restoration work for the identified erosion sites.</p>

SCADA Master Plan Study			50100130-70050, 50100130-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This project will involve a complete assessment of the condition of the assets in the Water Departments Supervisory Control and Data Acquisition (SCADA) system including the Water Treatment Facility, various satellite facilities, and the distribution system including storage tanks, pumping stations and other associated assets. In addition, the master plan will provide for an orderly analysis and ranking of SCADA infrastructure that needs to be repaired, rehabilitated or replaced as well as what SCADA hardware and software needs to be added to the system. The study will provide for some general budgetary costs for the various projects in current dollars. Lastly the project will address the operation and maintenance costs or savings in addressing the various projects.

Replacement of the Water Main on Parkview, Fleetwood, Orleans, Imperial, Mays and Continental Court.			50100120-70050			
			50100120-72540			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The water mains in the Fleetwood Subdivision were constricted in the late 50's. The water mains were made of cast-iron and have mechanical joints at each section of pipe. The water mains in this area have been the site of numerous water main breaks. The Water Department will be working in conjunction with Public Works on a street resurfacing project.

Replacement Caulking for Lake Bloomington Spillway		50100130-70050, 50100130-72620				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will complete the design of replacement caulking between the concrete panels that form the spillway chute for dam on Lake Bloomington. Caulking between the panels ensures the safety of the dam and spillway by preventing high velocity water flow from eroding the soil underneath the spillway chute. The timing for the actual replacement of the caulking is weather and flow dependent, requiring that the reservoir level is below the spillway crest.</p>

WTP Groundwater - Construction		50100130-72590	
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>			
<p>This project, a continuation of design / study effort anticipated to begin in FY 2016, will develop a deep groundwater production well and associated pretreatment and conveyance piping near the Lake Bloomington Water Purification Plant. The groundwater will be conveyed to the treatment plant as a supplemental low nitrate water supply. In addition to reducing the need for ion exchange equipment for nitrate removal, the groundwater will increase the reliable yield of our overall water supply. This effort is a result of a recent Illinois State Water Survey study and subsequent studies indicating the potential to utilize groundwater at the treatment plant.</p>

Water Main Replacement on Cloud from McGregor to Vale Street			50100120-70050			
			50100120-72540			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The water mains in the County Clerks Subdivision were constricted in the late 50's and are undersize. The water main is a 4 inch and is made of cast-iron and the water services between the water main and the curbstop are made of lead. With the new water main replacement the water main will be replaced with ductile iron pipe and the water services will be replaced with cooper. The water mains in this area have been the site of numerous water main breaks. The Water Department will be working in conjunction with Public Works on a street resurfacing project.

WTP & Evergreen Pump Station Arc Flash Study & Field Implementation			50100130 - 70220			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The National Fire Protection Agency (NFPA) 70E Standard for Electrical Safety in the Workplace requires the performance of an arc-flash hazard study in order to identify and specify the level of personal protective equipment required when working in and around arcfash prone equipment. Arc-flash is an instance where the electricity within high voltage power control units can arc from the equipment to an individual and cause injury. High voltage equipment that require arc-flash safety improvements have been identified at various Water Department facilities. This project is anticipated to be the first of several NFPA 70E projects to address the various Water Department facilities. This project will focus on the Lake Evergreen Pump Station and Water Treatment Plant.</p> <p>Services will include identifying arcfash hazards, determining appropriate levels of personal protective equipment required for work performed in the vicinity of energized electrical equipment, installation of required warning labels and recommendations on arc-flash hazard mitigation techniques and programs.</p>

## STANDARD FOR ELECTRICAL SAFETY IN THE WORKPLACE<sup>®</sup>

### OSHA Compliant Arc Flash Warning Label

All hazardous equipment installed or modified after 2002 is required to carry a 4" x 8" ANSI Z535 compliant electrical warning label. NEC 110.16 specifically mentions "switchboards, gene boards, industrial control panels and motor control centers that ... are likely to require examination, adjustment, servicing, or maintenance while energized."

Equipment must be marked in the field, rather than by the equipment manufacturer or installer. Arc flash hazard varies depending on actual operating conditions, including upstream protective devices and voltage. Labeling is the responsibility of the company operating the equipment.

NEC (National Electrical Code) has made three required changes to the Arc Flash Warning Label. These changes became law on November 1st, 2011. The new additions are highlighted in yellow below.

**A.** These durable UV and chemical resistant 3.2 mil laminated vinyl labels include a High-Tack adhesive and rounded corners to prevent peeling. The life span of these labels is 5 years in normal conditions and are capable of withstanding temperatures beyond 165 °F and -30 °F. Sufficient label durability is now a requirement, as of the November 2011 NEC (National Electrical Code) update and ITU's arc flash warning labels more than exceed this requirement.

**B.** Flash Hazard Category - Represents the level of danger depending on the incident energy. Ratings range in number from 0-4. 0 represents little or no risk while 4 signifies greatest risk. For more information about the different arc flash hazard risk categories go to [www.HazardRiskCategories.com](http://www.HazardRiskCategories.com)

**C.** Minimum Arc Rating: Identifies the arc performance of a material or system of materials (PPE) and are expressed in calories per centimeter squared.

**D.** PPE: Identifies the Personal Protective Equipment that MUST be used according to the hazard category rating.

Page 1

### PPE Category Level Chart 2015

1	<p><b>Category 1</b></p> <p>Arc-Rated Clothing, Minimum Arc Rating of 4 cal/cm<sup>2</sup> Arc-rated long-sleeve shirt and pants or arc rated coverall Arc-rated face shield or arc flash suit hood Arc-rated jacket, parka, rainwear, or hard hat liner (AN) Hard hat Safety glasses or safety goggles (SR) Hearing protection (ear canal inserts) Heavy duty leather gloves and leather footwear (AN)</p>
2	<p><b>Category 2</b></p> <p>Arc-Rated Clothing, Minimum Arc Rating of 8 cal/cm<sup>2</sup> Arc-rated long-sleeve shirt and pants or arc rated coverall Arc-rated flash suit hood or arc-rated face shield and arc rated balaclava Arc-rated jacket, parka, rainwear, or hard hat liner (AN) Hard hat Safety glasses or safety goggles (SR) Hearing protection (ear canal inserts) Heavy duty leather gloves and Leather footwear (AN)</p>
3	<p><b>Category 3</b></p> <p>Arc-Rated Clothing Selected so That the System Arc Rating Meets the Required Minimum Arc Rating of 25 cal/cm<sup>2</sup> Arc-rated long-sleeve shirt (AR) and arc rated pants (AR) Arc-rated coverall (AR) and arc-rated flash suit jacket (AR) Arc-rated arc flash suit pants (AR) and arc-rated arc flash suit hood Arc-rated gloves, arc-rated jacket, parka, rainwear, or hard hat liner (AN) Hard Hat, Safety glasses or safety goggles (SR) Hearing protection (ear canal inserts) Leather footwear (AN)</p> 
4	<p><b>Category 4</b></p> <p>Arc-Rated Clothing Selected so That the System Arc Rating Meets the Required Minimum Arc Rating of 40 cal/cm<sup>2</sup> Arc-rated long-sleeve shirt (AR) and arc rated pants (AR) Arc-rated coverall (AR) and arc-rated flash suit jacket (AR) Arc-rated arc flash suit pants (AR) and arc-rated arc flash suit hood Arc-rated gloves, arc-rated jacket, parka, rainwear, or hard hat liner (AN) Hard Hat, Safety glasses or safety goggles (SR) Hearing protection (ear canal inserts) Leather footwear</p> 

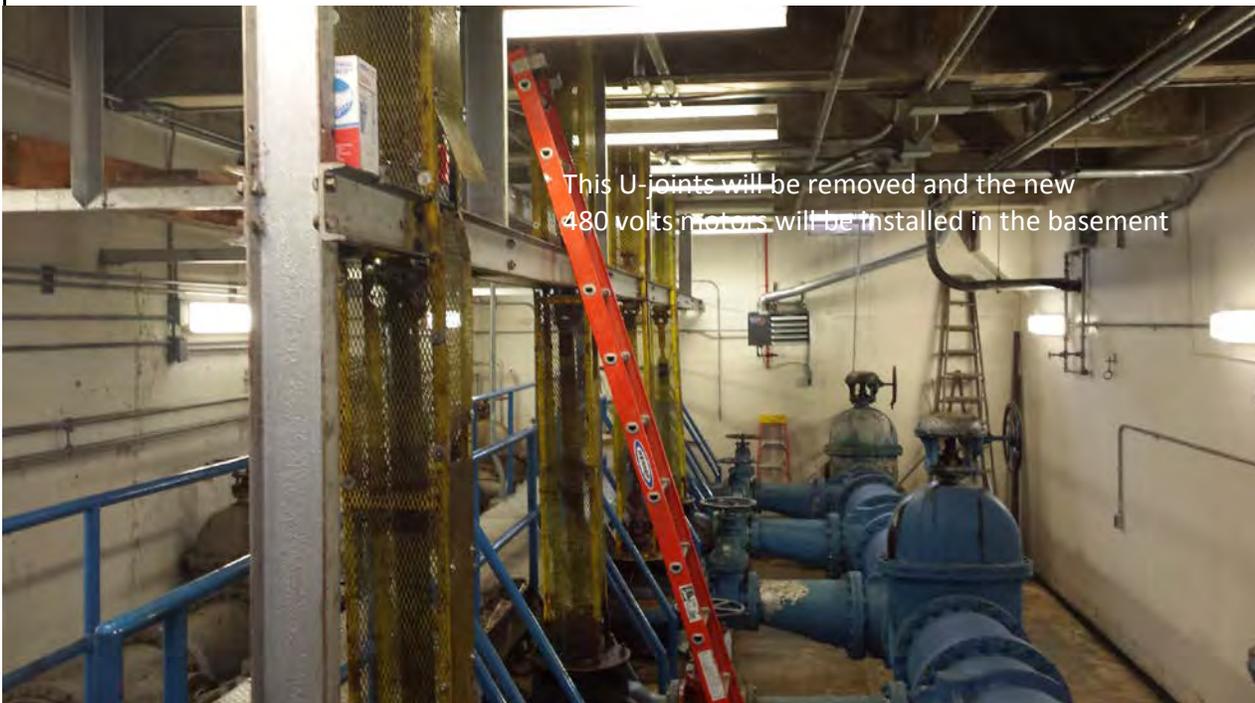

AN: as needed (optional), AR: as required, SR: selection required. NFPA 70E 2015 Table 130.7(C)(15) Personal Protective Equipment (PPE).

Division Pump Station Improvements			50100130-70050, 50100130-72620			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
This project provides for the design of converting the existing 2300 volt electrical distribution systems to 480 volts and provides for the design to upgrade and/or replacement of 2300 volt switchgear and related equipment. This project also includes upgrading the transfer switches for standby generator, upgrading of 30 years old 2300 volt emergency generator, replacement of 2300 volt motor soft starter to 480 volt variable speed drives. The design plans will include replacement of components due to failure, end of useful life, age, inefficiencies and safety concerns. The high voltage motors will be replaced by a 480 volt higher efficiency motors. This replacement will reduce maintenance and will be safer for staff maintaining the facility. In addition the project will provide improvement in the capacity of supplying clean water to the City. The design is scheduled to be completed in FY 2017 with construction to follow in FY 2019.

Water Treatment Plant Recarbonation Bypass		50100130-70050, 50100130-72590				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will design a bypass piping from the clarifiers to the filter influent line at the Water Treatment Plant. Recarbonated clarifier effluent currently flows through recarbonation basins before feeding into the filter influent piping. Currently, the recarbonation basins and associated piping limit the amount of water treatment capacity. The need to include the recarbonation basins in the treatment train was eliminated when we installed high rate recarbonation units. The bypass piping will allow us to reconfigure the existing basins to address deficiencies in our softening residuals and clarifier blowdown storage and conveyance. In addition, the multiple bypass lines can be installed with a minimum of downtime or disruptions of treatment operations.</p>

Water Department Infrastructure Master Plan			50100110-70050			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>A Water Department Infrastructure Master Plan is needed to consolidate and establish the overall state of the water system. Various division or component specific studies have been studies over the past several years. This overall master plan will incorporate these previous studies, complete additional study as required, and provide guidance for future maintenance and operation of the system.</p> <p>The results will be utilized to provide efficient water service, comply with the EPA - Environmental Protection Agency requirements, and provide best management practices. The study will provide a road map for needed maintenance and future improvements (20-year capital improvement plan).</p> <p>In addition, the study will recommend BMP's - Best Management Practices - and the staffing and equipment required. It is also anticipated that this study is needed as an input for a future Water Rate Study.</p>

Water Treatment Plant Annex Building Roof Replacement		50100130-72520	
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>			
<p>This project will replace the deteriorated roof of the Annex Building (aka Old Plant) at the Water Treatment Plant on Lake Bloomington. Temporary repairs in 2015 addressed the immediate problem of extensive leaking of the old roof, but a complete replacement is needed. The building is still a valuable asset for the treatment plant campus, and houses the raw water pumps a filter gallery, laboratory facilities, a welding shop and fabrication / machine shop.</p>

Lake Bloomington Fill Site Grading		50100130-72590				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The area downstream of the Lake Bloomington dam had been in use as a clean construction debris fill site for several years but is now closed to additional fill. This project will replace the grade, reshape, stabilize and revegetate the fill area downstream of the dam at Lake Bloomington. The area was determined to be zoned as residential, precluding the continued use of the site for Lake Parks Maintenance activities. Discussions with McLean County Building and Zoning indicated that consideration for a rezoning petition would be possible after the site is regraded, stabilized and seeded with a permanent vegetative cover. Water Department staff would like to be able to utilize the site for purposes other than fill activities, and the habitat value of the area will also be enhanced by the project.</p>

Water Treatment Plant Natural Gas Main Replacement		50100130-72590	
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>			
<p>This project will replace the failed natural gas main feeding the Main Process Building at the Water Treatment Plant on Lake Bloomington. A leak in the main feeding the Main Process Building developed in January, 2015. In order to maintain gas service to the building, a temporary feed line with protective casing was installed on the ground surface. The temporary feed line needs to be replaced with a permanent, buried gas main with tracer wire and a new, additional gas meter for the main process building. The new gas main will be located on the opposite side of the road of the treatment facilities campus, which will have the added benefit of one less utility line in the already congested campus.</p>

Water Treatment Plant Filter Expansion			50100130-70050, 50100130-72590			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will complete the design and construction of new filters adjacent to the new filter gallery. The new filters will allow for the retirement of the filters at the Annex Building (aka Old Plant). Filtration is an extremely important step in the water purification process, and new filters equipped with gravel-less underdrains and air scour backwash capabilities will assure superior performance and result in lower backwash water demands. The new plant filters currently have maximum filtering capacity of 20 MGD but this is calculated at the highest rate allowed by the IEPA. This is not the ideal operating condition and the normal rate needs to be maintained at a rate lower than this maximum with additional capacity added to meet peak demands.</p>

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Valley Sewer (Maizefield) CSO Elimination by Sewer Separation Study/Design and Phase 1 Construction			50100120-70050/72540, 51101100- 70050/72510/72550, 53103100- 70050/72510/72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Environmental Protection Agency has mandated that Cities pursue programs to eliminate Combined Sewer Overflow (CSO) discharging directly to receiving bodies of water. The City commissioned a study by Foth Infrastructure to consider a relief storm sewer to reduce sewer volume sufficient to close the CSO locations at Maizefield. This study identified storm sewer construction which would allow the closing of the CSO locations but would still impact residents in the area with basement backup at no greater frequency than before the CSO closure. Public Works would like to study full sanitary sewer separation to close the CSO and also improve impacts to resident homes. Results of the study would lead into design of Phase I construction plans.

# SANITARY SEWER PROJECTS

**FY 2017 -- Capital Improvement Summary  
Sanitary Sewer Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2017. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Sewer Improvement Fund**

❖ **Sewer & Manhole Lining Program - Construction (Sewer & Storm Water Master Plan)**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$1,500,000</u>
Total Capital Project	\$1,500,000

❖ **Sanitary CCTV Evaluations – Professional Services (Sewer & Storm Water Master Plan)**

➤ <u>Sewer Improvement Fund</u>	
Professional Services	<u>\$200,000</u>
Total Capital Project	\$200,000

❖ **Olive Street Sanitary Sewer (400 East Block) - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$160,000</u>
Total Capital Project	\$160,000

❖ **Grove Street Sanitary Sewer (400 East Block) - Construction**

➤ <u>Sewer Improvement Fund</u>	
Construction	<u>\$160,000</u>
Total Capital Project	\$160,000

❖ **Broadmoor Sanitary Sewer - Footing Drain Survey/Separation – Professional Services**

➤ <u>Sewer Improvement Fund</u>	
Professional Services	<u>\$125,000</u>
Total Capital Project	\$125,000

❖ **Eagle Crest East Pump Station Improvements – Design & Construction**

➤ Sewer Improvement Fund

Design	\$50,000
Construction	<u>\$250,000</u>
Total Capital Project	\$300,000

❖ **Fell Avenue Pump Station Improvements - Design**

➤ Sewer Improvement Fund

Design	<u>\$20,000</u>
Total Capital Project	\$20,000

❖ **The Grove on Kickapoo Creek Subdivision Sewer Oversizing - Construction**

➤ Sewer Improvement Fund

Construction	<u>\$500,000</u>
Total Capital Project	\$500,000

❖ **Strawberry Road Sewer Improvements - Design**

➤ Sewer Improvement Fund

Design	<u>\$40,000</u>
Total Capital Project	\$40,000

❖ **Sugar Creek Pump Station and Force Main Improvements -Design**

➤ Sewer Improvement Fund

Design	<u>\$50,000</u>
Total Capital Project	\$50,000

❖ **Valley Sewer (Maizefield) CSO Elimination Phase 1 - Design & Land**

➤ Sewer Improvement Fund

Design	\$70,000
Land	<u>\$10,000</u>
Total Capital Project	\$80,000

**Total FY 2017 Cost: \$3,135,000**

<i>PROJECT TITLE</i>		<i>ACCOUNT NUMBER(S)</i>				
Broadmoor Sanitary Sewer - Footing Drain Survey		51101100-70050				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>This project will include surveying approximately 50 homes within the Broadmoor sanitary sewer meter district to estimate the number of homes within the district with footing tiles connected to the sanitary sewer. Illegal footing tile connections contribute to inflow and infiltration problems in the sanitary collection system. The results of the survey will be used to estimate a scope and costs for a future footing tile disconnection program in the Broadmoor area. This project is recommended in the Sanitary Sewer Master Plan.</p>

<i>PROJECT TITLE</i>		<i>ACCOUNT NUMBER(S)</i>				
Eagle Crest East Pump Station Improvements		51101100-70050, 51101100-72530				
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
<p>The Eagle Crest East Pump Station and associated force main was constructed in the mid to late 1990s. The pumps and related components in the station are old and even obsolete. Capacity issues require very quick response time before backups occur. Repair parts are often difficult to obtain. If a pump fails, it often takes about 4 to 6 months for repairs. Failure of multiple pumps or components could result in sewer backup in basements or surface sewage discharge that must reported to the Illinois Environmental Protection Agency. This project involves evaluating the existing lift station and force main, design of new components or systems and construction of the new facilities.</p>

The Grove on Kickapoo Creek Subdivision Sewer Oversizing			51101100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
City share of sanitary sewer oversizing in The Grove on Kickapoo Creek Subdivision per Annexation Agreement approved September 26, 2005. City is obligated to pay for oversizing sewers larger than what is required to serve the development. Agreement requires payment within 30 days after receipt of a valid invoice. Phasing schedule and estimated costs are based solely upon information provided by the developer. The schedule for future phases is uncertain.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Sugar Creek Pump Station and Forcemain Improvements			51101100-70050, 51101100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Sugar Creek Pump Station and associated force main was constructed in the mid to late 1990s. The pumps and related components in the station are old and even obsolete. Repair parts are often difficult to obtain. If a pump fails, it often takes about 4 to 6 months for repairs. Failure of multiple pumps or components could result in sewer backup in basements or surface sewage discharge that must reported to the Illinois Environmental Protection Agency. This project involves evaluating the existing lift station and force main, design of new components or systems and construction of the new facilities.

WATER , SANITARY SEWER , STORM WATER	Public Works - Engineering Division		Greg Kallevig		1 & 4	
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Valley Sewer (Maizefield) CSO Elimination by Sewer Separation Study/Design and Phase 1 Construction			50100120-70050/72540, 51101100- 70050/72510/72550, 53103100- 70050/72510/72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Environmental Protection Agency has mandated that Cities pursue programs to eliminate Combined Sewer Overflow (CSO) discharging directly to receiving bodies of water. The City commissioned a study by Foth Infrastructure to consider a relief storm sewer to reduce sewer volume sufficient to close the CSO locations at Maizefield. This study identified storm sewer construction which would allow the closing of the CSO locations but would still impact residents in the area with basement backup at no greater frequency than before the CSO closure. Public Works would like to study full sanitary sewer separation to close the CSO and also improve impacts to resident homes. Results of the study would lead into design of Phase I construction plans.

# STORM WATER PROJECTS

**FY 2017 -- Capital Improvement Summary  
Storm Water Projects**

The list provides a synopsis of the major capital projects planned for the City in FY 2017. The detailed budget document is provided in the pages that follow this synopsis. This synopsis provides an estimate of the financial impact each project will have on the City's overall operating funds upon the completion of the project.

**Storm Water Improvement Fund**

❖ **Farm Bureau Detention Basin Improvements - Design & Construction**

➤ <u>Storm Water Improvement Fund</u>	
Design	\$50,000
Construction	<u>\$500,000</u>
Total Capital Project	\$550,000

❖ **Valley Sewer (Maizefield) CSO Elimination Phase 1 - Design & Land**

➤ <u>Storm Water Improvement Fund</u>	
Design	\$70,000
Land	<u>\$10,000</u>
Total Capital Project	\$80,000

**Total FY 2017 Cost: \$630,000**

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER(S)</i>			
Farm Bureau Detention Basin Improvements			53103100-70050, 53103100-72550			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
The Farm Bureau Detention Basin pump station was constructed in the late 1980s. The pumps and related components in the station are old and parts are difficult to obtain. Two of the three pumps are currently inoperable. Operating this basin with only one working pump may lead to flooding of commercial property. This project involves evaluating the existing lift station and discharge sewers, design of new components or systems and construction of the new facilities.

<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Prairie Vista Cart Path Resurfacing			40100100-72570			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
Asphalt cart paths have not been resurfaced for twenty years and have many failures throughout the 5.3 miles of surfacing causing unnecessary wear and tear on our golf carts. Sixty four new golf carts were purchased in FY2012 and the life expectancy of those carts will be deeply compromised by our current cart paths if not resurfaced. While the \$250k is not expected to completely resurface the entire span of cart paths, golf staff will work, with consultation from the Public Works department, to implement alternative processes to fix the areas that are accelerating the depreciation of our golf cart fleet.

Capital Improvement	Coliseum		Russ Waller		6	
<i>PROJECT TITLE</i>			<i>ACCOUNT NUMBER</i>			
Smoke Control System Improvements			57107110-72520			
<i>PROJECT DESCRIPTION/JUSTIFICATION</i>						
In early 2014 a consultant was commissioned to investigate the collapse of an interior storefront partition during a routine smoke control test. Remediation work was implemented to address significant pressure differentials that were affecting the safe operation of egress doors in the building. While this remediation work placed the system in a safe operational mode, there remain a number of improvements that need to be implemented to bring the smoke exhaust systems into compliance with the original design intent of the building. The design of these additional improvements is currently being completed. This work includes construction of the system modifications, testing, balancing and commissioning by local authorities.

# CAPITAL IMPROVEMENT PROGRAM- FUTURE YEARS

## CAPITAL PROJECT SHEETS FROM THE FOLLOWING FUNDS

2030 Motor Fuel Tax  
4010 Capital Improvement  
5010 Water Fund  
5110 Sanitary Sewer  
5310 Storm Water  
5640 Golf Courses  
5710 Coliseum

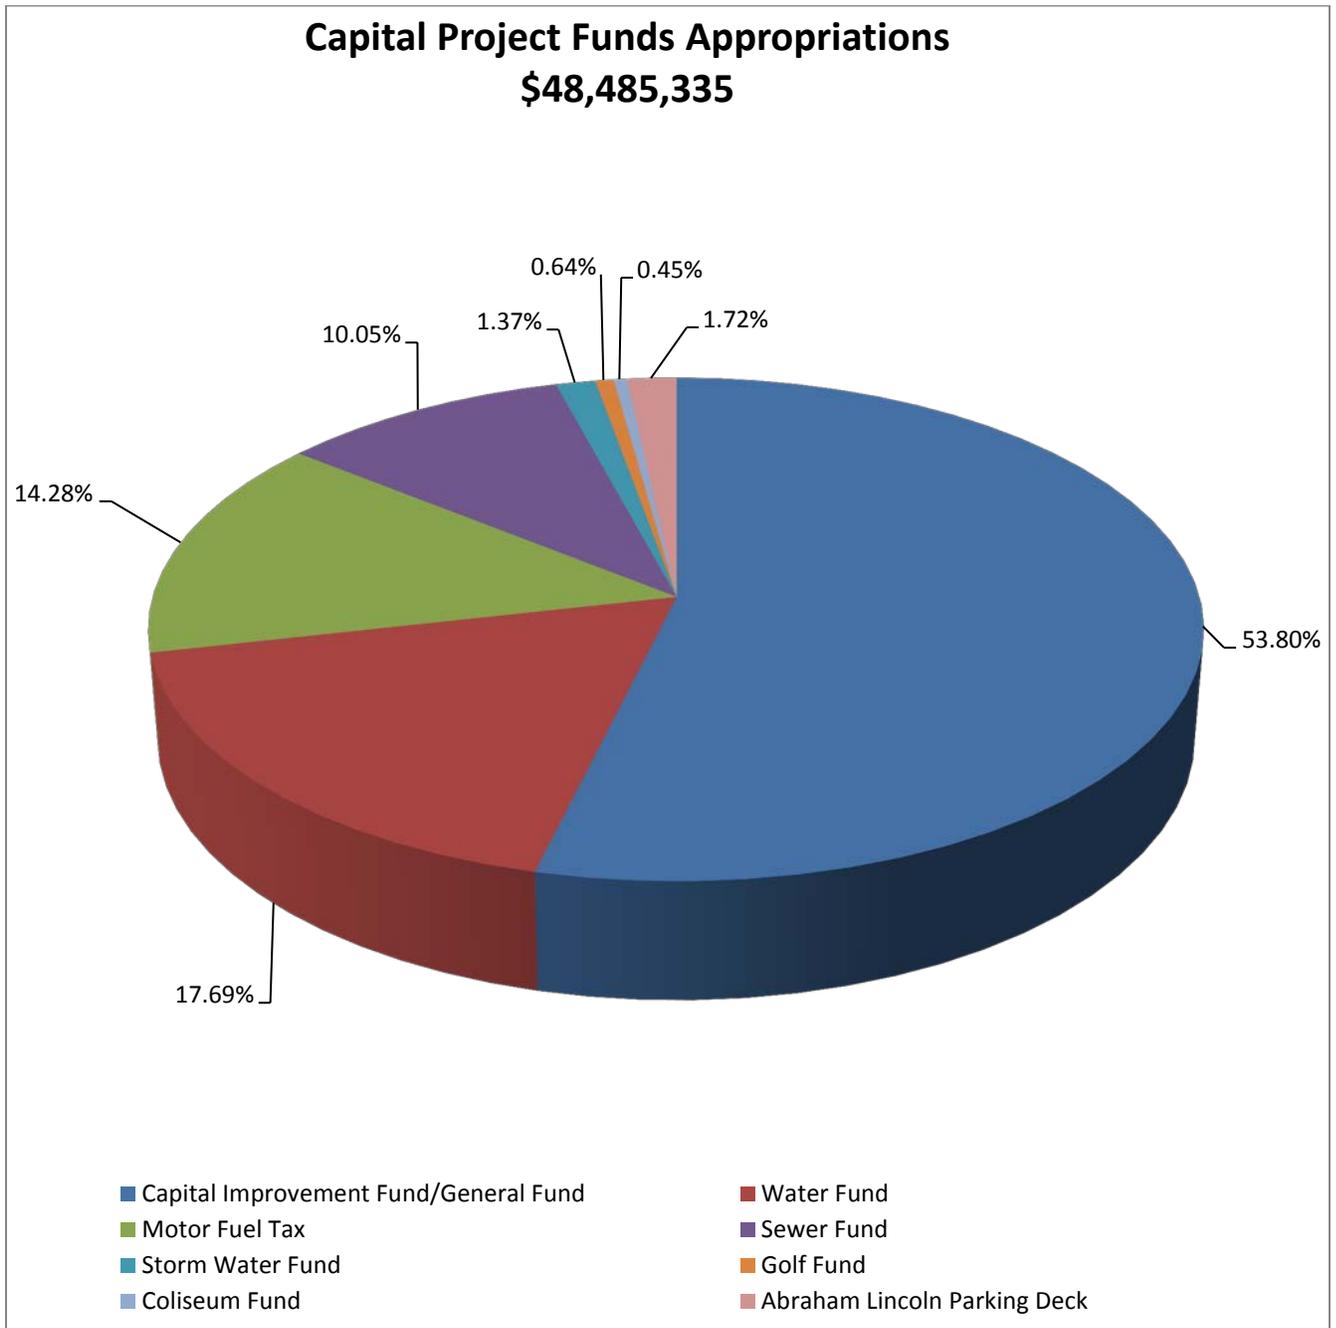

## CAPITAL EXPENDITURES

Capital expenditures may include street resurfacing, water, sewer and storm water lines. These projects are budgeted in the following budgets: Motor Fuel Tax, Park Dedication, Capital Improvement Fund, Water Fund, Sewer Fund, Storm Water Fund, Golf Fund and the Coliseum Fund. The City has a dollar threshold that the service or good must meet to qualify as a capital project. Capital infrastructure thresholds for capital assets vary from \$100,000 for street resurfacing, bridges, detention basins, pump stations, reservoirs, water plants, dams to \$25,000 for sanitary sewers, water mains, easements, sidewalks, bike trails and building improvements.

Capital expenditures include capital assets items: furniture, machinery, equipment and vehicles that have a useful life of one year or more and cost a minimum of \$5,000. These items are budgeted within the individual departments or the Capital Lease, if applicable, and depreciation is calculated annually.

## FY 2018-- Capital Improvement Summary

Proposed in FY 2018 there are ninety-five capital improvement projects which total \$48,485,335. The listing of projects follows this page.

### FY 2019-- Capital Improvement Summary

Proposed in FY 2019 there are seventy capital improvement projects which total \$29,756,008. The listing of projects follows this page.

# City of Bloomington, Illinois

## FY 2019 Capital Projects (All Funds)

Recommended Funding Sources

Motor Fuel Tax	Proposed FY 2019	Type	General Fund	Fund Balance	Tax (MFT), Local MFT & .25% portion of HR Sales Tax Increase	Gasoline/Diesel	Borrowing/Bonds	Grants/Private Funding	Charges for Services
Fort Jesse Road Reconstruction (Towanda Barnes - Kainier)	\$ 1,400,000	Non-Recurring	\$ -	\$ -	\$ -	1,400,000	\$ -	\$ -	\$ -
Brianwood Subdivision Infrastructure Rehabilitation Land	\$ 85,000	Non-Recurring	\$ -	\$ -	\$ -	85,000	\$ -	\$ -	\$ -
Airport Road @ Fort Jesse Traffic Signals	\$ 505,000	Non-Recurring	\$ -	\$ -	\$ -	505,000	\$ -	\$ -	\$ -
Hershey Road @ Fort Jesse Traffic Signals	\$ 480,000	Non-Recurring	\$ -	\$ -	\$ -	480,000	\$ -	\$ -	\$ -
Hamilton Road Phase II Design (Bunn - Commerce)	\$ 1,000,000	Non-Recurring	\$ -	\$ -	\$ -	1,000,000	\$ -	\$ -	\$ -
Street Lighting Charges	\$ 500,000	Recurring	\$ -	\$ -	\$ -	500,000	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 3,970,000</b>		<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>3,970,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Capital Improvement Fund/General Fund</b>									
<b>Fire Capital Improvement Projects</b>									
Fire Station #4 Architectural Fees (Five Bugles Report)	\$ 220,000	Non-Recurring	\$ 220,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Facilities Capital Improvement Projects</b>									
City Hall - Faithful & Gould Improvements	\$ 224,960	Non-Recurring	\$ 224,960	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Records Storage - Safety Improvements	\$ 48,000	Non-Recurring	\$ 48,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Records Storage - Faithful & Gould Improvements	\$ 8,000	Non-Recurring	\$ 8,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Police Administration - Faithful & Gould Improvements	\$ 111,375	Non-Recurring	\$ 111,375	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Garage - Faithful & Gould Improvements	\$ 22,650	Non-Recurring	\$ 22,650	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Fleet - Faithful & Gould Improvements	\$ 10,050	Non-Recurring	\$ 10,050	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Salt Dome - Faithful & Gould Improvements	\$ 31,788	Non-Recurring	\$ 31,788	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Old Engineering - Safety Improvements	\$ 40,000	Non-Recurring	\$ 40,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Old Engineering - Faithful & Gould Improvements	\$ 56,350	Non-Recurring	\$ 56,350	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Parking Capital Improvement Projects</b>									
Peppi Ice Center Garage Improvements	\$ 463,400	Non-Recurring	\$ 463,400	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Major Butler Parking Lot Improvements	\$ 20,000	Non-Recurring	\$ 20,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Parks Capital Improvement Projects</b>									
BCPA Tuckpointing and Masonry Repairs	\$ 65,000	Non-Recurring	\$ 65,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
BCPA Replace Trane Chiller, HVAC, Water Pumps, Carpet, Hot Water Heater	\$ 30,000	Non-Recurring	\$ 30,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
BCPA Upgrade Fly Sys, Auditorium Spkrs, Monitor Sound Brd & LED Fly Sys	\$ 7,000	Non-Recurring	\$ 7,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Anteatery/Galapagos/Bush Dog Exhibits-40% Paid by Miller Park Zoological Society	\$ 450,000	Non-Recurring	\$ 270,000	\$ -	\$ -	\$ -	\$ -	\$ 180,000	\$ -
Miller Park Elevator	\$ 325,000	Non-Recurring	\$ 325,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Public Works Capital Improvement Projects</b>									
Miller Park Road Resurfacing, Curb & Gutter	\$ 1,000,000	Non-Recurring	\$ 1,000,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Multi-Year Street & Alley Resurface Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 3,627,833	Recurring	\$ -	\$ -	\$ -	3,627,833	\$ -	\$ -	\$ -
Emergency Multi-Year Street, Alley & Sidewalk Repairs (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 200,000	Recurring	\$ -	\$ -	\$ -	200,000	\$ -	\$ -	\$ -
Multi-Year Sidewalk Repair Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 55,000	Non-Recurring	\$ 55,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Multi-Year ADA Sidewalk Ramp Replacement Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 500,000	Recurring	\$ -	\$ -	\$ -	500,000	\$ -	\$ -	\$ -
Multi-Year Sidewalk Repair Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 499,602	Recurring	\$ -	\$ -	\$ -	499,602	\$ -	\$ -	\$ -
Multi-Year Sidewalk Replacement 50-50 Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 100,000	Recurring	\$ -	\$ -	\$ -	50,000	\$ -	\$ 50,000	\$ -
Wittenberg Woods Park-50% Funded by OSLAD Grant	\$ 800,000	Non-Recurring	\$ 400,000	\$ -	\$ -	\$ -	\$ -	\$ 400,000	\$ -
Trail Croxton to Lafayette	\$ 1,000,000	Non-Recurring	\$ 1,000,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Oakland School Park Playground	\$ 75,000	Non-Recurring	\$ 75,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Trail Hershey Road East Through Brookridge	\$ 750,000	Non-Recurring	\$ 750,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -

Enterprise Fund(s) Water Fund	Proposed FY 2020	Type	General Fund	Fund Balance	Tax (MFT), Local MFT & .25% portion of HR Sales Tax Increase	Gasoline/Diesel Tax (MFT), Local MFT & .25% portion of HR Sales Tax Increase	Borrowing/ Bonds	Grants/ Private Funding	Charges for Services	
<b>Public Works Capital Improvement Projects</b>										
Multi-Year Street & Alley Resurface Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 3,657,959	Recurring	\$ -	\$ -	\$ -	3,657,959	\$ -	\$ -	\$ -	\$ -
Multi-Year ADA Sidewalk Ramp Replacement Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 500,000	Recurring	\$ -	\$ -	\$ -	500,000	\$ -	\$ -	\$ -	\$ -
Multi-Year Sidewalk Repair Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 494,250	Non-Recurring	\$ -	\$ -	\$ -	494,250	\$ -	\$ -	\$ -	\$ -
Multi-Year Sidewalk Replacement 50-50 Program (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 100,000	Recurring	\$ -	\$ -	\$ -	50,000	\$ -	\$ 50,000	\$ -	\$ -
Emergency Multi-Year Street, Alley & Sidewalk Repairs (\$2.4M supported by LMFT & \$2,404,573.62 additional projected of .25% portion of the 1% increase of the Home Rule Sales Tax effective January 1, 2016.)	\$ 200,000	Recurring	\$ -	\$ -	\$ -	200,000	\$ -	\$ -	\$ -	\$ -
Multi-Year Downtown Street Light Design / Construction	\$ 375,000	Recurring	\$ 375,000	\$ -	\$ -	-	\$ -	\$ -	\$ -	\$ -
FY 2020 The Grove on Kickapoo Creek Subdivision Pavement Oversizing	\$ 570,000	Non-Recurring	\$ 570,000	\$ -	\$ -	-	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 36,561,030</b>		<b>\$ 31,168,821</b>	<b>\$ -</b>	<b>\$ -</b>	<b>4,902,209</b>	<b>\$ -</b>	<b>\$ 490,000</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Enterprise Fund(s)</b>										
<b>Water Fund</b>										
Multi-Year Outside Consultant Civil Engineering Services	\$ 285,000	Recurring	\$ -	\$ 285,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Multi-Year Compound Meter Upgrades	\$ 200,000	Recurring	\$ -	\$ 200,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Multi-Year Reservoir Shoreline / Stream Erosion Control Improvements	\$ 200,000	Recurring	\$ -	\$ 200,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Gridley Street Water Main Replacement - Design	\$ 25,000	Non-Recurring	\$ -	\$ 25,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Electrical & Building Improvements at the Water Treatment Plant - Design	\$ 200,000	Non-Recurring	\$ -	\$ 200,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Cast Iron Transmission Main Lining Project - Construction	\$ 2,000,000	Non-Recurring	\$ -	\$ 2,000,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
WTP Emergency Ion Exchange - Construction	\$ 1,500,000	Non-Recurring	\$ -	\$ 1,500,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Lake Bloomington Sewerization - Land (See Note No. 1)	\$ 500,000	Non-Recurring	\$ -	\$ 500,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Southwest Well Field Groundwater Development- Aquifer / Creek Connectivity and Water Quality Evaluation	\$ 2,000,000	Non-Recurring	\$ -	\$ 2,000,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Northeast Tank Modifications - Study / Design	\$ 125,000	Non-Recurring	\$ -	\$ 125,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 7,035,000</b>		<b>\$ -</b>	<b>\$ 7,035,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Sewer Fund</b>										
Multi-Year Sewer & Manhole Lining Program (Sewer & Storm Water Master Plan)	\$ 2,500,000	Recurring	\$ -	\$ 2,500,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Multi-Year Sanitary CCTV Evaluations	\$ 500,000	Recurring	\$ -	\$ 500,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Locust Colton CSO Elimination & Water Main Replacement - Phase 3 - Construction	\$ 900,000	Non-recurring	\$ -	\$ 900,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Locust Colton CSO Elimination & Water Main Replacement - Phase 3 - Construction - ineligible expenses for loan	\$ 80,000	Non-recurring	\$ -	\$ 80,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Pump Station Control Upgrades	\$ 425,000	Non-recurring	\$ -	\$ 425,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Wet Weather Storage Project (10 MG Tank)	\$ 200,000	Non-recurring	\$ -	\$ 200,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Locust/Colton - Remaining Sewer Separation Projects (primarily sanitary sewer costs)	\$ 100,000	Non-recurring	\$ -	\$ 100,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
ESRI/GIS/CCTV/MUNIS Tool Upgrades	\$ 50,000	Recurring	\$ -	\$ 50,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Manhole Inspection Program (Ongoing)	\$ 90,000	Recurring	\$ -	\$ 90,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
Install Public Sanitary Sewer in Streets With No Public Sewer	\$ 250,000	Recurring	\$ -	\$ 250,000	\$ -	-	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 5,095,000</b>		<b>\$ -</b>	<b>\$ 5,095,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>

## FY 2020 Capital Projects (All Funds)

Recommended Funding Sources										
	Proposed FY 2020	Type	General Fund	Fund Balance	Tax (MFT), Local MFT & .25% portion of HR Sales Tax Increase	Borrowing/ Bonds	Grants/ Private Funding	Charges for Services	Gasoline/Diesel	
<b>Storm Water Fund</b>										
Locust Colton CSO Elimination & Water Main Replacement - Phase 3 - Construction	\$ 1,185,000	Non-Recurring	\$ -	\$ 1,185,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Locust Colton CSO Elimination & Water Main Replacement - Phase 3 - Construction - ineligible expenses for loan	\$ 80,000	Non-Recurring	\$ -	\$ 80,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
McKay Dr Storm Sewer & Drainage Way Improvements Design	\$ 40,000	Non-Recurring	\$ -	\$ 40,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Pond Inspection and Maintenance Program (Public and Private Bonds)	\$ 500,000	Non-Recurring	\$ -	\$ 500,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Floodplain/Floodway Encroachment Program	\$ 187,500	Non-Recurring	\$ -	\$ 187,500	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Detention Pond Retrofits	\$ 285,000	Non-Recurring	\$ -	\$ 285,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Streambank Stabilization (Planning Areas 4, 7, and 8)	\$ 370,000	Non-Recurring	\$ -	\$ 370,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Sewer Separation Projects	\$ 200,000	Non-Recurring	\$ -	\$ 200,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Regional Stormwater Detention Facilities (Ponds 1 and 2)	\$ 300,000	Non-Recurring	\$ -	\$ 300,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 3,147,500</b>		<b>\$ -</b>	<b>\$ 3,147,500</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Abraham Lincoln Parking Deck Fund</b>										
Abraham Lincoln Garage Improvements	\$ 332,880	Non-Recurring	\$ -	\$ 332,880	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 332,880</b>		<b>\$ -</b>	<b>\$ 332,880</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Golf Fund</b>										
Highland Park Irrigation System	\$ 750,000	Non-Recurring	\$ -	\$ 750,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
Highland Park Maintenance Shed	\$ 350,000	Non-Recurring	\$ -	\$ 350,000	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 1,100,000</b>		<b>\$ -</b>	<b>\$ 1,100,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Coliseum</b>										
Upgrade Refrigeration in HVAC Units (year 2 of 3)	\$ 50,000	Recurring	\$ -	\$ -	\$ -	\$ 50,000	\$ -	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 50,000</b>		<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ 50,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>
<b>Total:</b>	<b>\$ 68,536,410</b>		<b>\$ 31,168,821</b>	<b>\$ 16,710,380</b>	<b>\$ 20,117,209</b>	<b>\$ 50,000</b>	<b>\$ 490,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>

### FY 2021-- Capital Improvement Summary

Proposed in FY 2021 there are forty-five capital improvement projects which total \$24,729,471. The listing of projects follows this page.

# City of Bloomington, Illinois

## FY 2021 Capital Projects (All Funds)

Recommended Funding Sources

	Proposed FY 2021	Type	General Fund	Fund Balance	Gasoline/Diesel Tax (MFT), Local MFT & .25% portion of HR Sales Tax Increase	Borrowing/ Bonds	Grants/ Private Funding	Charges for Services
<b>Motor Fuel Tax</b>								
Streid Drive @ Ireland Grove Road Traffic Signals	\$ 500,000	Non-Recurring	\$ -	\$ -	\$ 500,000	\$ -	\$ -	\$ -
Cottage Bridge Replacement	\$ 750,000	Non-Recurring	\$ -	\$ -	\$ 750,000	\$ -	\$ -	\$ -
Street Lighting Charges	\$ 500,000	Recurring	\$ -	\$ -	\$ 500,000	\$ -	\$ -	\$ -
<b>Sub-Total:</b>	<b>\$ 1,750,000</b>		<b>\$ -</b>	<b>\$ -</b>	<b>\$ 1,750,000</b>	<b>\$ -</b>	<b>\$ -</b>	<b>\$ -</b>

### Capital Improvement Fund/General Fund

<b>Fire Capital Improvement Projects</b>								
Fire Station #2 Design (Five Bugles Report)	\$ 60,000	Non-Recurring	\$ 60,000	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Facilities Capital Improvement Projects</b>								
City Hall - Faithful & Gould Improvements	\$ 38,000	Non-Recurring	\$ 38,000	\$ -	\$ -	\$ -	\$ -	\$ -
Police Administration - Faithful & Gould Improvements	\$ 340,850	Non-Recurring	\$ 340,850	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Garage - Faithful & Gould Improvements	\$ 30,150	Non-Recurring	\$ 30,150	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Fleet - Safety Improvements	\$ 30,000	Non-Recurring	\$ 30,000	\$ -	\$ -	\$ -	\$ -	\$ -
Public Works Fleet - Faithful & Gould Improvements	\$ 157,840	Non-Recurring	\$ 157,840	\$ -	\$ -	\$ -	\$ -	\$ -
Old Engineering - Faithful & Gould Improvements	\$ 152,400	Non-Recurring	\$ 152,400	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Parking Capital Improvement Projects</b>								
Market Street Garage Improvements	\$ 250,000	Non-Recurring	\$ 250,000	\$ -	\$ -	\$ -	\$ -	\$ -
Major Butler Parking Lot Improvements	\$ 70,000	Non-Recurring	\$ 70,000	\$ -	\$ -	\$ -	\$ -	\$ -
<b>Parks Capital Improvement Projects</b>								
Alton Depot Park Playground	\$ 55,000	Non-Recurring	\$ 55,000	\$ -	\$ -	\$ -	\$ -	\$ -
Westwood Park	\$ 450,000	Non-Recurring	\$ 225,000	\$ -	\$ -	\$ 225,000	\$ -	\$ -
Sugar Creek Park Land Acquisition	\$ 500,000	Non-Recurring	\$ 250,000	\$ -	\$ -	\$ 250,000	\$ -	\$ -
BCPA Replace Trane Chiller, HVAC, Water Pumps, Carpet, Hot Water Heater	\$ 50,000	Non-Recurring	\$ 50,000	\$ -	\$ -	\$ -	\$ -	\$ -
BCPA Upgrade Fly Sys, Auditorium Spkrs, Monitor Sound Brd & LED Fly Sys	\$ 43,000	Non-Recurring	\$ 43,000	\$ -	\$ -	\$ -	\$ -	\$ -
Tayra/Eagle Exhibits-40% Funded by Miller Park Zoological Society	\$ 225,000	Non-Recurring	\$ 135,000	\$ -	\$ -	\$ 90,000	\$ -	\$ -
